

THE AMERICAN
UNIVERSITY IN CAIRO

Graduate School of Education

EDUCATIONAL LEADERSHIP (EDL)

Efficient and effective school leadership and management are the cornerstones of the school as a successful learning community. Professional Educator Diploma in Educational Leadership courses are designed to prepare school principals (K-12), aspiring principals and/or school administrators to face the challenges of the 21st century, improve students' achievement and run schools effectively.

Topics covered in the program include leadership theories and styles, instructional leadership and assessment, management vs. leadership, technology for school management systems, as well as a fieldwork component.
