Professional Diploma

- Contract Management and Administration (CMAD)

Requirements

The CMAD professional diploma includes six courses, divided between required and elective classes. Each course is made up of 36 hours of instructions, 6 of which for final project and final exams. Candidates must complete the required classes, but electives may be selected from a group of courses offered. To complete the requirements for any of the professional programs, the candidate must successfully complete the six courses. To earn two professional certificates, 12 courses must be taken. At the end of some of these programs, the candidate must present an acceptable final project. The certificate requirements may be completed in two semesters (one year), but could take up to three years. Some professional programs are also available via e-learning.

*The 36 hours in the online courses include various activities, for example, recorded sessions, live interactive sessions, projects, and exams.

Method of Instruction

Course material is in English; however, a mix of English and Arabic instruction is used in classes (On-campus Courses) or interactive sessions (Online Courses) to facilitate communication between instructors and course participants. Courses blend a variety of instructional tools including case studies, interactive discussions, visual aids and practical sessions.
Drop Policy

Participants are permitted to drop/add classes until **May 20, 2021**. (Refer to Refund Policy)

Refund Policy

Refunds are made according to the following schedule:

- Before the beginning of classes: full tuition refund
- From the first week of classes (May 9) and before the end of the second week (May 20): 75 percent of tuition
- After the end of the second week no refunds will be made.

The refund request should be supported by the original receipt, course material and a copy of the national ID. Refunds are processed within a month of receiving a request, and the participant will receive a check in their name for the refund amount.

Study Period Extension

Professional programs usually take three years to complete. However, participants who are faced with hardships or situations beyond their control should present proper documentation to justify their cause. Each case will be closely examined by ESS. In all cases, only one semester of study may be extended.
Incomplete Policy

Deadline for incomplete requests: **July 14, 2021.**
Participants who miss the specified deadline or stop attending/following the course without informing ESS will have an “F” grade.

Professional Programs participants who attended a course but are unable to complete its requirements because of exceptional circumstances may ask for an incomplete grade of “I”. The participant must submit an official document supporting the request. The Incomplete grade is given with the approval of the course instructor, who will submit an incomplete grade form to the ESS office.
The form should include the following information:
1) Reason for the incomplete
2) Sections of the course that are missed and need to be completed.
3) Action necessary for the removal of the incomplete grade, which must be completed by the end of the following semester.

The participant must make the necessary arrangements with the course instructor to complete the outstanding course work before the start of the examination period of the following semester, whether the student is enrolled at ESS or not. In completing the outstanding work, the participant must not register again for the incomplete course. If necessary action is not taken on time, the incomplete grade “I” will be changed to a grade estimated on the basis of the work already completed as part of the course. An administrative fee of 25% of the total course fee will be charged to participants seeking incompletes.

**Incomplete grades may be given only in the following circumstances:**

- The participant’s work to date indicates he would be passing the course.
- The incomplete is not given as a substitute for a failing grade.
- Attendance has been satisfactory through at least 60 percent of the semester.
- An illness or other exceptional circumstance legitimately prevents completion of required work by the due date.
- Required work may reasonably be completed in an agreed-upon time frame.
- An incomplete should not be assigned when it is necessary for the student to attend additional classes to complete the course requirements.

Moodle

All participants enrolled in ESS professional programs are entitled to access a Moodle account. Moodle is a web-based course-management system designed to allow students and faculty members to communicate and use online materials and activities that complement teaching. Moodle allows faculty to add resources for students online to enhance teaching and learning.

Note: For more information on how to request your login information or reset your password, refer to page 13.

In case of any emergencies:

- ESS will cancel any course lacking the minimum number of participants. In that case, the participant will be refunded the full amount, or the fees may be used toward the completion of another course during any semester.
- ESS may change the listed instructor, no refund is allowed.
- In case of emergencies, ESS «on-campus» courses will be held through Moodle sessions with no refund or postpone.
- ESS reserves the right to cancel/update courses and programs and/or increase course fees at anytime

AUC-ESS Email

The American University in Cairo (AUC), Engineering and Science Services (ESS) provides its participants with the “XED” Email system to support the educational purposes only.

We encourage you to use and check your AUC-ESS email on a frequent basis for any updates regarding your courses. However, please note that as AUC-ESS Email usage is restricted to AUC courses correspondence, personal and business usages are not allowed, and AUC-ESS is NOT RESPONSIBLE for using this email for business correspondence or any other personal emails storage, whether on email or account drive. Therefore, you are requested to keep a copy of your course material in your personal email.

AUC-ESS will disable your AUC-ESS Email account if you did not take a course for more than one year.
Online Courses

Method of instruction

ESS online courses use the leading Moodle (learning management system) as the platform for instruction. This system is used worldwide by universities and allow students and faculty to communicate and create a rich learning environment using online materials and up-to-date communication technologies such as email, discussion boards, wikis and blogs. This asynchronous learning environment gives the participants flexibility to study according to their own schedule and their own pace from anywhere. It is expected that some of the participants may have no previous experience in participating in an online course, and ESS provides personal technical assistance and clear online instructions to help participants overcome any technical problems during the program.

The online course comprises a mix of delivery methods range from virtual face-to-face meetings using the zoom, Moodle collaborates and pre-recorded lectures. The features of the course vary depending on the course and the instructor. Participants are expected to review each course’s policy once they have access to their Moodle to be familiar with each course’s instruction process. Each instructor will specify the exact time length of the live sessions in online courses.

Participant Requirements

- Participants are required to check their AUC-ESS XED email frequently, as this is the main channel of communication for announcements.
- Participants will receive a welcome email containing the website link and all relevant information.
- Participants must attend at least 25% of the live sessions in online courses and at least 80% of the total lectures in face-to-face courses.

Logging into Moodle

1. **Prepare your login information:** Upon registration, participants will be issued a registration slip containing their AUC-ESS XED email username and password, along with an ID number. Your Moodle username is everything before the «@» sign of your AUC-ESS XED email. For example, if your AUC-ESS XED email is newuser@xed.aucegypt.edu, your Moodle username would be newuser. Your Moodle password will always be the same as your AUC-ESS XED email password.

2. **Login to Moodle:** visit moodle2.aucegypt.edu and login using your credentials.
Online Courses and Moodle Frequently Asked Questions

What should I do if I can’t access my AUC-ESS XED email/Moodle account?
Send a password reset/login information request to essit@aucegypt.edu, along with a scanned (or picture) copy of your AUC ID. If you don’t have an AUC ID, please send your national ID instead or your birthdate.

What should I do if I can’t load the Moodle site on my PC or device?
Verify that your Internet connection is functioning normally and check to see if you have the same issue on other devices or when accessing Moodle from alternative locations. For example, you could try accessing Moodle using a mobile device connected to a mobile internet service.

Some browsers occasionally have issues loading the Moodle site. Try using another browser to access it. If the Moodle site loads, but you’re not able to login using your login information, follow the instructions for the previous question to have your Moodle password reset.

Who should I contact when I have a problem?

- **Technical/Moodle issues:** email essit@aucegypt.edu
- **Questions about the course content/material:** email the course instructor whenever you have a question about the course content/material that isn’t related to a technical issue.
- **Administrative issues:** for all administrative questions and concerns, including requests to transfer, drop or add a course, or if you would like to provide feedback about a course, send an email to pfpr@aucegypt.edu
