

## **Table Tennis room rules & regulations**

### Table Tennis Racket Check-out policy

Due to the Overwhelming damage and abuse of the Check- out Table Tennis Rackets changes have been made in the rules for obtaining a racket.

Please do not take a racket if you do not agree to the following:

1. Inspect the racket frame for any damage. Do not check out a racket that has any frame damage.
2. All rackets will be inspected upon return, and any damage to the frame will be charged to the user.
3. Replacement fee for a damaged table tennis racket is 250 LE (This applies to any degree of frame damage).
4. Broken Strings are not included in the policy.
5. There will be no exceptions without direct approval from the Director of Athletics.

If you do not wish to follow this Policy, please do not check out table tennis racket.

We encourage all players to purchase their own table tennis racket so they will not be disappointed when coming to play. We also strongly encourage the use of approved eye guards for your safety.
