Research Support Grant (RSG)

1. Introduction

AUC provides grant support for innovative research and creative activities. Grants are competitively granted to support individual or group research projects and creative endeavors. They are administered by the Office of the Associate Provost for Research, Innovation, and Creativity (AP-RIC Office).

The maximum allowed fund cannot exceed \$10,000 (or the equivalent in Egyptian Pounds) per faculty member per year. Proposals involving more than one faculty member must be submitted by the faculty member who will act as the lead faculty and/or Principal Investigator (PI). If two full-time faculty members submit a joint application, the maximum annual support is \$10,000 (or the equivalent in Egyptian Pounds) per faculty member or \$20,000 (or the equivalent in Egyptian Pounds) total for the application. Three or more faculty may apply for joint annual funding of a maximum of \$25,000 (or the equivalent in Egyptian Pound).

For projects of **interdisciplinary** nature, the respective maximum funding limit will be increased by an additional \$5000.

For projects that involve and justify **institutional collaboration**, the respective maximum funding limit will be increased by an additional \$5000. Grants may be lower than requested based on funding availability, expenditure eligibility, and/or timeline. If a group application includes scholars from outside AUC, then AUC funds can only be used to support AUC faculty members' research.

The Principal Investigator (PI) may request additional funding for up to three undergraduate students to support the approved activities of the Research Support Grant. An extra US\$500 per student per year will be added to the maximum allowed fund.

Faculty members are encouraged to supplement AUC funding with additional funding from other sources. However, single project scope cannot be funded by two sources (internal or external), as the segregation of scopes covered by each source will be needed. Special emphasis could be given to the development of new research ideas (in which case, the grant may be viewed as support for a pilot study to allow submission to external funding sources) and to activities that may positively affect the development and growth of the applicant(s), department, faculty and/or university. AUC funding may also be granted to help faculty members supplement funding (i.e., gap funding) for an ongoing project, as well as for projects involving the advancement of the maturity/readiness of new technology.

2. Eligibility Criteria

1. AUC Research Grant funding is restricted to full-time faculty members.
2. The applicant must be employed by AUC as a full-time faculty member at the time of the funded travel.
3. Faculty members on "Leave without Pay" shall not be funded for this grant type during their leave period. However, they may apply for funding before resuming their work at AUC. No funds will be dispersed until the faculty member resumes work at AUC.

4. Faculty members on “Paid Medical Leave” are ineligible for this type of grant.
5. The applicant must have all final reports for all previously awarded internal faculty support grants on record as submitted and **approved**.
6. The main applicant shall not apply for more than one RSG per cycle.
7. The main applicant shall not have an active RSG at the time of application.
8. Deans and Associate Provosts are ineligible for any type of Faculty Support Grants but shall request research funding from the Office of the Provost directly.
9. Associate Deans who are URB members are ineligible for any type of Faculty Support Grants but shall request research funding from the Office of the Associate provost for research and creativity.

3. General Guidelines

1. The evidence of a significant intellectual output from previously received RSG is an important evaluative criterion.
2. Faculty member may be PI of only one RSG at any point in time.
3. Faculty members may be the PI for only one proposal during a funding cycle.
4. Applicant(s) may apply for longer-term funding (up to 3 years), but awarded funds transfer is subject to the approval of an annual progress report demonstrating the delivery of the outputs of the elapsed year.
5. Funds must be used as stated in the proposal. PI can submit a request for reallocation of funds to the AP-RIC for approval.
6. The PI must apply to a “request for change” for any changes in the total funding. The change cannot entail exceeding the funding limit(s).
In case the change falls within a 20% limit of the total awarded funds, the PI may then submit the request directly to the AP-RIC for approval.
7. Projects that are proprietary in nature are subject to AUC’s Intellectual Property Policy.
8. Teaching and Learning Enhancement projects are ineligible for funding as RSG.
9. All grant applications for Associate Deans and Chairs will be reviewed by the school Dean and the University Research Board (URB).
10. Retroactive applications and/or funding are NOT possible.
Retroactive funding entails any expenditure prior to the start date of the grant stated in the counter-signed agreement by the grantee and the AP-RIC.
This means that an applicant cannot have supported by the grant any activity performed before being informed that the grant has been approved by the AP-RIC Office, signing the Agreement for acceptance, and having the Agreement counter-signed by the AP-RIC.

4. Evaluation Criteria (as communicated to the reviewers)

Applications will be assessed using the following criteria.

1. Clarity of the Academic Scholarly objectives
2. of the research questions and alignment with international trends in the relevant field.
3. Quantified targeted Intellectual output. (Expected to be reported in the final report)
4. Clear, relevant, and founded work methodology.
5. Organized work plan with clear dependencies among different tasks and resource allocation.
6. Clear Justifications for budget line items and solid budget assumptions.
7. For interdisciplinary projects, the role of every discipline and the value added to the project through the proposed interdisciplinarity.
8. For projects that need local or international institutional collaboration, the added value of having the identified collaborator and the specific anticipated contribution of the collaborators to the activities of the proposal.

