 - Fully vaccinated with vaccines approved by the Ministry of Public Health, and completing a period of 14 days after the second dose.
 - Electronic registration on the EHTERAZ platform (WWW.EHTERAZ.GOV.QA) to obtain the approval of the Ministry of Public Health before travelling.
 - Obtaining approval from EHTERAZ platform before arriving into the country.
 - Negative PCR test 72 hours prior to arrival from approved medical center in the country where he/she came from.

Important Notes:

First: Categories of passengers who can enter Qatar **without “Exceptional Entry Permit”:**

- Qatari Nationals, their spouses, their husbands, their children using their passports only, and their companions of domestic workers (on their personal sponsor or accompanied by one of their first-degree relatives).
- GCC citizens (using their passports only), and any of their escorts either domestic workers or their first-degree relatives and GCC residents.
- Holders of permanent residency.

- Holders of diplomatic and administrative cards issued by ministry of foreign affairs. (Protocol department).
- US forces, NATO forces and their families who have accredited military cards and moving instructions. Military IDs and Movement orders.

Second: Categories of passengers that are required to **get** a prior “Exceptional Entry Permit”:

- Qatar residents, holders of Qatari documents, and visitors who have Exceptional Entry Permit issued by the supreme committee for crisis management.
- Immediate Visa will be granted to new-born arrivals born outside the country till the age of 6 months, and must be accompanied at least with one of his parents who is resident in Qatar, provided that one of them is sponsored by the other, or both of them have a valid residency permits in state of Qatar, sponsored by an enterprise, and have a prior exceptional entry permit.
- Above mentioned visa will not be granted if the mother is sponsored by her father, or one of them is not a resident in the country.

Third: special conditions:

- If the sponsor (head of the family) has an exceptional entry permit, then it includes his sponsored family members accompanying him, and domestic workers under his sponsorship as well.
- If the resident is sponsored by an enterprise and is arriving accompanying the owner of the enterprise, then he can enter without a prior exceptional entry permit (must show the enterprise registry ID).
- Only medical reports issued by governmental hospitals in the state of Qatar for identified diseases, or private hospitals are accepted since its accredited by the ministry of public health in Qatar.
- All passengers arriving from/or through -transit- the UK, The Netherlands, South Africa & Denmark, they are all subjected to Hotel quarantine without any exemptions, **except the members of the foreign diplomatic missions and those who have diplomatic or administrative residences and IDs issued by the MOFA.**
- Passengers arriving from green countries must stay at least 7 days in the green country, so they can be exempted from the Hotel Quarantine and subjected to Home quarantine.
- The reasons for exempting the passenger from the hotel quarantine must be taken into consideration and make sure of their clarity when exempting the passenger. (**for example:** granting the passenger an exemption from the hotel quarantine due to the presence of children accompanied by him during the application, but it happens is that he travels alone, so a hotel quarantine procedure is applied.
- To ensure that the hotel reservation statement booked via “Discover Qatar” website is authentic, by visiting the

website, or to contact them, or show receipts for payment.

- Residents of the state of Qatar: when changing the travel document, (the previous document must be in the traveller's possession) and the previous travel document must be expired, and in case of none of that happened the passenger must obtain a permit of passport loss through the competent authorities in the state of Qatar.
- Domestic workers accompanying GCC citizens must be accompanied by the sponsor or by one of the first-degree sponsor's relatives and their residency is valid for a period of no less than 6 months in the country of residence. Their profession must be shown domestic worker or their equivalent and the travel document must be valid for a period not less than that of the residency permit.
- Effective from 29th April 2021 12am (00:00hours) and until further notice; A new travel policy for entry to State of Qatar for passengers arriving from (**India / Nepal / Bangladesh / Pakistan / Sri-Lanka / the Philippines**).
 - Ministry of Public Health has mandated strict implementation of the following changes to travel policy for incoming travelers from (India / Nepal / Bangladesh / Pakistan / Sri-Lanka / The Philippines); this includes those who transit through other countries but whose original flight is from any of the aforementioned 6 countries (e.g. India – Kuwait – Doha): Please observe and implement the following:
 1. All passengers arriving from the identified six countries are subject to mandatory COVID-19 PCR Test done 48 hours before departure of their flight, from testing centers approved by their local health authority; All Airlines are required to strictly review the authenticity of the PCR certificate (and if possible stamp it with their seal of approval/review) before allowing any passenger to board the aircraft, no one should be allowed to board unless valid certificate is provided without any exceptions (such as vaccinated passengers against Covid-19, presence of immunity as a result COVID-19 infection within the past 6 months, age, or health condition).
 2. All passengers arriving from the said countries must undergo a repeat COVID-19 PCR test in hotel quarantine or Mekhaines facility within one day of flight arrival to Doha.
 3. All passengers from the said countries MUST undergo 10 days hotel quarantine in a dedicated quarantine facility (Hotel to be booked through Discover Qatar website), or 14 days if quarantine is at Mekhaines facility, regardless of previous vaccination or immunity against Covid-19; HOME Quarantine is NOT applicable for these passengers.
 4. All of the established criteria for hotel/home quarantine exemptions DO NOT APPLY to travelers arriving from the six previously mentioned countries.
 5. Government employees from the different ministries and governmental entities on official missions to these countries for a period of 72 hours or less will be subject to the current protocols that are

approved by MOPH.

6. Medical Escorts will be allowed to board the aircraft but they will be subject to conditions stated above in points # 2-4 on their return to the State of Qatar.

7. All passengers arriving from the identified six countries and transiting through Qatar must have the mandatory pre-travel PCR test as mentioned in point 1, and in case they require another PCR test for their onward destination, they can avail it at HIA for a standard fee of QAR 300/- per test.

- **Indian Nationality** must be in possession of a minimum amount of \$1,400 or a valid credit card to obtain A free tourist visa upon arrival for a period of (30) days, which can be extended for a similar period. (Note that the credit card or the amount of money includes an entire family)

Passengers who travelled out of Lebanon and will return within one week, that is, who travelled during one day of the week and will return on the same day during the following week, and they will be also exempted from doing PCR test in the countries of departure, but shall p form a PCR test at BRHIA upon their arrival to Lebanon.
7	UAE	<ul style="list-style-type: none"> • It is mandatory that Passengers arriving to UAE are required to download and activate UAE Fast Track and ICA UAE Applications on their smart phone. • All Passengers departing from Sharjah / Abu Dhabi are required to present a valid negative PCR test before their check-in test within last 96 hours prior to departure; and test was conducted by a medical facilities accredited so by UAE Health Authorities or according to arriving Countries Requirement. (EGYPT 72 HOURS before departure time) • This doesn't not apply to transit passengers. • Collect for each flight evidences (hard copy) of valid PCR Test for each concerned person and communicate them to the airport no later than 5 calendar days after the flight.

- Starting from 09th April 2021, all passengers who were in South Africa 14 days before the flight are not allowed to enter the UAE through transit flights unless they are UAE citizens or have an approval to enter the country.
- **Effective 05th August 2021**, additional categories have been added to the exemptions who are allowed to enter the UAE (passengers travelling from countries where flights had been banned would be able to transit through UAE airports)
- **First decision : The additional exempted categories who are allowed to enter the UAE:**
- Countries affected: (India / Pakistan / Sri Lanka / Nepal / Nigeria / Uganda)
- **The categories :**
- Passengers with valid residence visas, who got all the vaccination doses in UAE and completed 14 days after the second dose, had the vaccination certificate issued by UAE governmental health authorities (including the certificate in Al Hosn app).
- (Vaccinated / non-vaccinated) Medical staff working in UAE including the doctors, nurses and technicians.
- (Vaccinated / non-vaccinated) Education sector staff, including teachers of universities, colleges, schools and institutes.
- (Vaccinated / non-vaccinated) Students currently studying in UAE.
- (Vaccinated / non-vaccinated) Humanitarian cases who have valid visas (for family reunion).
- (Vaccinated / non-vaccinated) governmental staff of federal and local entities.
- (Vaccinated / non-vaccinated) medical treatment cases in UAE.
- diplomatic missions, UAE nationals
- **Procedures applied for the exempted categories:**
- PCR results will only be accepted from the authorized labs that generate a QR code and taken **within 48 hours prior arrival**.
- Rapid laboratory test before boarding in the origin airport.
- **Execution procedures :**
- Passenger should apply to get the approval from uaeentry.ica.gov.ae
- Vaccination certificate should be upload in uaeentry.ica.gov.ae for the Passengers with valid residence visas, who got all the vaccination doses in UAE and completed 14 days after the second dose.
- *As Egyptair is not operating direct flight from BOM to CAI, so most Important is to consider the prerequisite of passenger to stay 14 days out of India if coming through an intermediate point.*
- **Second decision : Transit passengers are allowed to fly through UAE airports**

- **Countries affected:** (India / Pakistan / Sri Lanka / Nepal / Nigeria / Uganda / South Africa / Vietnam / Zambia / Congo / Bangladesh / Liberia / Sierra Leone / Namibia)
- **Procedures applied for the transit passengers :**
- Confirm that the final destination is accepting the passenger.
- PCR results will only be accepted from the authorized labs that generate a QR code and taken within 72 hours prior arrival.
- Follow the precautionary and preventive measures.
- Airlines are responsible to check all the above requirements and approvals before the boarding, and it will bear the consequences in case of carrying passenger doesn't meet the requirements.

1-Abu Dhabi

- All passengers must register on ICA Smart Travel - Advance Travel Registration on the 24th AUG 2021 prior to check-in for flights bound to AUH (Abu Dhabi International Airport) from their origin Destinations, airlines also will start verifying the QR code of passengers starting 24th AUG 2021. The effective date that the airlines will stop accepting any passengers to board without QR code and verifying the QR code will be on the 27th AUG 2021. This procedure is applicable to all passengers arriving to Emirate of Abu Dhabi excluding UAE Nationals. All information and details is on the SOP attached.
- Effective from 15th March 2021, All passengers are required to fill in the (Travel Declaration Form) before arriving in Abu Dhabi, as same will be collected from the passengers by the representative of department of health in the Abu Dhabi international airport / arrival hall.
- Conducting a PCR test on day 6 if they are staying 6 or more consecutive days, as well as on day 12 if they are staying 12 or more consecutive days.
- Passengers holding valid residency visa are allowed to travel to Abu Dhabi and
- Passengers holding (work / tourist) visas issued only from Abu Dhabi & Al AIN are allowed to travel to Abu Dhabi (All other types of visas are suspended).
- Passengers holding (**visit or tourism**) visas issued from other emirates (**Not** Abu Dhabi) can depart from Abu Dhabi and can arrive to Abu Dhabi only if they are coming from the following green countries (Albania / Armenia / Australia /Austria / Bahrain / Belgium / Brunei / Bulgaria / Canada / China / Czech Republic / Germany / Hong Kong (SAR) / Hungary / Israel / Italy / Maldives / Mauritius / Moldova / New Zealand / Poland / Romania / Singapore / Saudi Arabia / Serbia / South Korea / Switzerland / Taiwan, Province of China / Ukraine / United States of America).
- All passengers (residence with valid residency visa) NOT required ICA approval arriving to AUH.

