

## NSSE MAJOR FIELD REPORT – 2018

COMPARING STUDENTS' RESPONSES ACROSS GROUPS OF RELATED MAJORS WITHIN AUC

### **INTRODUCTION TO NSSE**

A brief about the report and how to interpret the results.

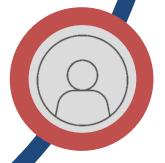

### **OVERALL AUC PERFORMANCE**

Scores of AUC students – for first years and seniors – benchmarked against NSSE 2017 & 2018 findings. Includes scores Engagement Indicators (EI) and High-Impact Practices (HIP).

### **SCORES PER MAJOR GROUP**

El and HIP scores for each major group (with a a minimum base of 20) benchmarked against NSSE 2017 & 2018.

### **RESPONDENT PROFILE**

A quick demographic and psychographic of AUC students who have answered the survey.

## ABOUT THE NSSE REPORT

HOW TO READ AND INTERPRET RESULTS

### INTERPRETING NSSE RESULTS

- This report serves to identify variation in student experiences within AUC as an institution. These experiences are shown as an overview of students' responses by groups of related majors.
- The report is based on information from all randomly selected or census-administered students for AUC.
- Results are presented separately by institution-reported class level, and majors are student-reported. First-year students may report intended majors that have not yet been declared. Also, much of the first-year experience may take place outside of the major field. For these reasons, first-year results should be interpreted with caution.
- Related-major groups with fewer than 20 respondents in a given class are not reported (columns are blank). Although 20 is a minimum requirement for all other statistics (Engagement Indicators, means, etc.), keep in mind that any statistical result requires a sufficient number of respondents per group to produce a reliable estimate.

## COMPOSITION OF RELATED-MAJOR GROUPS

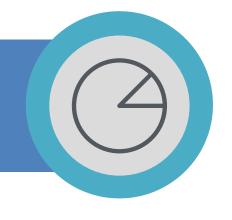

Major Group (NSSE Default)	Majors Included	<b>FY*</b> Sample Size	<b>SR*</b> Sample Size
Arts & Humanities	Arts, fine and applied; Architecture; Art history; English (language and literature); French (language and literature); Spanish (language and literature); Other language and literature; History; Humanities (general); Music; Philosophy; Religion; Theater or drama; Other fine and performing arts; Other humanities	15**	16**
Phys, Sci, Math, CS	Physical sciences (general); Astronomy; Atmospheric science (including meteorology); Chemistry; Computer science; Earth science (including geology); Mathematics; Physics; Statistics; Other physical sciences	16**	6**
Social Sciences	Social sciences (general); Anthropology; Economics; Ethnic studies; Gender studies; Geography; International relations; Political science; Psychology; Sociology; Other social sciences	60	28
Business	Accounting; Business administration; Entrepreneurial studies; Finance; Hospitality and tourism; International business; Management; Management information systems; Marketing; Organizational leadership or behavior; Supply chain and operations management; Other business	57	19**
Comm, Media, PR	Communications (general); Broadcast communications; Journalism; Mass communications and media studies; Public relations and advertising; Speech; Telecommunications; Other communications	22	10**
Engineering	Engineering (general); Aero-, Astronautical- engineering; Bioengineering; Biomedical engineering; Chemical engineering; Civil engineering; Computer engineering and technology; Electrical or electronic engineering; Industrial engineering; Materials engineering; Mechanical engineering; Petroleum engineering; Software engineering; Other engineering	59	49

<sup>\*</sup>FY: First Years; SR: Seniors

<sup>\*\*</sup>Bases too low (below 20): not reported

**Your students' average** was significantly higher (p < .05).

**Your students' average** was significantly lower (p < .05).

## HIGH-IMPACT PRACTICES (HIP) OVERVIEW

Due to their positive associations with student learning and retention, certain undergraduate opportunities are designated "high-impact." High-Impact Practices (HIPs) share several traits: They demand considerable time and effort, facilitate learning outside of the classroom, require meaningful interactions with faculty and students, encourage collaboration with diverse others, and provide frequent and substantive feedback. As a result, participation in these practices can be life-changing (Kuh, 2008). NSSE founding director George Kuh recommends that institutions should aspire for all students to participate in at least two HIPs over the course of their undergraduate experience—one during the first year and one in the context of their major (NSSE, 2007).

#### **Guiding Question**:

Number of your courses at this institution have including a community-based project (service-learning)?

LEARNING COMMUNITY

#### **Guiding Question**:

Participation in a learning community or some other formal program where groups of students take two or more classes together.

**SERVICE-LEARNING** 

#### **Guiding Question:**

Work with a faculty member on a research project.

RESEARCH WITH FACULTY

### **Guiding Question**:

Participate in an internship, coop, field experience, student teaching, or clinical placement.

#### **Guiding Question**:

Participate in a study abroad program.

