

Dining with an AUCian FAQs

Hosted by the Office of the Alumni Engagement, this program is designed to bring together AUC alumni from diverse career fields and provide a networking opportunity with current AUC senior and GR senior students in a relaxed setting outside of campus while sharing a meal. This program is an opportunity for students to share their experiences at AUC and learn more about their host's journey as an alum and what happens after graduation. It also gives everyone a chance to expand their social circle by meeting new people.

Brunch/lunch/dinner will be provided. A smart casual outfit is suggested and students are encouraged to bring business cards.

What's in it for me?

As a student, you are taking the step to meet your AUC alumni network. Meet with professionals outside of the classroom and outside of your major. Use this opportunity to practice your networking skills and learn about life after graduation. Not only can you learn from your hosts and peers, but use this opportunity to create your connections. The hosts determine dates and times. Each host will share information about their educational and professional journey to help you know them better.