- Effective 24th November 2020, Passengers eligible for **Visa on Arrival** are free to visit Abu Dhabi and obtain visa on arrival. (restrictions on all visa on arrival “only” to Abu Dhabi is lifted)
- Passengers need to check their status by visiting website (uaeentry.ica.gov.ae) and **this is mandatory.**
- If you don’t receive approval from API then don’t override or board the passenger
- Diplomatic passport holders are allowed to enter UAE.
- Passenger transiting in Abu Dhabi for more than 12 hours must have a confirmed hotel booking.

PCR:

- **PCR test is required from approved labs valid only for 72 hours before traveling to AUH. Approved laboratories:(The Approved Laboratories in Egypt is :(all Almokhtabar laboratories) and (Central Public Health Laboratories)**
- **List of approved labs listed on the website (screening.purehealth.ae).**
- **Conducting a PCR test on day 6 if they are staying 6 or more consecutive days, as well as on day 12 if they are staying 12 or more consecutive days**
- Children below 12 years old **are exempted** from the initial PCR test in their Origin countries
- People of determination (medium and high) **are exempted** from the initial PCR test in their Origin countries.
- Returning UAE resident passengers from countries that don’t have approved labs on UAE digital platform (screening.purehealth.ae), the airlines should coordinate with passenger to provide a negative PCR test (printed hard copy) from an approved lab in the origin country with validity of 96 hours upon arrival to Abu Dhabi.
- **It is necessary for all airlines carrying passengers coming from (India / Bangladesh / Pakistan / Ethiopia / Egypt / Sudan / Lebanon) - categorized as high risk- should read the PCR results using QR Code system to ensure the authenticity of the results in order to counter fake negative reports.**
- **All arrivals passengers (including residents) should undergo PCR test upon arrival to Abu Dhabi airport.**
- **Egyptair must ensure passenger holding negative PCR test result of pre-testing prior checking-in from origin**
- **Vaccinated passengers arriving to Abu Dhabi from within the ‘Green List’ will need to present a negative PCR test valid within 48 hours, followed by a PCR test on day six.**
- **Unvaccinated passengers from Green List countries will also be required to present a negative PCR valid within 72 hours of arrival, followed by PCR tests on days six and 12.**
- **Vaccinated passengers arriving from all other destinations will be required to present a negative PCR test valid within 48 hours, in addition to a 7-day quarantine from the date of arrival, followed by a PCR test**

on day 6.

- Unvaccinated passengers arriving from all other destinations will also be required to present a negative PCR test valid within 72 hours, in addition to a 12-day quarantine from the date of arrival, followed by a PCR test on day 11.
- Please note that the 'Green List' applies to countries/regions/territories of origin, not citizenship. Therefore, citizens from 'Green List' countries travelling from destinations that are not on the list will be required to undertake the 7-day quarantine period (vaccinated travellers) or 12-day quarantine period (unvaccinated travellers).

QUARANTINE:

- Effective from 24th December ,2020 for all international passengers traveling to Abu Dhabi, both residents and tourists, the following will be applied:

- **Passenger personal details: first and last name, ID number or Passport number.**
- **Date of issuance of the PCR test.**
- **Effective 1st June 2021,** all passengers entering Israel will pay a fee for their post-flight PCR test. The test is mandatory for all passengers upon arrival. In order to enjoy a reduced fee and save time at the airport, passengers may pay the fee in advance, during the process of the Inbound Passenger Clearance statement. **(The cost is 80ILS in advance payment or 100ILS upon arrival)**

- Registration and payment for PCR tests in advance on the PCR testing company's website.
- Passengers vaccinated abroad (with vaccines recognized by the Ministry of Health) are required to isolate unless they have undergone a serological test. In case of positive result, exempt from isolation will be allowed.

Corona Tests at Ben-Gurion Airport for Incoming Passengers

1. All incoming passengers into Israel are required to take a corona test before leaving the terminal area to home quarantine.
2. The corona tests at Ben-Gurion Airport are conducted after completing the incoming passenger process, in the Welcome Hall, before passengers leave the terminal.
3. As part of the corona test process the passengers register at the registration counters staffed by the company conducting the corona tests.
4. To allow for an efficient and quick process the passengers should register in advance through the Omega application website in order to save valuable time waiting in line.
5. Please transmit this information to all the relevant entities and inform the passengers when they register for a flight to Israel.

QUARANTINE:

- **Starting from 15th July, 2021**, the following changes will enter into effect pursuant to the Public Health Order Amendment (7 days Home Isolation):
 - Shortening of the home isolation subject to two negative PCR tests.
 - First test on landing at Ben Gurion International Airport. Second test starting from the seventh day of isolation. Release from isolation – once a negative result of the second test is received.
- Full mandatory isolation of 14 days for all passengers arriving from maximum-risk countries or countries issued a Severe Travel Warning or for passengers not vaccinated or recovered in Israel. The isolation period can be shortened to 7 days subject to undergoing a PCR test with a negative result on the seventh day of isolation (in addition to undergoing the test at the airport on landing as stated above).
- Mandatory isolation of up to 24 hours (or until receiving a negative PCR test result) for passengers vaccinated/recovered in Israel not arriving from one of the maximum-risk countries or countries issued a Severe Travel Advisory.
- People vaccinated abroad (with vaccines recognized by the Ministry of Health) are required to isolate unless they have undergone a serological test with a positive result, in which case they will not be required to isolate.
- The list of countries issued a severe travel advisory includes: (Uganda / United Arab Emirates /

		<p>Seychelles / Guatemala / Honduras / Zimbabwe / Zambia / Liberia / Mongolia / Myanmar / Namibia / Fiji / Panama / Paraguay / Colombia / Costa Rica / Cambodia / Kenya).</p> <ul style="list-style-type: none"> • <u>The list of maximum - risk countries includes:</u> (Uzbekistan, Argentina, Belarus, Brazil, the UK, Georgia, South Africa, India, Mexico, Spain, Kyrgyzstan, Cyprus, Russia, and Turkey). <ul style="list-style-type: none"> • Holders of Israeli passports/transit certificates arriving from these countries are entitled to come to Israel. • Holders of Israeli passports/transit certificates are required to be quarantined between 24 hours and 14 days depending on the country from which they arrived, including vaccinated and recovering. • Israeli citizens and residents arriving from the countries listed above, including vaccinated/recovering, will be required to be quarantined at home for 14 days, except for passengers on connecting flights who were at the airport in one of the countries listed in Section 1 for less than 12 hours. • Pursuant to the regulations, citizens and residents of Israel are prohibited from traveling to these countries, excluding exceptions approved by the Exceptions Committee. All people entering Israel from these countries, including recovered and vaccinated people, are required to isolate on entering Israel.
9	<u>IRAQ</u>	<p><u>1- Bagdad:</u></p> <ul style="list-style-type: none"> • All the expired visa stickers during NOTAM period are not accepted for travel. The passenger has to refer to the Iraqi's embassy. • The entry permit- the paper form- which has been issued from date 22 NOV 2019 is accepted for travel despite its validity for three months. • Passengers have to adhere to the precautionary measures using their PPE and to keep the social distance. • <u>All live animals (PETC-AVIH) are prohibited onboard.</u> • <u>PCR:</u> • All departing passengers (Iraqi and foreign nationality) must be in possession of a PCR test (from laboratories approved by ministry of health: ALESTESHRI / DAR AL-TAMREDH) or according to arriving countries requirement. • If any country has not requested such a PCR test then, passengers must have PCR test not less than 72 hours from departure time. • All arriving passengers (Iraqi and foreign nationality) must be in possession of a PCR test from country of departure <u>not more than 72 hours from the departure time.</u> • Passengers coming from <u>Canada</u> must have a PCR negative result tests not to be <u>more than 96 hours</u>

instead of 72 hours.

- **QUARANTINE:**

- (A Health Declaration form / Pledge document form) should be printed and given to passengers to be filled before arrival.
- Arriving passengers must wear masks and gloves when they enter the terminal from plane.
- Sufficient hand sanitizer is available on flights for passengers to use.
- **Any passengers who have been in Iran in the past 30 days are not allowed to enter via Erbil (EBL) or Sulaymaniyah (ISU).**
- Residence permits (Iqama) or re-entry permits issued by Iraq which have expired between (1 February 2020 and 1 August 2020 are still considered valid to enter via Erbil and Sulaymaniyah).
- With immediate effect and not accepted from now; the exception of acceptance expired residence permits (Iqama) or re-entry permits issued by Iraq which have expired between (1 February 2020 and 1 August 2020 are still considered valid to enter via Erbil and Sulaymaniyah) is expired and no longer accepted.
- Travelling from / to INDIA:

A- Arrivals:

- Indian passport holders, and any other nationality, traveling from India since the 20th of April will not be allowed to enter Kurdistan.
- Iraqi Citizens as well as those who can prove their Iraqi identity are allowed to return from India, but will be subject to a PCR test on arrival into Erbil, and then a compulsory 14 days quarantine, in hotels, with transportation supervised by Ministry of Health.
- A 2nd test on Day 7 if confirmed negative will mean the passenger can finish their compulsory quarantine period at home.
- Positive cases will require to be transferred to 'special health facilities'.
- UN and Diplomatic passport holders will be allowed to enter KRG, they must apply in advance for permission/approval from KRG's Ministry Of Interior, before starting their travel. (No exceptions will be

permitted)

- Once the approval to travel is confirmed by MOI, UN and Diplomatic passport holders, travelling from India, will be subject to fourteen days quarantine on arrival into Kurdistan. (The MOH have advised that the quarantine will be at a facility as instructed by them).
- Self-quarantine, at a residence or a hotel of the passengers' choice will not be permitted
- Awaiting confirmation from MOH as to the specific quarantine arrangements for UN and Diplomatic passport holders.
- Indian Passport holders who have not travelled from India are permitted to travel to Kurdistan.
- i.e. residents in UAE or Qatar as an example.

B- Departure:

- Iraqi Citizens as well as those who can prove their Iraqi identity are not allowed to travel to India.
- Indian passport holders are permitted to travel back to India.

PCR:

Arrivals for All passengers - including Iraqi national :-

- A genuine Negative-result PCR certificate, no older than 48 hours
- Or certified documentation, to confirm having received the required dosage of whichever vaccine received (after more than 14 days).
- If the above documentation is provided, there will be no re-test on arrival in Erbil.

However, if the PCR is over 48 hours, or is missing/invalid or identified as. 'Not genuine' then the passengers will be retested, at their own cost on arrival in Erbil. (the cost is 60,000IQD or equivalent in USD)

Departures for All passengers - including Iraqi national :-

- All passengers including who have had the vaccination, must still have a negative PCR test from governmental approved labs.

