Why a Liberal Arts Education?

Explore different disciplines; take courses in the humanities, arts and sciences.

Study two fields at the same time.

Learn to be curious, ask questions and challenge the status quo.

Focus on hands-on learning.

Discover your interests through student activities in various areas, from political science and community outreach to theatre and athletics.

Develop into a well-rounded, responsible global citizen.

Gain the skills you need now to land the jobs of the future, such as critical thinking, decision making, leadership and problem solving.

Showcase the value of your student activities outside the classroom with an official cocurricular transcript.

"The person I am today would not be the same without AUC. I'm not only headfirst into computer engineering; I know a lot about marketing, finance, posting on social media and so many other things I wouldn't have gotten to know if I had gone to another university."

Scholarships at AUC

Benefit from AUC's **1,000 scholarship opportunities** for outstanding students.

Over 50% of all students do not pay full tuition.

AUC's competitive **Excellence Scholarship Program** attracts a diverse and talented pool of top students based on merit and need and offers **up to 100%** tuition coverage.

"AUC's AI Ghurair STEM scholarship allowed me to attend the University without putting a financial burden on my family. My goal is to teach biochemistry at a top university, where I can pass on my knowledge, inspire the next generation of students, and make a real impact. The scholarship has brought me so much closer to my goal."

Salma Abou Elhassan'22

Al Ghurair STEM Scholar PhD student in biochemistry at the University of Wisconsin-Madison

Study-Abroad Opportunities and International Exposure Gain international experience studying and living abroad, and have it count toward your degree.

Choose from 200+ partner universities in the United States, England, Portugal, France, Scotland, Italy, Canada, Japan and more for your study-abroad adventure.

Spend a semester or year abroad at Harvard University, University of Notre Dame, Wellesley College, University of Edinburgh, Sciences Po and more.

Be among **AUC's 300+ students** who study abroad each year.

"One of the reasons I chose AUC was the opportunity to study abroad. And AUC's partnership with Sciences Po – one of the most prestigious universities in the world for studying the social sciences – was a huge benefit. My experience taught me that I can do everything and be everything that I want to be."

> Darín Hany '23 Double Major in Political Science and Communication and Media Arts Study Abroad at Sciences Po, France

Career Readiness

Graduate from the University ranked **#56 worldwide** in employment outcomes by QS World University Rankings 2023.

Work for top multinational employers seeking graduates with a global outlook who can think creatively, solve problems and lead organizations.

Enhance your resume with 1,100 internships and other experiential learning opportunities.

Be part of a powerful global network of more than 45,000 alumni in 128 countries.

"The skills AUC graduates learn through a well-rounded, future-forward curriculum develop unmatched employees who truly stand out in an organization."

Heba Bassel

Head of HR Digital Transformation and Services Vodafone Egypt
