#Why I Didn't Report..

I was afraid no one would believe me even my closest friends

No one would've done anything to help me

I was embarrassed of what happened and thought that it was sadly something most girls go through and thus, talking about it could be seen as attention seeking.

In the past the government wasn't support the women rights but now i guess they do will , Hopefully they will keep Women Rights up 🙄🙄🙄🙄🙄

They taught me that verbal harassment is normal and not a big deal

#Sexual Harassment Affects Education Because..

I cant focus because of the psychological burden

too distracted / makes you overthink

It leads to psychological effects like anxiety, depression, disrupted sleep, lowered self-esteem, and inability to concentrate.

Overthinking that leads to loss of concentration

It hurts and makes you feel dirty and scared!

#When I Told Someone About Sexual Harassment, They Said..

Why didnt you report them?

What were you wearing?

“Ah omal inti fakra eh, inti f masr ya3ni”

It's not entirely his fault you must've lead him on

“el banat di beteshteki w khalas, heya trend wala eh?”

" lebsek howa el sabab "

"It is exaggerated, not all women live this"

5alas! It's not even considered harassment

#Sexual Harassment Made Me Feel

Helpless

Confused

Insignificant

powerless

Furious!!

Weak and helpless

Hating men and can't trust them

Weak, frustrated

SCARED