(Children Under and including 12 years old will not need to provide any documents)

- Passengers coming from **Canada** must have a PCR negative result tests not to be more than 96 hours instead of 72 hours.
- **PCR test for departed passenger from Erbil international airport is subjected to the requirements of his /Her Destination.**
- **Effective from the 1st of November.**
- **Passengers from the UK can travel with a medical negative Coronavirus (COVID-19) test result report issued at most 48 hours before departure from the first embarkation point.**
- **However, certificates issued by UK's National Health Service (NHS) are no longer acceptable by**

		<p>Kurdistan’s Ministry of Health, and those passengers will have to undergo the coronavirus test on arrival, prior to Immigration.</p> <ul style="list-style-type: none"> • <u>QUARANTINE: All passengers are going to be subject to self -quarantine for 14 days on the passengers’ expense.</u>
10	<u>OMAN</u>	<ul style="list-style-type: none"> • <u>All visa holders are welcomed to enter Oman.</u> • <u>Starting from 19th March 2021 (12:00 pm) until further notice</u>, all direct passenger flights from the United Kingdom are banned, and to prohibit the travelers and those who have transited United Kingdom territory during the past 14 days to enter the Sultanate. (Omani citizens are excluded) • <u>Passengers arriving to Oman:</u> <ol style="list-style-type: none"> 1) (Omani citizens / residents in Oman with valid residency permits / GCC citizens / residents with valid residency permits and passengers with valid visa) are allowed to enter the Sultanate without the need for prior approval. 2) All travelers shall fill in and sign a health declaration form to confirm that they do not have Covid-19 and its symptoms 3) Passengers arriving to the Sultanate of Oman for a period up to seven (7) days are subject to COVID-19 PCR test on arrival. 4) <u>All passengers must complete pre-registration via https://covid19.emushrif.om/traveler/travel for the PCR test in Oman, pay (25) OMR test fees. Download and Register in Tarassud+ application before arriving in Oman and complete the registration on arrival.</u> 5) Passengers arriving to the Sultanate of Oman for a period more than seven (7) days are subject to COVID-19 PCR test on arrival, (Tarrasud+) bracelet, quarantine for seven (7) days and COVID-19 (PCR) test on the eighth day. 6) <u>Children from aged 15 years and less are exempted from COVID-19 PCR test and Tarassud+ bracelet.</u> 7) EgyptAir must not check in any passenger who did not complete this requirement. 8) Diplomats working at foreign embassies accredited to the Sultanate of Oman and diplomats visiting the Sultanate are exempted from the COVID-19 requirements for passengers to and from Oman. • <u>All Foreign Passengers are NOT allowed to Enter Sultanate of Oman if they stay Outside of Sultanate of Oman for more than 180 Days or their Resident is expired.</u> • <u>There is no longer an option for passengers travelling to Oman to stay in the sultanate for a period of less than 8 days. EgyptAir must insure that there are no travel reservations is made to depart Oman before the mandatory quarantine period ends (7 days with negative result PCR test on the 8th day).</u> • <u>Effect from 25th February 2021 (12:00 pm), until Further Notice. Except for Omani citizens, diplomats, health staff and their families who will be subject to the procedures adopted to enter the</u>

Sultanate. Suspension of entry to the Sultanate to the arrivals from the following countries: (the Republic of Sudan / the Republic of Lebanon / the Republic of South Africa / the Federal Republic of Brazil / the Federal Republic of Nigeria / the Federal Republic of Tanzania / the Republic of Ghana / the Republic of Guinea / the Republic of Sierra Leone / the Democratic Federal Republic of Ethiopia / the United Kingdom / the Republic of India / the Islamic Republic of Pakistan / the Republic of Bangladesh / the Republic of Philippines) and arrivals from any other country if they have passed through any of aforementioned countries during the previous 14 days preceding their request to enter the Sultanate.

- Effective 09th July 2021, (17:00 Omani LT),
 - **Egypt** will be **removed** from the list of countries in which entry to the Sultanate is prohibited.
 - Passengers from abroad who have received the two doses of the approved vaccine are also allowed to travel to Salalah and Khashb Airports on direct international flights as well as the international passengers transferred on domestic flights. The Omani Residents of Dhofar and Musandam Governorates are excluded. GCC citizens may also travel to Salalah and Khasab airports if they have received two doses of the approved vaccine.
 - adding arrivals from (the Republic of Singapore, the Republic of Indonesia, the Republic of Iraq, the Islamic Republic of Iran, the Republic of Tunisian, the State of Libya, the Argentine Republic, the Republic of Colombia and Brunei Darussalam) and travelers who have been travelling from other countries but have passed through any of these two countries in the previous 14 days prior to their request to enter the Sultanate, to the list of countries from which entry to the Sultanate is suspended. (With the same conditions and exceptions).

PCR:

- **Effective from 29th December, 2020 (00:01 Omani local time) A COVID-19 PCR test certificate 72 hours before arrival, is required from all passengers travelling to Oman (Arabic or English).**
- COVID-19 PCR test has been amended for long international flights (not less than 8 hours including transit) to be conducted **within 96 hours prior to the scheduled time of arrival in Oman.** The requirement for negative COVID-19 PCR test for shorter flights is remaining to be conducted within 72 hours.
- **Medical insurance against COVID 19 (covering the cost of treatment for 1 month) is required from all passengers travelling to Oman (except Omani citizen & GCC citizens who is holding free medical card).**
- PCT test when passenger arrive to Muscat airport.
- 7 days self-isolated is required.
- Omani Citizens who are tested positive after recovering from COVID-19 are allowed to travel to the Sultanate if providing proof that they have completed the prescribed quarantine period before taking the COVID-19 PCR test prior to departure to Oman

- **Departing Passengers from Oman:**

- 1) Omani citizens shall have health insurance covering COVID-19 valid in the country they are travelling to.
 - 2) Passenger shall comply with the conditions of the country they are traveling to.
- EGYPTAIR will **pay a fine starting at 200 OMR** for each passenger arriving to Oman and not complying with the general health procedures issued by the Civil Aviation Authority.
 - Suspend flights from the destination where a violation has been detected for a period one week with the obligation to pay the violation fine, in case the violation is repeated more than once within a period of one week.
 - Suspend the airline's flights to Oman airports for two consecutive weeks, if the number of passengers not bound by the prescribed health obligations exceeds ten passengers per flight.

QUARANTINE:

- **Effective from 15th February 2021, 12:00 PM,**
- For all passengers arriving in Oman, EgyptAir MUST ensure that there is a pre-confirmed hotel reservation for all arrivals on their flights covering the mandatory quarantine period (at least 7 nights). (at the passenger own expense)
- With immediate effect until further notice, to exempt all **faculty staff** working in the public and private education sectors and their family members from the mandatory institutional quarantine upon arrival to the Sultanate, and shall adhere to **home quarantine and to wear the electronic tracking bracelet.**
- **Effective from 11th May 2021 18:00 (Oman local time),** Institutional quarantine applies to all non-Omani arrivals into the Sultanate, **including families with children under the age of 18.**
- **Effective from 06th April 2021,** Omani citizens arriving in Oman are **exempted from the mandatory institutional quarantine,** but should undergo a home-based isolation, together with other procedures applicable to all arrivals in the Sultanate. Consequently, they will not need to provide proof of a hotel booking for 7 nights, or a guarantee letter which specifies details of the arrangements being made in according with the institutional quarantine requirements.
- **Effective from 29th March, 2021 (02:00 pm);** All arrivals shall book accommodation in hotels and institutional isolation via the (Sahala) platform on (<https://covid19.emushrif.om/>). Some categories are exempted.
- Airlines are responsible for ensuring that the passenger is holding a confirmed booking via the (Sahala) platform.
- **Effective at 12:00 p.m. (Oman local time) on Tuesday, 17th August 2021,** The institutional quarantine will be applied to all arrivals from the Republic of Iraq and the Islamic republic of Iran. This includes Omani citizens arriving from the two mentioned countries and arrivals from any other country if they have passed

		<p>through any of aforementioned two countries during the previous 14 days preceding their request to enter the Sultanate.</p> <p><u>The following arriving passenger categories are exempted from presenting pre-confirmed hotel reservations before they are checked in at the airport of departure: -</u></p> <ol style="list-style-type: none"> 1. Diplomats working at foreign diplomatic missions accredited to the Sultanate, their families and diplomats visiting the Sultanate. 2. Arrivals from the age of 18 and less if traveling alone, and arrivals of the age of 60 and above. 3. Sick passengers whose health conditions require special attention as per the health form. The exception includes two companions with female or under 18 years old patients and only one companion with male patient above 18. 4. Holders of permits for private institutional isolation centers that are pre-approved by the Relief & Shelter Sector. <ul style="list-style-type: none"> • <u>For sea crews moored in the territorial waters of the Sultanate, airlines are obliged to ensure that there is a hotel reservation covering the duration of their stay in Oman based on the letter of the shipping agent.</u>
11	<u>BAHRAIN</u>	<p><u>PASSENGERS ARE NOT ALLOWED TO ENTER BAHRAIN, UNLESS THEY ARE:</u></p> <ul style="list-style-type: none"> • Bahraini citizens. • GCC (Gulf Cooperation Council) citizens who don't require visa. • Passenger who residing in Bahrain. • Passengers with a valid e-visa granted prior to boarding. • Passenger who are eligible for visa on arrival. • This does not apply to military personnel. • Completion of the mandatory COVID-19 testing payment online using BeAware mobile application Or Link: http://bh.bh/covidpay • <u>Red list countries:</u> (Myanmar / Tunisia / Philippines / Pakistan / Zimbabwe / Iran / Malaysia / Mongolia / South Africa / Uganda / Panama / Mozambique / United Mexican States / Iraq / Namibia / Indonesia / Dominican / India / Sri Lanka / Bangladesh / Nepal / Vietnam / Georgia / Ukraine / Malawi) <ul style="list-style-type: none"> • Passengers arriving from Red List countries, including transit passengers through any of those countries at any point in the preceding 14 days, <u>are prohibited from entry UNLESS they are citizens or residents of the Kingdom of Bahrain.</u> • All <u>vaccinated</u> and unvaccinated passengers arriving directly from or in transit through Red List countries, <u>who are 6 years or above and eligible for entry, are subject to the following procedures:</u> <ul style="list-style-type: none"> • Passengers eligible for entry must present a negative PCR certificate, with a QR code,

administered within 48 hours of their departure

- Undergo further testing upon arrival, and on their 10th day of mandatory quarantine
- Undertake a 10-day quarantine at a designated center licensed by the NHRA. Passengers with an address in Bahrain, registered in their name or the name of an immediate family member, may complete their 10-day mandatory quarantine at that residence
- Be Aware Payment for testing may be made on arrival or through the 'BeAware Bahrain' application.

PCR:

- Non-vaccinated passengers must present a negative test certificate with a QR code for a PCR test administered within **48 hours** of their departure.
- Passengers are also required to undergo a PCR test on arrival and on the 5th and 10th day of their stay in Bahrain.
- Passengers aged 6 years and below are exempt from mandatory testing requirements.