#### **Guiding Question:**

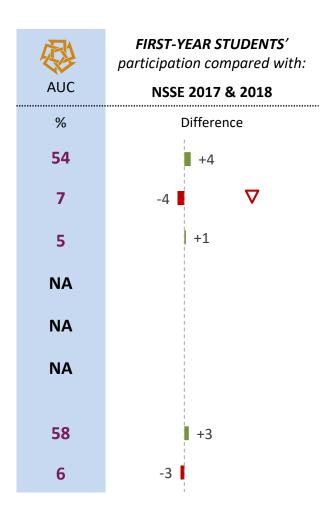

Complete a culminating senior experience (capstone course, senior project or thesis, comprehensive exam, portfolio, etc.).

### **SENIORS**

## STUDENT-REPORTED STATISTICS

<sup>\*</sup>Bases too low (below 20) - data directional

### **OVERALL HIP PARTICIPATION**

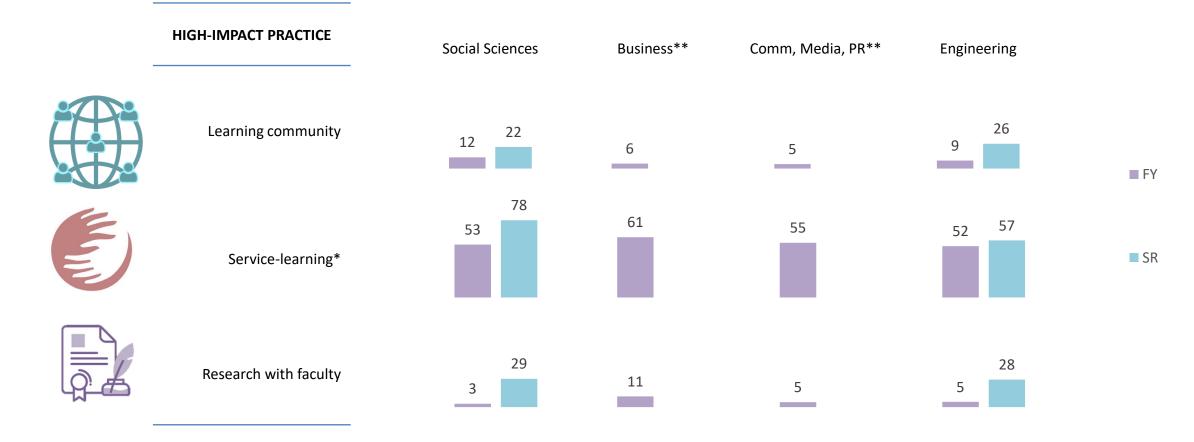

The figures below display the percentage of students who participated in High-Impact Practices. Both figures include participation in service-learning, a learning community, and research with faculty. The senior figure also includes participation in an internship or field experience, study abroad, and culminating senior experience, whereas it is expressed as "plan to do" among first-years.

<sup>\*</sup>FY: First-year students; SR: Seniors.

<sup>\*\*</sup>Bases too low (below 20) for seniors (not reported)

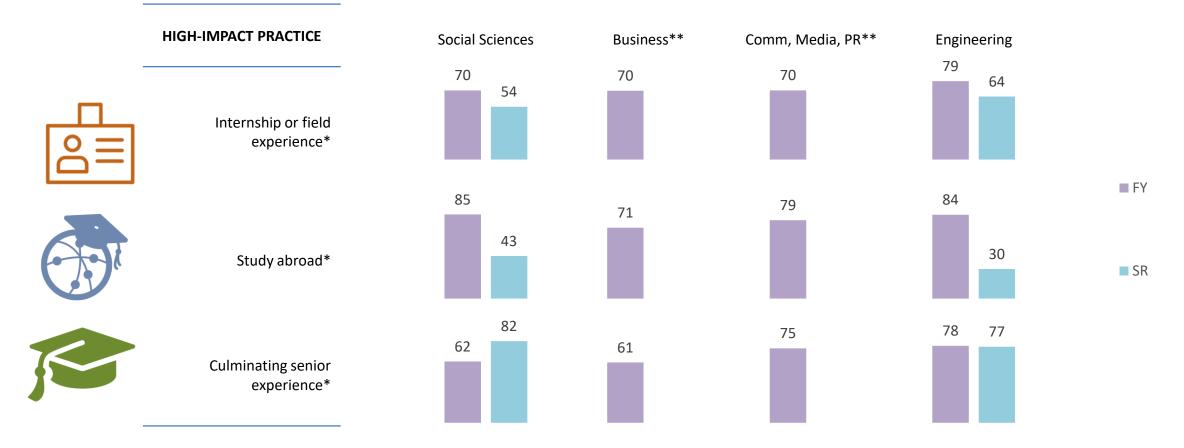

## HIGH-IMPACT PRACTICES (HIP)

<sup>\*</sup>Participation for service-learning is the percentage who responded that at least "Some" courses included a community-based project.

<sup>\*\*</sup>Bases too low (below 20) for seniors (not reported)

## HIGH-IMPACT PRACTICES (HIP)

<sup>\*</sup>Results for first-year students are the percentage who responded "Plan to do."

<sup>\*\*</sup>Bases too low (below 20) for seniors (not reported)