5. Elements of New Proposals and Grant Renewals

A. New Proposals

A new proposal must include the following elements:

1. Project title
2. Research questions/ Academic work objectives
3. Expected Intellectual output and its Impact.
4. Project/ Research Methods
5. Work Plan: The duration and plan of actions over quarters and year(s) showing tasks and resource allocations with dependencies.
6. Justifications of Budget line items and Budget assumptions.
7. Budget Sheet: an excel sheet is provided online to itemize expenditures at the following link
<http://www.aucegypt.edu/research/faculty-support-grants>
8. Time commitment and role of the PI(s) and, if applicable, CO-PI(s).
9. References
10. Compliance: Applicants are reminded that all projects involving human subjects require approval by AUC's Institutional Review Board (IRB) before funds are granted and the research can begin.
Please view the AUC Institutional Review Board (IRB) page:
<https://www.aucegypt.edu/research/institutional-review-board>
11. The applicant will be required to provide a copy of the approval notification or protocol number for approved projects and must bear the responsibility of following all necessary health and safety procedures.

12. Curriculum Vitae (CV) of the PI(s) and, if applicable, of the CO-PI(s). The CV should include: a list of pending and/or current external and internal funding including the title of the projects, start and end dates, and the overlap with the present proposal if any; a list of previously awarded AUC grants; a list of publications identifying those that resulted from AUC grants received during the last three years; and evidence of seeking or receiving external funds during the last three years. (not more than 4 pages in pdf format)

B. Grant Renewals (for Multi-Year Projects)

A request for the renewal of a current Research Support Grant that was originally proposed **as a multi-year project, or run across two fiscal years** will normally be granted after submitting a **detailed Progress Report to the online system** on the project for which the grant was awarded. The technical and financial report has to be aligned with the deliverables promised in the submitted work plan the budget and/or any deviations explained. The Report needs to be reviewed and approved by the Departmental Research Committee (DRC), the Dean, and AP-RIC. Further funding from AUC is contingent upon the approval of the Progress Report and funding availability. Renewals will not be permitted for grants that were not originally proposed as multi-year projects.

6. No-Cost Extensions

A request for No-a Cost Extension must be submitted online by the PI at least one month before the end of the grant period and must include a budget showing the remaining amount, and a justification including the progress of the project and the reason behind requesting a no-cost extension. Such requests may be approved by the AP-RIC on a case-by-case basis.

Requests for No-Cost Extensions are only possible just before the end of the grant period (i.e. for multi-year projects, only during the last year of the project).

Researchers who are granted a No-Cost Extension for longer than 2 months on their current grant cannot receive a new grant during the same year. If the Dean's recommendation does not match that of the DRC, the application is routed to the URB for a final recommendation within the URB deadline.

7. Other Funding Sources

Principal Investigators (PI)s may apply to more than one funding source for the same research project and budget; however, the other requests for support must be disclosed at the time of applying for this funding. If the PI is granted an AUC's Research Support Grant before the release of the other funding source(s) results, AUC funds will not be dispersed until the results from the other funding source(s) are made available. If the PI is successful in receiving support from an external funding source, then the AUC Research Support Grant will be terminated, and the allocated funds will be returned to the AP-RIC Office.

8. Budget

1. For personnel, the budget justification must include a description of the duties of the personnel requested, the required qualifications, and an explanation as to why each position is necessary for the success of the project. Workload should be shown to justify the amount of time the person will be employed on the project. All the requested personnel fund has to be provided using the following formula: [amount in EGP per hour **X** no. of hours per week **X** no. of weeks].

2. The levels of Research Assistants' hourly compensation are as follows:
 - Research Trainee (Undergraduate student): Up to EGP 45/hour
 - Research Assistant (B.A. or B.S.): Up to EGP 80/hour
 - Senior Research Assistant (M.A. or M.S.): Up to EGP 85/hour
 - Research Fellow (Ph.D. – up to 10 years of experience): Up to EGP 140/hour
 - Senior Research Fellow (Ph.D. – Over 10 years of experience): Up to EGP 180/hour
 - The maximum allowed workload for RAs is 30 hours/week.
3. Travel and stay budget lines may include airfare, per diem, visa fee, and ground transportation. In case testing and/or vaccinations are required for travel, the associated costs may also be included.
4. For travel requiring an air ticket, the budget justification must state the exact travel and arrival dates and the destination, and the air ticket cost in EGP as provided and/or approved by the AUC Travel Office. In case of issuing the air ticket elsewhere, the Travel Office's approval and price quotation shall be secured prior to issuing the ticket for reimbursement.
5. Air Tickets shall be booked by the AUC Travel Office and only economy class is allowed. Exceptionally, the Travel Office may approve the purchase of a ticket for travel other than through the Travel Office, if it is satisfied that the traveler can procure the ticket at a price significantly cheaper than that available to the Travel Office. Because the overall level of discounts obtained by the Travel Office is heavily dependent upon the annual volume of its business, a minor improvement in the ticket price will represent an acceptable justification for purchasing the ticket elsewhere.
6. AP-RIC Office abides by the AUC monthly exchange rate, and will not undertake any possible changes in the exchange rate or the ticket price after the signature of the Grant Agreement.
7. For travel requiring per diem, the budget justification must state the exact dates requested for per diem and the breakdown of the requested amount, following the price quotation.
8. For travel to the Americas or the Far East, per diem is allowed for two days' transit beyond the actual period of stay. For other international travel, per diem is allowed one-day transit beyond the actual period of stay.
9. **Per Diem** towards expenses for travel abroad:
 - Duration of 1-10 days: Up to US \$ 250 per day
 - Duration of 11-15 days: Up to US \$ 195 per day
 - Duration of 16-30 days: Up to US \$ 130 per day
10. For **domestic travel within Egypt**, the following rates may be used as a guide for per diem rates:
 - Travel not requiring overnight (day travel): Up to LE185 per day
 - Travel requiring overnight but hotel accommodation is not needed: Up to LE 700 per day