Effective 25th June 2021,

- All passengers are required to have PCR test within 72 hours for green countries (age 6 years and above), and 48 hours for red countries. **Exception** is made for:
 - 1- Passengers from the gulf cooperation council (GCC) who are fully vaccinated.
 - 2- Recovered passengers from Bahrain and countries with mutual recognition of vaccine certificates.
(Hungary / Cyprus / Greece / Israel)
- PCR test (including Bahraini citizens and residents) will be required on arrival and on the 10th day for those who are vaccinated or those who have recovered from the virus, where vaccination certificates can be presented via the (beaware Bahrain) application.
- PCR test upon arrival and 10th day with 24 BHD.
- **The test fee shall be paid advance by the passenger through “Be Aware” Bahrain application (<http://bh.bh/BeAware>) or through the self –service payment kiosk at the airport.**
- The cost will be 24 BHD for these tests.
- PCR tests for Bahraini citizens and residents will NO longer be required for those who are vaccinated or those who have recovered from the virus, where vaccination certificates can be presented via the (beaware Bahrain) application.
- Passengers from the gulf cooperation council (GCC) who are fully vaccinated or recovered are no longer required to undergo a PCR test upon arrival.
- GCC passengers shall show evidence of vaccination or recovery through a certification or an official

GCC mobile application. This decision, as well as the decisions below, do not extend to passengers between the age of 6 and 17.

- Passengers from countries (Hungary / Cyprus / Greece / Israel) with mutual recognition of vaccination certificates will undergo PCR tests upon arrival and on the 10th day if evidence of a recognized vaccine is provided.
- Passengers who are vaccinated in the (UK/ EU / USA / Canada) with approved vaccination certificates, will be provided with a vaccination certification card proving the acceptance of their vaccination status. However, these passengers will have to undergo required PCR testing, to self-isolate until a negative result is returned, and undergo further testing on their 5th and 10th day of their stay.
- Fully vaccinated passengers from countries not mentioned above with a valid vaccination certificate with a QR code will be provided with a vaccination certification card proving the acceptance of their vaccination status. However, they will have to undergo required PCR testing, self-isolate until a negative result is returned, and undergo further testing on their 5th and 10th day of their stay.
- Passengers with valid vaccination certificates, recognized by the government of Bahrain, are exempt from the testing and quarantine requirements
- Passengers with valid vaccination certificates issued by public health authorities in (the USA, Canada, UK , Australia, New Zealand, Japan, S Korea and Singapore or the EU are exempt from mandatory quarantine requirements but must undergo a PCR test upon arrival and an additional test on the 10th day of their stay in Bahrain.
- All costs associated with mandatory testing and quarantine are borne by the traveler

QUARANTINE:

- Effective 25th June 2021, 10 days quarantine for all non-vaccinated passengers coming from red list countries will be applied (age 6 years and above).
- Passengers must present proof of a prepaid reservation in their name for a designated quarantine facility before boarding a flight to Bahrain.
- NO QUARANTINE required for those who are vaccinated within GCC area, recovered passengers from Bahrain and countries with mutual recognition of vaccine certificates.(Hungary / Cyprus / Greece / Israel)

4	<u>ALGERIA</u>	<p><u>Till further notice, all international flights to/from Algeria are temporarily suspended. Effective from 01st March till 31st March 2021</u></p> <p><u>Traveling to Algeria:</u></p> <ul style="list-style-type: none"> • <u>Only holders of Diplomatic passports (in possession of authorization from Algerian embassy or from Algerian minister of foreign affair to enter Algeria with negative PCR test (72) hours) are allowed to enter Algeria without changing the authorization received from the Algerian Civil Aviation authority</u>

		<p>for direction CAI /ALG.</p> <ul style="list-style-type: none"> • All incoming passengers for all nationalities (including Algerian) are not allowed to enter Algeria. • All nationality (including Algerian citizens) travelling to Algeria must be in possession of <u>negative PCR test (72) hours</u> • All nationality (including Algerian citizens) travelling to Algeria must be in possession of authorization from Algerian embassy or from Algerian minister of foreign affair to enter Algeria <p><u>Traveling from Algeria:</u></p> <ul style="list-style-type: none"> • All Algerian citizens' holders Visa (wife or husband of Egyptian) are allowed to exit Algeria without authorization from Algerian minister of foreign affair. • All Algerian minor's holders Visa (son or daughter of Egyptian) travelling with their father or mom are allowed to exit Algeria without authorization from Algerian minister of foreign affair. • All Algerian citizens' holders other types of Visa (tourist, work) are not allowed to exit Algeria unless they have an authorization from Algerian minister of foreign affair to exit Algeria. • All Algerian holders of Egyptian residency are allowed to exit Algeria without authorization from Algerian minister of foreign affair.
5	<u>ERITREA</u>	<p><u>Till further notice</u>, Asmara airport is closed for commercial airlines flights. (<u>EgyptAir is given permit to operate to and from Asmara starting 28th May2021</u>)</p> <p><u>PCR:</u></p> <ul style="list-style-type: none"> • All passengers travelling to Eritrea Must provide a certified evidence of negative PCR test result for COVID-19 carried out and issued within 72 hours prior to their arrival to Asmara International Airport, <u>except for:</u> <ol style="list-style-type: none"> 1- Those who have valid COVID-19 vaccine certificates. 2- Children, under 6 years old and who are travelling with family members are exempted from the test if the family members tested are negative and fit to travel. • Rapid Antigen Testing upon arrival at the airport (30 USD) for each passenger is already added to YQAC in the ticket and no need to collect it manually from the passenger at the airport.
6	<u>NIGERIA</u>	<ul style="list-style-type: none"> • <u>Effective from 01st February 21 EgyptAir will resume daily operation to LOS.</u> • <u>All Passengers travelling to Nigeria are required to register via the International Travel online Portal https://nitp.ncdc.gov.ng/onboarding/homepage to provide the following required health information:</u> <ol style="list-style-type: none"> 1-<u>Provide required health information.</u> 2-<u>Upload their pre departure Covid-19 PCR test result.</u> 3-<u>Pay for a repeat Covid-19 PCR test to be carried out 7 days upon arriving the country and</u>

generate a QR barcode. The presentation of a QR barcode on arrival in Lagos will expedite clearance and prevent unnecessary delay and congestions at the airport.

- Where this is a requirement for a COVID-19 test result at transit points and or destination countries, Out bound passengers are strongly advised to book and get tested at government approved COVID -19 testing laboratories which can be accessed via <https://covid19.ncdc.gov.ng/laboratory/>
- Please be informed that the adherence to the above mentioned authorities instructions is very important especially during this period of the second wave of the virus. In some limited cases, if the passenger failed to do the online second PCR test payment, he must be informed that the Health Port authorities does not collect cash money for the second PCR test and he must have a valid and active credit card to pay upon arrival which is not the default of the instructions. Also a comment is added on the DCS system with the passengers manifest list showing that the passenger is acknowledged about the second PCR test payment, in order to submit it to the concerned authorities if the passenger denied his Acknowledgment.
- Any passenger who has visited (**Brazil / India / Turkey**) within (14) days preceding travel to Nigeria, shall be denied entry into Nigeria. This regulation, however, does not apply to passengers who transited through these countries. (EgyptAir shall pay a penalty of \$3,500 dollars for each defaulting passenger).
- Non-Nigerians will be denied entry and returned to the country of embarkation at cost to the Airline.
- Nigerians and those with permanent resident permit shall undergo seven (7) days of mandatory quarantine in a Government approved facility at the point-of-entry city and at cost to the passenger. (Within 24 hours of arrival shall take a COVID-19 PCR test)

PCR/ QUARANTINE:

- All Passengers arriving to Nigeria MUST have NEGATIVE PCR test within **72 hours before departure (the 72-hour test validity is from the first point of departure)**.
- Children aged Ten (10) years and below traveling to Nigeria are exempted from NEGATIVE COVID-19 PCR test result as a requirement for boarding flights, the payment for the repeat COVID-19 PCR test in Nigeria is also not applicable to this age group.
- Diplomats traveling to Nigeria are required to use the International Travel Online Portal to provide the required information and upload their NEGATIVE PCR test result. The payment for the repeat COVID-19 PCR test in Nigeria is also not applicable to Diplomats.
- **Egyptair will be fined USD 3,500 per passenger for failure to comply with the pre-boarding**

		<p><u>requirements.</u></p> <ul style="list-style-type: none"> • Passengers originating from (<u>UK / South Africa</u>) with final destination being Nigeria, <u>the following shall apply:</u> <ol style="list-style-type: none"> 1- Passengers must present (permit to fly (QR code) generated from https://nitp.ncdc.gov.ng/ Negative COVID-19 result within 72 Hours) to allow to board 2- Self-Isolation for 7 days. • All passengers should proceed on mandatory <u>7 days self-isolation/quarantine</u> in their selected place of abode; self-isolation in the city of port of entry is not mandatory. The payment for the 2nd PCR test is mandatory for all passengers. • Present themselves at the laboratory/sample collection centers on the 7th day of arrival. Samples will be taken, and a COVID-19 PCR test done. The selected private laboratory provider will send a • Reminder text message, email, or phone call to the passenger a day before the appointment.
7	<u>TUNISIA</u>	<ul style="list-style-type: none"> • <u>Effective from 21st December 2020 (23:59) till 20th January 2021 (23:59)</u>, All passengers coming from (UK / South Africa / Australia) are <u>NOT ALLOWED</u> to (enter / transit) through all Tunisian airports. All flights between Tunisia and (UK / South Africa / Brazil) are suspended. <p><u>PCR:</u> <u>Effective from 01 July 2021</u></p> <ul style="list-style-type: none"> • All passengers travelling to Tunisia should be in possession of a negative COVID19 PCR (<u>RT-PCR test</u>) - <u>with QR Code - whose date of result doesn't exceed 72 hours (even if passenger has been vaccinated against corona virus) at check-in at the airport of departure to Tunisia</u>, <u>the following categories of passengers are exempted:</u> <ul style="list-style-type: none"> • Children under 12 years old are exempted. <p><u>QUARANTINE:</u></p> <ul style="list-style-type: none"> • (7 days self -isolation is required). • In case of the passenger travelling to Tunisia has an urgent need to travel without a negative PCR test, he/she <u>must</u> get an approval from the Tunisian Authorities. • All passengers travelling to Tunisia shall fill and submit online Health Form through the link : https://app.e7mi.tn , with the necessity for the air transport companies to adhere to the following: • Airline must verify, edit and validate prefilled forms before boarding via https://e7mi.tn/e7mi-boarder.apk. • <u>A QR code generated from the completed form must be presented prior to boarding & to immigration upon arrival. The form must be printed and signed by passenger to be submitted upon arrival.</u>

