

## **AUC Goals for BL**

1. Provide students with the experience of blended learning in order to develop their skills for lifelong learning and for the 21<sup>st</sup> century global environment.
2. Expand graduate student recruitment by increasing flexibility of schedule.
3. Develop best practices for blended learning to ensure pedagogical integrity.
4. Provide enhanced pedagogical innovation for AUC learning communities by offering diverse opportunities for student engagement.
5. Build capacity to expand university outreach and future collaborations.
6. Build solid foundations for future fully online distance learning programs.