- Travel requiring overnight and hotel accommodation is needed: Up to LE 2,500 (receipts required) per day
- 11. Per Diem may not be requested for summer travel coinciding with home leave if the location of the proposed activity is at the home leave destination (city) on record at AUC.
- 12. Ground transportation to and from airports is not covered and can only be requested if the travel location doesn't have a near airport.
- 13. For supplies and equipment, unless explicit authorization is given in the Grant Agreement, this type of grant cannot be used to purchase major or minor equipment (including computers and accessories), and/or books.
- 14. The budget sheet shall include the breakdown and justification for each requested item in each year, under each column. Whenever appropriate, the numbers of units and unit costs should be explained. All the items requested for purchase from Egypt are to be quoted in Egyptian Pounds, while those from abroad are to be requested in USD.
- 15. All expenditures must follow AUC stated policies and procedures regarding personnel hiring, purchases, and travel arrangements.
- 16. All items purchased using AUC funds remain the property of AUC.
- 17. For multi-year projects, the grant fund will be transferred at the end of each fiscal year to a special WBS number created under the department's cost center, upon submitting the progress report and having it approved.
- 18. In the case of one-year project funding will be granted in two installments subject to the submission of a detailed progress report.
- 19. Any unused funds must be returned to the Office of AP-RIC.

****If the grant activity starts after the first of July, the grant will be funded from the applicant's maximum allowed fund of the corresponding fiscal year.**

➤ *All payments shall be processed through the responsible offices at AUC including, but not limited to Travel Office, Supply Chain, Controller's Office, print shop, etc., and shall abide by AUC policies and procedures.*

11. Procedures

Full-time faculty members must adhere to the following procedures when preparing their grant applications:

1. Faculty member submits the application using the online grant submission system at: <https://www4.aucegypt.edu/grants/Home.aspx>.
2. Office of Research and creativity advancement (ORCA) is responsible for checking the alignment of the submitted details with the guidelines.

3. DRC members receive the submitted applications for review and evaluation within the DRC deadline.
4. If the proposal involves human subjects/participants, the faculty member shall contact the Institutional Research Board (IRB) for project approval before or concurrent with the submission of the proposal to the AP-RIC Office.
 The IRB requires all researchers using human subjects/participants to take a web-based course entitled: "Human Participant Protections Education for Research Teams." This requirement is part of an AUC's initiative to enhance compliance with international standards and regulations for the conduct of clinical and other research involving human participants. If the proposal is approved by AUC, the grant will not be released until the IRB also gives its approval. Please check the IRB website: irb.aucegypt.edu
5. The School Dean receives the submitted applications and the DRC reviews for his/her recommendations within the Dean's deadline.
6. The School Dean can review the application him/herself or delegate his/her Associate Dean to do the review.
7. If the Dean's recommendation does not match that of the DRC, the application is routed to the URB for a final recommendation within the URB deadline. The URB may assemble a committee to evaluate the application in case it doesn't fall within the area(s) of their expertise.
8. For projects of interdisciplinary nature, relevant members of the URB will assess and provide feedback to The Office of Research and Creativity Advancement (ORCA), which is part of the APRIC on the value of the proposed interdisciplinarity.
9. Any additional clarifications about the application that might be requested by the AP-RIC Office from the concerned faculty member must be addressed, and this within a period of 5 working days from receiving the request. Failing to do so would jeopardize the final approval of the application which may then be terminated.
10. The final decision will be then determined by the AP-RIC.

12. Deadlines

There are four (4) application cycles for Research Support Grants, as per the following deadlines:

Cycle	start date	submission deadline	DRC recommendation	Dean Recommendation	URB recommendation	APRIC approval

4	10-Mar	10-Apr	1-May	19-May	27-May	5-Jun

**If the deadline happens to be a holiday or a weekend, the deadline will shift to the following working day*

13. Grant Management and Oversight

AP-RIC Office is responsible for administering AUC Grants. AP-RIC monitors the project for administrative and financial compliance with the Grant conditions. AP-RIC also scrutinizes Grant accounts

to ensure timely use. Failure to expend funds in a timely manner may jeopardize eligibility for future AUC intermural grants.