8	<u>ETHIOPIA</u>	<ul style="list-style-type: none"> • Egyptair shall use the web version of the application E7mi Borders designed for Airlines through the web link : https://app.e7mi.tn with the access code : • Username : agent-Egyptair-Cairo • Password : BUDLW9HX • Egyptair shall be fined in case of any violation to the above mentioned instructions. • Charter flights passengers who are coming for tourism are exempted from PCR test (Another protocol will be applied). • <u>Acceptance of transit / transfer passengers through Tunisia international airport on condition that:</u> • <u>Transit passengers should be in possession of RT-PCR test whose date of result doesn't exceed 72 hours at check-in at the first airport of departure.</u> • <u>Maximum transit time at Tunisia international should not exceed 24 hours.</u> • Passengers who are travelling to Tunis for emergency cases concerning (death one of the passenger's family) are exempted from quarantine provided that having the following: <ul style="list-style-type: none"> 1- RT-PCR test not more than 72 hours before departure. 2- Death certificate for the one who died not more than 72 hours from departure time. 3-The documents which proof the relative relation (father, mother, brother, sister, uncle, aunt, grandfather, grandmother). The passenger MUST register via https://app.e7mi.tn • <u>Diplomats and members of United Nations missions (accredited to Tunisia) and their families residing in Tunisia are exempted from hotel quarantine and must spend 7-day self-containment to their residences in Tunisia (home isolation) provided the following:</u> <ul style="list-style-type: none"> 1- RT-PCR test not more than 72 hours before departure. 2- <u>The Embassy or organization concerned must inform EgyptAir by a Verbal Note before time of departure (This Note must be transmitted by the Ministry of Foreign Affairs, Migration and Tunisians abroad to the General Directorate of Civil Aviation which transfers it to its turn to the relevant airline).</u> 3-<u>Present the valid resident card in Tunisia at the flight check-in desk.</u> The passenger MUST register via https://app.e7mi.tn • <u>EgyptAir must send Diplomats and members of United Nations missions (names / telephone numbers / quarantine addresses) who are coming from UK, South Africa and Brazil via yamina.jlail@transport.state.tn</u>
		<ul style="list-style-type: none"> • <u>Effective from 06th January 21 EgyptAir will resume daily operation to ADD.</u>

		<ul style="list-style-type: none"> • <u>PCR / QUARANTINE:</u> • <u>All passengers MUST have a negative PCR test issued 120 Hours before arrival from accredited laboratory center</u> • <u>The PCR test must have 2 dates (sample date and report date), the sample date must be 5 days at most before arrival time.</u> • <u>This does not apply to passengers younger than 10 years old.</u> • <u>No more quarantine is available anymore for passengers without or with invalid / expired PCR test (neither Quarantine Hotels nor Governmental Quarantine)</u> • <u>Any passenger arrives without PCR or with invalid / expired PCR will not be allowed to enter Ethiopia and the carrier will be forced to remove the passenger(s) on the same day of departure. In addition, a legal notice against the carrier for failing to comply with the government regulations will be issued.</u>
9	<u>GHANA</u>	<ul style="list-style-type: none"> • All Passengers will be required to always wear a face mask appropriately (extending from the middle of the nasal bridge to halfway between the chin and the neck) and adhere to social distancing and hygiene protocols. • Passengers are advised to arrive at the airport at least 4 hours before the scheduled departure time. • All passengers to complete the form online before arriving to Ghana. https://www.ghs-hdf.org/hdf/ <p><u>PCR:</u></p> <ul style="list-style-type: none"> • All International arrivals must be in Possession of a COVID-19 negative PCR test result from an accredited laboratory in the country of origin. • The test should have been done not more than <u>72 hours before</u> the scheduled departure time from the country of origin • <u>Airlines who board passengers without a PCR test result or a Positive PCR test result will be fined US\$3,500 per passenger, <u>Non-Ghanaians</u> may be refused entry and returned to the point of embarkation at a cost to the Airline, <u>Ghanaians</u> will be allowed entry but subject to 14 days of mandatory quarantine at a facility approved by the Government and at a cost to the passenger.</u> • <u>All passengers travel to Accra must have the Online Payment Receipt and show it to check in counter, to avoid heavy penalties.(3500USD / passenger)</u> • Passengers transiting and transferring through Accra will not be required to take the COVID-19 test in Accra. • Transit passengers will be required to adhere to COVID-19 testing requirements for the destination countries.

- For passengers who transit through other countries before arriving in Ghana, the first country of departure will be the reference point (Connecting flights should not deny passenger boarding, as long as the journey has not been terminated in any of the transit countries.)
- For passengers who depart Ghana and return within one (1) week, the passengers will not be required to present a COVID-19 test result from the country of departure. They will however undergo a mandatory COVID -19 testing upon arrival in Ghana.
- Passengers will be subjected to a mandatory COVID-19 test at the airport terminal at a cost of \$150 to be borne by the passenger. Payment can be made online at <https://myfrontierhealthcare.com/Home/Ghana> , and proof of payment (receipt) shown to Airline before boarding. (Ghanaians and Ecowas Citizens - \$50)
- Any Passenger who refuses to pay to undergo the COVID-19 test will be subjected to the following: Passenger's passport will be seized, and passenger handed over to State Security Agencies, Passenger will be taken into fourteen (14) day quarantine at a designated location at the passenger's cost.
- All arriving passengers who test positive for COVID-19 will undergo mandatory isolation and treatment at a designated health facility or isolation centre, at a cost to passengers, EXCEPT Ghanaian citizens. The isolation will be for a period of seven (7) days. However, the final discharge of cases will be based on existing case management guidelines and protocols.
- All passengers testing negative will be advised to continue to observe COVID-19 safety precautions following arrival in Ghana.
- Airlines who board passengers without proof of payment for the COVID-19 test and would/could NOT pay for the test in Ghana, will be fined US\$3,500 per passenger.
 - Non-Ghanaian passengers may be refused entry and returned to the point of embarkation at a cost to the Airline.
 - Ghanaian passengers will have their passports seized; the passenger handed over to State Security Agencies and taken into a fourteen (14) day quarantine at a designated location at the passenger's cost.

Exemptions :

- Children under 5 years of age will not be required to undergo testing on Arrival at the Kotoka International Airport.
- **Children between the ages of 5-12 years will be required to pay for testing at the new rates**

12	<u>SOUTH AFRICA</u>	<ul style="list-style-type: none"> • <u>All travelers to complete Traveler Health Questionnaire prior to arrival or upon arrival at the Port of entry.</u> • <u>Leisure Travelers from high risk countries will not be permitted.</u> • <u>The exception</u> will be business travellers with scarce and critical skills including diplomats, repatriated persons, investors and people participating in professional sporting and cultural events will undergo the same health protocol screenings <u>with an approval of the cabinet member responsible for home affairs.</u> • If the passport of the traveller from a high risk country indicates that he/she has spent 10 days or more in a low risk country before departure, he/she will be considered to be arriving from a low risk country. • Travellers from medium and low risk countries will only be allowed into the country subject to the prevailing visa requirements.

- Long term visa holders who visit the country for business purposes will be allowed to travel to South Africa.
- Travellers from all African countries are allowed and must possess relevant travel documents, and will also be screened for COVID-19 symptoms
- South Africa reserves the right to **deny entry of any traveller who is travelling from a high risk country for tourism purposes.**
- **The international travellers should possess a mandatory travel insurance which is supposed to cover the COVID-19 test and quarantine costs.**
- Travellers arriving into South Africa are recommended to download the COVID Alert SA application on their mobile phones.
- **PCR / QUARANTINE:**
- All passengers travelling to South Africa (including South Africans) must provide a valid negative Polymerase Chain ("PCR") test certificate, obtained not more than 72 hours before arrival from an accredited laboratory and should have the name and signature of the practitioner who conducted such test.
- Children who are 5 years and below are excluded from test requirements.
- Where a traveler has not done a Covid-19 test prior to departure, they will be required to remain in mandatory quarantine at their own cost for the period of ten (10) days or undergo COVID -19 testing in line with the National Health Regiments.
- All travelers detected with symptoms will be required to remain in quarantine until a repeat COVID-19 test is conducted at their own costs.
- Should the traveler display any COVID-19–related symptoms or been in contact with an infected person(s), they will be expected to take a mandatory COVID-19 test. This test will be at the traveller’s cost. If the COVID-19 test comes back positive, the traveller will be subjected to a 10 day quarantine at a designated site. The accommodation at a quarantine site will be at the traveller’s cost.
- Travellers will also need to provide proof of accommodation address should they need to self-quarantine at the time of arrival in the country.
- It remains the responsibility of all airlines to ensure that no passenger is allowed to board the flights without valid COVID-19 test results, failure to adhere to this is condition will be viewed as contravention and might lead to administrative penalties.
- **Passenger in transit -**

		<ul style="list-style-type: none"> • Must be in possession of a negative PCR test certificate or a valid COVID -19 negative test certificate, obtained not more than 72 hours before the date of travel, from an accredited laboratory; • who displays symptoms of COVID-19 must, upon arrival and under the direction of Ports Health- <ul style="list-style-type: none"> a) Be taken through primary and secondary , screening, including COVID -19 testing, where applicable; b) Be quarantined, at own cost, if result is obtained. All Department of Health protocols and Department of Transport guidelines must be followed; and c) If travelling with family, be quarantined. At own cost, with the whole family
13	<u>CAMEROON</u>	<ul style="list-style-type: none"> • EGYPTAIR commercial passenger flights are permitted to take off /land the Cameroonian aerospace and territories (two weekly commercial scheduled flights in advance regularly). <ul style="list-style-type: none"> ➤ <u>All passengers must wear face masks.</u> ➤ <u>Passenger Locator Form (PLF) to be filled by the passengers before arrival.</u> <p><u>PCR / QUARANTINE</u></p> <ul style="list-style-type: none"> • All passengers travelling <u>to/from</u> Cameroon must have PCR with negative test 03 days prior to boarding according to the date of sample taken not the result date. • Moreover, passengers arriving to Cameroon will undergo another PCR test on arrival to Cameroonian airports. • If any passenger’s actual test proved positive, he will be quarantined for 3 DAYS and if still positive will be quarantined 14days. • On the other hand, if a passenger arrives without PCR, he will be quarantined and <u>Egyptair will be fined and will bear all the expenses.</u> • PCR is required from children more than 5 years.
14	<u>CHAD</u>	<p><u>Resumption of passenger flights at the airports of Chad.</u></p> <ul style="list-style-type: none"> • Health Declaration Form should be filled and signed by the passengers (This form must be completed no later than 24 hours before the flight). • Aircraft operators should provide passengers’ (Full name/ Seat allocated/ Work telephone number or e-mail address) to the relevant public health authorities. • Aircraft operators should perform the cleaning and disinfection of their aircraft, A copy of disinfection certificate must be sent from <u>CAI before aircraft arrive NDJ</u> on email Ndjkkms_kk@egyptair.com , The flight plan is accepted on presentation of a disinfection certificate issued or accepted by ADAC.

		<ul style="list-style-type: none"> • All passengers must hold yellow fever vaccination certificate. • <u>The ban on flights from South Africa, Britain and India is lifted. As a result, any passenger from these countries is authorized to come to Chad.</u> <p>PCR / QUARANTINE:</p> <ul style="list-style-type: none"> • <u>All passengers travelling to chad must have a negative test result to the COVTD-19 (PCR) and dated less than 72 hours before entering Chad.</u> • All children regardless their nationalities <u>under 12 years</u> old are exempted from PCR test upon arrive chad. • Passengers vaccinated in Chad and holding a vaccination record issued by the Chadian health authorities are exempt from PCR testing on arrival; • all passenger arriving to Chad by an international flight will be subject to an ANTIGENIC TEST (or RT-PCR), at a cost of 20,000 FCFA (40 US \$ or 30 EUROS), at the airport before entry. • Each passenger arriving to Chad and staying there for more than 7 days is required to perform a Covid-19 PCR test on the 7th day of his arrival. • The passenger who will stay less than 7 days, notice shall observe the barrier measures throughout his stay and report his contacts (hotel, home, place of work). • <u>Carriers violated this measures must cover all passengers' costs (hotel, tests and treatments) and will be fined 3,000,000 CFA (equivalent 5000 USD) per passenger.</u>
15	<u>UGANDA</u>	<p><u>Incoming passengers</u></p> <ul style="list-style-type: none"> • Effective 3rd July 2021, all passengers arriving Uganda are required to have a COVID-19 test taken within 72 hours <u>from sample taken date</u>. Children 03 years and below are exempted. • The Ministry would like to reiterate that all COVID-19 certificates for passengers MUST indicate TRAVEL as the intended purpose of test. • Egyptair shall not board any passenger (<u>both Ugandans and foreigners</u>) coming to Uganda without a negative COVID-19 PCR test. Failure to adhere to this, passenger shall be denied entry and Airline shall be obliged to take back the passenger and the Airline will be penalized a minimum of USD 3,000. • The PCR test must have been done from a laboratory approved by the country where the journey was initiated. • A passenger who shows signs and symptoms of an infectious disease on arrival will be put in a waiting ambulance and taken to an isolation center (Entebbe Hospital) where infectious disease checks and a sample for COVID-19 test will be carried out. Results will be returned within 24-

48 hours as the passenger remains in the isolation center'

- If a passenger tests positive for COVID -19 he/she will be taken to the COVID-19 treatment center, whether Ugandan or Foreign national' If a foreign national wishes to be repatriated for treatment in another facility outside Uganda, this will be done at their own cost following COVID 19 medical evacuation Protocol.
- Passengers who have had COVID-19 vaccination and hold a certificate **MUST** still present a negative COVID-19 PCR test certificate within 72 hours from the time of sample collection to boarding aircraft.
- All arriving passengers from category 1 & 2 will be subjected to a PCR COVID-19 test on arrival in Uganda in addition to the negative PCR test undertaken from their country of origin.
 - **Category 1**- India (only returning Ugandans holding Ugandan passports). Non-Ugandans from category 1 will be allowed in if they will have spent 28 days in a quarantine center in a category 3 country. On arrival they will be subjected to a PCR test at their own cost.
 - **Category 2**- United States of America, United Kingdom, United Arab Emirates (UAE), Turkey, South Africa, Ethiopia, Kenya, Tanzania, and South Sudan.
 - **Category 3** – All countries not in Categories 1 & 2. These will not be subject to PCR test.
 - Individuals from Category 2 countries who have received full COVID-19 vaccination and have no signs of COVID-19 will be exempted from the PCR tests.
- In the unlikely event that a returning Ugandan arrives without a PCR Test, he/she will be allowed to enter the country but will have a **COVID-19 test done at his/her own cost (US\$65), and also quarantined at his/her own cost until results are back!**
- All passengers including children from (India / USA / UK / UAE / Turkey / South Africa / Ethiopia / Kenya / South Sudan / Tanzania) regardless the vaccination status will be subjected to PCR test on arrival. (\$65 is the fee)

3- EURPOE

<u>No.</u>	<u>Country</u>	<u>Instructions & Restrictions</u>
1	<u>ITALY</u>	<ul style="list-style-type: none"> • All incoming passengers must have proved reason to enter Italy (Permit of stay / Residence / Work visa). • Travel is allowed to and from any other Countries for reasons of work, health or absolute necessity, or to return home or to one's place of residence or dwelling, as well as for reasons of study. • Any other kind of tourism visa not allowed at the moment. • <u>Police authority at FCO airport will not release Egyptair Flights until all incoming passengers from Cairo been checked and approved to enter Italy that means flight can't be departed back to Cairo before clearance.</u> • Egyptair will be fully responsible for that and fine maybe imposed • Travel within the Member States of the European Union will continue to be unrestricted (in addition to EU Member States, (United Kingdom and Northern Ireland, Andorra, Principality of Monaco, Republic of San Marino and the Vatican City State). People travelling to Italy from these Countries will not be required to justify their reasons for travelling and will not be subject to a 14-day quarantine period in self-isolation (unless they stayed in any other Country during the 14 day period prior to travelling to Italy). • Passengers holding residence in the following countries (Algeria, Australia, Canada, Georgia, japan,

Montenegro, morocco, New Zealand, Rwanda, Serbia, republic of Korea, Thailand, Tunisia, Uruguay) are allowed to enter Italy.

- For the purpose of containing the spread of the COVID-19 virus, to persons who intend to enter the national territory and who in the previous fourteen days have stayed or transited in (**Belgium, France, the Netherlands, United Kingdom of Great Britain and Northern Ireland , Czech Republic and Spain**) without prejudice to the provisions of the decree of the President of the Council of Ministers of 7 September 2020, as extended by the decree-law of 7 October 2020, n. 125, the following alternative preventive measures apply:
 - Obligation to present to the carrier at the time of boarding and to anyone appointed to carry out checks on the attestation of having undergone, in the 72 hours prior to entry into the national territory, a molecular or antigen test, carried out by means of swab and negative result).
- **Entry and transit in Italy is forbidden** to people who have stayed or transited in the following countries in the previous 14 days: (Armenia, Bahrain, Bangladesh, Brazil, Bosnia Herzegovina, Chile, Kuwait, North Macedonia, Moldova, Oman, panama, Peru, Dominican Republic, Serbia, Montenegro, and Kosovo), also direct and indirect flights to/from countries referred are also suspended. Exception to this rule is for Italian citizens or nationals of EU and Schengen Member States, UK, Andorra, Monaco, San Marino or the Vatican City State and their close family members, provided that they were resident in Italy since before July 9, 2020.
- **Effective from 24th May 2021**, all passengers entering Italy from foreign states in list B,C,D and E (**Egypt in list E**) is required to fill in the DPLF (digital passenger locator form). For further information and DPLF visit website <https://app.euplf.eu/#/> .that in addition to the self-declaration forms. (**The passengers should fill the DPLF and get the QR code.**)
- **The travel regulations to/from this list as following.**
 - 1.The journeys towards the Countries included in the list E of Annex 20 (DPCM 2MAR21) are only permitted for one of the following reasons or conditions:
 - a) Work reasons
 - b) Absolute urgency
 - c) Health reasons
 - d) Study reasons
 - e) Return to one’s home, residence or dwellings (also a close partner’s residence in a proven relationship is acceptable)
 2. The entry into the national territory by the persons who in the 14 days preceding the arrival have stayed or transited in one of the Countries included in list E above is allowed on condition of

- abidance by the measures indicated in paragraph 3 below and exclusively for one of the following reasons or conditions :
- a) Work reasons
 - b) Absolute urgency
 - c) Health reasons
 - d) Study reasons
 - e) Return to one's home , residence or dwellings (also a close partner's residence in a proven relationship is acceptable)
 - f) EU , Schengen Agreement , Andorra , Principality of Monaco, San Marino and Vatican State citizenship
 - g) Relatives of the persons having citizenship in one of the Countries listed under f) above
 - h) Long-term residents or citizen of third Countries entitled to resident status
 - i) Relatives of the persons listed under h) above
 - l) Entry into the national territory to reach the home, residence or dwellings of a person listed under f) and h) above, even if not a cohabitant, with whom there is a proven and stable relationship.
 - m) Athletes, coaches, referees , sport journalists and assistants for sport events of national interest
- **The police form must be handed over to the border police upon arrival**
 - **The carrier's form must be kept by the carrier, available to the USMAF, Ministry of Health for any health checks.**
 - Travel to/from the countries **in list E** (EGYPT) is only allowed for specific reasons, such as: (work / health reasons / study reasons / absolute urgency / return to one's domicile, home, or residence).
 - Travelling for tourism is therefore not permitted.
 - The re-entry/entry into Italy, in case of stay/transit in the previous 14 days from this group of countries, is always allowed to Italian/EU/Schengen citizens and their family members, as well as to holders of long-term resident status and their family members (Directive 2004/38/EC). It is also confirmed the possibility of entry into Italy, from List E countries, for persons who have a proven and stable emotional relationship (even if not cohabiting) with Italian/EU/Schengen citizens or natural persons who are legally resident in Italy (long-term residents), who need to reach their partner's home/domicile/residence (in Italy).
 - **Effective 29th April 2021 till 21st June 2021**; Ban on entry and transit in Italy of natural persons from (**India / Bangladesh / Sri Lanka**).
 - The new order prohibits entry to Italy for people coming from India, Bangladesh and Sri Lanka or who have stayed in the countries in the preceding fourteen days. The entry ban does not apply to

the following persons:

- Italian citizens registered as residents in Italy since before April 29, 2021 and who do not display any symptoms of COVID-19, and the persons referred to in Art. 51, paragraph, 7 letter n) of the Prime Ministerial Decree of 2 March 2021.
- Italian citizens registered on the Registry of Italians Resident Abroad (AIRE);
- Only Italian Citizens and persons in possession of a formal written authorization from the Ministry of Health can enter Italy.
- On the basis of the provisions of the Ordinance, the entry into Italy of natural persons coming from or who have stayed in the previous fourteen days in India, Bangladesh and Sri Lanka is prohibited, with the exception of Italian citizens who do not show symptoms of COVID 19 and of the subjects referred to in art. 51 paragraph 7 letter. n of the Prime Ministerial Decree of 2 March 2021 (n) to officials and agents, however named, of the European Union or of international organizations, diplomatic agents, administrative and technical staff of diplomatic missions, consular officers and employees, military personnel , including those returning from international missions, and of the Police Forces, to the personnel of the Information System for the security of the Republic and of the Fire Brigade in the exercise of their functions).
- Entry is conditioned, in addition to the declaration obligations already provided for by the Prime Minister's Decree of 2 March 2021 and the Ordinance of the Minister of Health April 16, 2021, by:
- Obligation to present the certification of having undergone a molecular or antigenic test carried out in the 72 antecedents and negative result;
- Obligation to undergo a molecular or antigen test upon arrival at the airport;
- Obligation to undergo, regardless of the negative result of the test, isolation at a COVID Hotel or other place indicated by the health authority or civil protection for a period of ten days;
- Obligation to undergo a further molecular or antigen test after the quarantine period.
- Passengers arriving in Italy who do not meet the required requirements will be rejected with transport costs for repatriation to be borne by the carrier.

PCR:

- **As of 16 May 2021**, a molecular or antigen swab test needs to be performed **within 72 hours** prior to entry into Italy for those coming from or having stayed at/ transited through, in the previous 14 days, one or more states or territories listed in lists D and E (**Egypt in list E**).
- **Exemptions:**
Exemption from the swab test taken in the 72 hours prior to entry to Italy, from self-isolation and the swab test at the end of self-isolation

Without prejudice to the general conditions above, this exemption applies to the following categories:

- transport crew members
- onboard transport staff
- travel to and from the States and territories referred to in List A of Annex 20

- **Effective from 4am on Monday 5 th of July 2021**, Myanmar will be removed from the list of countries that do not require a pre-departure test. Passengers arriving into England from Myanmar after this time will need proof of a negative COVID-19 test unless they are exempt or have a reasonable excuse.

We urge you to check the links in your information to passengers.

- EGYPTAIR should exercise extreme vigilance on checking that every boarding passenger from an amber country has the testing package fields completed on the PLF.
- EgyptAir staff should take care from any **falsifying passengers** who arriving from red zone countries to Egypt only then staying at Cairo for 1 or 2 days and doing another new PLF illustrating wrongly that his/her first point of embarkation is Cairo only as they must Not enter UK unless 10 days to be passed from his/her exit date of red zone countries, that except for British or Irish nationals or third country nationals with residence, those will apply on them the measures of red list countries.
- Passenger who will present **fake PCR** for traveling from or to London will be reported to the police and investigated by the police”
- **QUARANTINE:**
- All arrivals must quarantine for 10 days unless exempt. If you have travelled through a **red list country in the last 10 days**, you must have a valid Managed Quarantine Facility booked prior to departure. For information please visit: www.gov.uk/travel-quarantine-and-testing. Check the list of exempt countries immediately before travel and the list of work-related exemptions if travelling for work.
- Since 04:00 GMT on Tuesday 6 April 2021, passengers who are exempt from the requirement to self-isolate when travelling to England for work must take tests following arrival. Some groups of these passengers can now book their tests via their employer and do not need to book and pay for tests in advance of travelling. Others are still required to book and pay for a test in advance of travelling. However, from 6 April all passengers who state an exemption on the Passenger Locator Form (PLF) do not need to include a test booking reference number on the PLF.
- If you quarantine in England, you may opt in to Test to Release. For further information please visit: www.gov.uk/guidance/coronavirus-covid-19-test-to-release-for-international-travel.
- **The measures will give police the power to carry spot checks at the home of international arrivals, and impose fines of £ 1, 000 for breaking the self- isolation rules.**
- **Exemptions from self-isolation favor certain jobs,**
- Please refer the mentioned link plus the new requirements also mentioned below for Business directors bringing jobs and investment to the UK. <https://smex-ctp.trendmicro.com:443/wis/clicktime/v1/query?url=https%3a%2f%2fwww.gov.uk%2fgovernment%2fpublications%2fcoronavirus%2dcovid%2d19%2dtravellers%2dexempt%2dfrom%2duk%2dborder%2drules%2fcoronavirus%2dcovid%2d19%2dtravellers%2dexempt%2dfrom%2duk%2dborder%2drules%23jobs%2dthat%2dqualify%2dfor%2dtravel%2dexemptions%2d1&umid=aef1dd1b-9201->

		<p>4272-bc97-e69d28483e3d&auth=e0ea8d76fb0a69b0ed7fc71e0a03902ca1384677-b028651e15c6d31a243f339fb852d27acd8b4008</p> <ul style="list-style-type: none"> • Any passenger have the option to take a PCR test after five days of self-isolation , with a negative test releasing them from the need to isolate themselves for 10 days in sequence. • <u>Arrivals from France will no longer need to quarantine if they are fully vaccinated</u> • <u>Effective 19th July 2021</u>, UK residents fully <u>vaccinated</u> via the NHS will be able to return from Amber countries with <u>no self-isolation</u> Under the conditions which mentioned below: <ul style="list-style-type: none"> • Effective 19 July the ‘should not travel’ advice for amber countries will be removed. • Devolved Nations will set own requirements so we need to check these. • Covid pass of vaccination status will be obtained on the NHS main app or via the NHS letter (Dial 119). • Fully vaccinated applies after 14 days have passed since last inoculation. • Vaccination status to be entered on the PLF (part of carrier check). • Pre-departure test is required. • PCR test on or before day 2 after arrival in the UK is required. Day 8 test not required or test to release. • Children under 18 from Amber counties will not need to self-isolate but require PDT and day 2 test. • Children aged 5 to 10 years only require a day 2 test. • Children 4 and under are exempt all testing and self-isolation. • Other markets such as EU and USA will be advised in future. • These measures mean that fully vaccinated passengers via the NHS will have the same requirements for Green and Amber countries. Red countries remain as now with MQS hotel quarantine even for those fully vaccinated.
4	<u>GREECE</u>	<p><u>Till 27th August 2021:</u></p> <ul style="list-style-type: none"> • All third country nationals are prohibited to enter the Hellenic Republic and <u>exempted</u> from restrictions: <ol style="list-style-type: none"> 1- EU member states nationals and the Schengen agreement nationals, including their spouses or persons with whom they have a cohabitation agreement, as well as their minor children. 2- Permanent residents from (Albania, Andorra, Armenia, Azerbaijan, Australia, Bahrain , Belarus , Bosnia & Herzegovina, Brunei, Canada , China , Israel , Japan , Jordan, Kuwait , Lebanon , Kosovo, Moldova, Monaco, Montenegro, New Zealand, North Macedonia , Qatar, San Marino ,

- Passengers, who have only passed through a high-incidence area and have not had a stopover there or who enter Germany only for transit purposes and leave Germany again by the quickest route are exempted from presenting a proof of negative testing. The list of exceptions is not exhaustive. Further exemptions may apply.
- The obligation to fill out a PLF and the local quarantine regulation when returning from a risk area, high risk area or an area of VOC are still valid.
- More information can be found via; <https://b2b.frankfurt-airport.com/en/airlines->

[b2b/coronavirus.html](https://www.b2b/coronavirus.html)

- **PCR/ QUARANTINE:**
- **Effective from 30 March 2021 until 12 May 2021**, **All** passengers - including transit passengers - entering Germany are obliged to show proof of a negative COVID test or a vaccination certificate or a proof of recovery of SARS-COV-2 before boarding the flight (no matter if the country of origin belongs to any risk area of the RKI). The airline is **NOT** allowed to carry passengers without a negative COVID test.
- The passengers have to carry the proof of the negative test when entering Germany as the Federal Police will do checks upon arrival.
- Test certificates have to be presented in either German, English or French. **As of now until the End of April**, proof of a negative test can also be in Spanish. (Concerning the controllability/verifiability of the test evidence, it is required that the test result ("**positivo**" / "**negativo**") and the time of the nasal swab (which has to be taken no more than 48 hours before entry) are clearly indicated.)
- **Effective 13th May 2021 till 30th June 2021**, **The following tests are accepted:**
 - 1- High risk area or Non risk area:**
 - 1A.: Antigen, the sample collection for the test must not be older than **48hrs before entry**.
 - 1B.: PCR or POC-PCR test, the sample collection for the test must not be older than **72hrs before entry**.
 - 2. Area of variants of concern; (Egypt is still categorized as a risk country.)**
 - 2A.: Antigen, the sample collection for the test must not be older than **24hrs before entry**.
 - 2B.: PCR or POC-PCR test, the sample collection for the test must not be older than **72hrs before entry**.
- **Effective 25th June 2021**, Entries of fully vaccinated passengers from countries outside the European Union will be allowed.
 - On all flights to Germany carriers must only transport passengers who have presented proof of negative test for sars-cov-2 or a vaccination certificate or (fully vaccinated) a proof of recovery of sars-cov-2. PAX transiting via a German airport to a third country or a country in the Schengen area are exempted.
 - The accepted Vaccines are (BioNTech / Moderna / AstraZeneca / Janssen).
 - Entry into The Federal Republic of Germany is permitted to all passengers who have resided and last stayed in third countries, provided they are fully vaccinated against Sarscov-2 coronavirus. Persons under 12 years of age who have not yet been vaccinated may enter with proof of testing and accompanied by at least one fully vaccinated parent. Mandatory sars-cov-2

testing does not apply for children younger than 6 years.

- A passenger is considered fully vaccinated under the following conditions:
 - 1- The vaccine must be listed on the website of the Paul-Ehrlich-institute.
 - 2- Passengers must have received all the necessary vaccination doses required for a complete protective vaccination as listed on the website of the Paul-Ehrlich-institute.
 - 3- At least 14 days have elapsed since the last required vaccination, except for recovered persons.
 - 4- Passenger has not stayed in an area of VOC during the last 10 days.
 - 5- Passenger is citizen of a state whose entry requirements are not subject to reciprocity.
- Reciprocity reservations currently exist for the following state: china.
- Passenger must present a digital Covid certificate of the European Union (EU-dcc) or an equivalent proof of vaccination before departure to the carrier. EU-dcc or an equivalent proof of vaccination must be checked by carriers against ID card or equivalent prior boarding.
- The vaccination certificate must contain at least the following information:
 1. Personal data of the vaccinated person (at least surname, first name and date of birth),
 2. Date of vaccination,
 3. Number of vaccination doses,
 4. Name of the vaccine,
 5. Name of the disease against which vaccination was received, and
 6. Characteristics that indicate the person or institution responsible for carrying out the vaccination or issuing the certificate, for example an official symbol or the name of the issuer.
 7. accepted languages of proof of vaccination: German, English, French, Italian or Spanish.
- On all flights to Germany carriers must only transport passengers who have presented proof of negative test for sars-cov-2 or a vaccination certificate or (fully vaccinated) a proof of recovery of sars-cov-2. PAX transiting via a German airport to a third country or a country in the Schengen area are exempted.
- The accepted Vaccines are (BioNTech / Moderna / AstraZeneca / Janssen).
- Entry into The Federal Republic of Germany is permitted to all passengers who have resided and last stayed in third countries, provided they are fully vaccinated against Sarscov-2 coronavirus. Persons under 12 years of age who have not yet been vaccinated may enter if accompanied by at least one fully vaccinated parent. Mandatory sars-cov-2 testing does not apply for children younger than 6 years.

- **Mandatory sars-cov-2 testing does not apply for children younger than six years.**
- Designation of international risk areas, high-incidence areas or areas of VOC: carriers are strongly advised to regularly review the designation list at www.rki.de/covid-19-risikogebiete .
- **In addition to the mentioned quarantine, passengers are required to undergo testing (SARS-COV2) virus no more than 48 hours before or immediately after entry.**
- Those travelers are obliged to go directly to their home or other suitable accommodation immediately after their return and to stay there permanently for a period of 10 days.
- **When returning from High risk areas The obligation to quarantine at home for 10 days is still valid. The quarantine can be shortened after 5 days with a proof of a negative Covid test. With a proof of a vaccination or of recovery there is no need to quarantine. (Children under 12 years the quarantine is obliged but ends automatically after 5 days without having a proof of a negative test)**
- **When returning from Areas of variant of concern VOC, the quarantine obligation 14 days. (There is no option to shorten the quarantine with a proof of vaccination, recovery or negative test.)**
- It is not mandatory to quarantine for the following: Traveling through, border traffic, professional activity / training / study, border commuters, private visits and special professional groups. You can find more details about this at: Further information on exemptions from quarantine regulations can be found at: <https://soziales.hessen.de/gesundheit/corona-hessen/quarantaene-bestimmungen-und-coronatests-fuer-einreisende/neue-regelungen-ab-08112020/ausnahmen-zu-quarantaenebestimmungen-und-coronatests-fuer-einreisende>
- Home quarantine also automatically ends if the area concerned is no longer listed under www.rki.de/risikogebiete (known as de-listing).
- Ending quarantine early when entering from areas of variants of concern is an option in the following two cases:
 - The respective area of variants of concern is downgraded in Germany during the self-isolation period (i.e. it is either classed as a high-incidence area or as a basic risk area). In this case, when the self-isolation period ends depend on the regulations for high-incidence or basic risk areas.
 - For persons who are fully vaccinated with a specific vaccine listed on the Robert Koch Institute's website, self-isolation ends when they submit their proof of vaccination. This is on condition that the Robert Koch Institute has determined (and published on its website) that this vaccine is sufficiently effective against the variant of the virus for which the classification as an area of variants of concern was made.
- Online registration form (PLC - passenger locator card) planned from November 8, 2020
- There is the obligation to inform the health office immediately after arriving from risk countries.

Those travelers have to register online at www.einreiseanmeldung.de

- Use of online procedure and registration is strongly advised, paper-based (PLF) is only accepted as a replacement if electronic registration is out of order or passengers does not have access to electronic registration.
- You can find a sample PLC here in different languages: https://www.rki.de/DE/Content/Infekt/IGV/Aussteigerkarte_Tab.html
- If digital registration is not possible or until the new online registration form is released by the authorities, passengers will still have to fill out the PLC. The current procedures for the PLCs are still valid.
- Paper-based PLC is only accepted as a replacement if electronic registration is out of order or passenger does not have access to electronic registration. On flights from Schengen countries to Germany paper-based PLF must be collected by the aircraft crew and handed over to the competent / health authority at the destination airport in Germany. On flights from non-Schengen countries to Germany paper-based PLF must be kept by passenger and handed over to the federal police / competent authority at the destination airport in Germany during border control checks.
- EgyptAir must name a single point of contact (SPC) for information requests from the health authorities. The contact details of the SPC must be communicated to OEGD-KONTAKT(AT)RKI.DE BY 30.11.2020 at the latest.
- Air carriers must keep the electronically stored booking data of passenger for flights to the federal republic of German available for
- 30 days after the arrival and provide them to the health authorities on request. this applies, in particular, to electronically stored data for identification and contact details of travelers as well as to seating plans
- **The air carrier is obliged to inform the passengers about the new digital entry registration, and to check before the flight if the passengers have registered online. If, in exceptional cases, passenger are not able to fill out the digital registration they have to fill out a replacement registration in paper form. The carrier has to collect this paper form and has to hand it over to the Health Authorities at the first point of arrival in Germany.**
- All passengers will receive an informative flyer with all regulations and their obligation at the passport control immigration.
- Until 12th May 2021, there is an exemptions from the testing requirements and the obligation to provide proof for travelers from Myanmar to Germany.
- Mandatory quarantine of 10 days applies to passengers arriving at Berlin and Brandenburg from

		<p>(high)risk countries, which can be shortened by another negative test 5 days after arrival at the earliest.</p> <p><u>Transfer passengers:</u></p> <ul style="list-style-type: none"> • Pre-departure testing obligation for transfer passengers from non-Schengen via DE to Schengen • Pre-departure testing obligation for transfer passengers from Schengen via DE to Schengen • Pre-departure testing obligation for transfer passengers from Schengen via DE to non-Schengen • The previous specifications for virus variant areas remain unchanged (pre-departure testing obligation for non-Schengen after non-Schengen transfers via DE) • Testing obligation applies to all transfer passengers from non-Schengen to non-Schengen as well (thus, for all transfer passengers via DE). The Federal Police will be informed accordingly. Tests of transfer passengers may still be maximum 48 hours old at entry/arrival in DE, all previous test methods are still allowed. <p><u>Berlin:</u></p> <p>SXF <u>has no transit area</u> – all passengers arriving are subject to German immigration restrictions.</p> <p>Arrival procedure: For arrivals at SXF we will have to comply with regulations of both federal states Berlin & Brandenburg which is mostly similar.</p> <ul style="list-style-type: none"> • All Passengers have to fill-in a health declaration form (1 form per family) which will be collected upon arrival and forwarded to regional health authority - data protection is ensured. <p>• <u>USEFUL INFORMATION:</u></p> <ul style="list-style-type: none"> • Passengers info: www.rki.de/covid-19-bmg-merkblatt entry regulation: www.bundesgesundheitsministerium.de/coronaeinreisevtransport • Ban regulation: www.bundesgesundheitsministerium.de/coronaschv • International risk area, high incidence area and area of virus variant of concern definition: www.rki.de/covid-19-risikogebiete • Online registration: www.einreiseanmeldung.de substitute • Registration form: www.rki.de/covid-19-ersatzmitteilung • Molecular biological tests for sars-cov-2: www.rki.de/covid-19-en • Pre-flight notification federal police: bpolp(at)polizei.bund.de • Single point of contact: oegd-kontakt(at)rki.de
7	<u>CYPRUS</u>	<ul style="list-style-type: none"> • <u>All passengers, regardless of country category, shall be obliged to fill an application on the https://cyprusflightpass.gov.cy/ within 48 hours prior to their departure flight.</u>

- **No passengers will be accepted without Cyprus Flight pass or fines will be imposed on Passenger (300 Euro) also must get approval from immigration before being accepted.**
- **Transit passengers will not be accepted via Larnaca Airport onboard low cost carriers **unless** passengers are in position allow to enter Cyprus with all documents needed as we accept Cypriot and residence (PCR test and Cyprus flight pass).**

- For more details kindly visit web : <https://cyprusflightpass.gov.cy/> under more info Also on [http://www.tourism.gov.cy/tourism/tourism.nsf/All/E7437124AA6947F9C22586C30030A4DB/\\$file/Cyprus_Travel_Protocol_for_Vaccinated_Travelers.pdf?OpenElement](http://www.tourism.gov.cy/tourism/tourism.nsf/All/E7437124AA6947F9C22586C30030A4DB/$file/Cyprus_Travel_Protocol_for_Vaccinated_Travelers.pdf?OpenElement)
- **Effective 9th May till 9th August 2021**, Passengers holding a valid certificate of vaccination against COVID-19 arriving in Cyprus from abroad, regardless of their nationality and country of departure, shall be exempted from the obligation of laboratory testing and self-isolation/quarantine, subject to the following conditions:
 - 1- They hold a valid certificate of vaccination issued by the following states: (EU Member States (including Cyprus) / EEA Member States (Island, Lichtenstein, Norway) / Switzerland / Israel / United Kingdom / Russia / United Arab Emirates / Saudi Arabia / Ukraine / Jordan / Lebanon / **Egypt** / Belarus / Serbia / Qatar / Bahrain / United States of America / Armenia / Georgia /

Canada / Kuwait)

2- They have been vaccinated either with one of the vaccines approved by the European Medicines Agency (Pfizer/BioNTech, AstraZeneca, Moderna, Janssen), or with Sputnik V vaccine and have completed their vaccination scheme. It is noted that for vaccines that are given as 2 doses, passengers should have taken both doses, while for the Janssen vaccine (single dose vaccine) 14 days must elapse between the administration of the vaccine and the date of travel. More information available on: <https://cyprusflightpass.gov.cy/en/vaccinated-passengers> .

- **Countries are categorized into 4 categories:**

- **1- Green Countries:** Australia / Czech Republic / Croatia /Germany / Holy See (Vatican City State) / Hungary / Jordan / Monaco / New Zealand / Poland / Romania / Singapore / Slovakia

- **Passengers from Green countries:**

- Passengers should complete the Cyprus Flight Pass (<https://www.cyprusflightpass.gov.cy>) within 24 hours prior to their departure flight.

- **2- Orange Countries:** Austria / Bahrain / Bulgaria / Bosnia and Herzegovina / China / Canada /Finland / Greece / Hong Kong / Italy Latvia / Liechtenstein / Luxembourg / Macao / Norway / North Macedonia / Qatar / Saudi Arabia / Slovenia .

- **Passengers from Orange countries:**

- Passengers should complete the Cyprus Flight Pass (<https://www.cyprusflightpass.gov.cy>) within 24 hours prior to their departure flight.

- **PCR/ QUARANTINE:**

- **Passengers coming from orange countries are required to undergo a molecular test at a certified lab, with the sample taken during the last 72 hours prior to flight departure, and upload a certificate that demonstrates a negative PCR for COVID-19, on the Cyprus Flight Pass Platform.**

- **Children below the age of 12 are exempted from testing. All travelers will also need to provide certain information and solemn declarations.**

- Passengers falling into the following categories may undergo the molecular examination upon arrival in the Republic of Cyprus the cost will be borne by themselves (30 EURO):

- a) Cypriot citizens and their family members (foreign spouses and children),

- b) Legal residents of the Republic,

- c) persons entitled to enter under the Vienna Convention, (**Diplomatic passports**)

- d) Persons in countries where the authorities duly substantiate and following an announcement by

the Ministry of Health of the Republic of Cyprus, are not in a position to offer Covid-19 testing to those wishing to travel.

3-RedCountries: Albania / Andorra / Armenia / Azerbaijan / Belarus / Belgium / Brunei Darussalam / Denmark / Egypt / Estonia / France / Georgia / Iceland / Ireland / Israel / Japan / Korea, Republic of / Kuwait / Lebanon / Lithuania / Malta / Republic of Moldova, / Montenegro / Netherlands / Portugal / Russian Federation / San Marino / Spain / Sweden / Switzerland / Serbia / Ukraine / United Arab Emirates / United Kingdom / United States

• **PCR/ QUARANTINE:**

- Passengers coming from red countries are required to undergo a molecular test at a certified lab, with the sample taken during the last 72 hours prior to flight departure, and upload a certificate that demonstrates a negative PCR for COVID-19, on the Cyprus Flight Pass Platform.
- They will also need to pay for and undergo a molecular PCR test upon arrival to Cyprus, the cost of which is 30 Euros at Larnaca airport,
- Only children below the age of 12 are exempted from testing.
- **The following persons will be allowed to enter the Republic of Cyprus having undergone a lab test at their own expense, upon entry to the Republic of Cyprus:**
 - a) Cypriot citizens and members of their families (foreign spouses and children)
 - b) Legal residents of the Republic.
 - c) Passengers entitled to enter to the Republic under the Vienna Convention These persons may choose to undergo only one lab test, namely upon their arrival to Cyprus, but must then remain in a status of obligatory self-isolation for three (3) days. On day 4, they need to undergo a second PCR test for Covid-19, again at their own expense. The result of the lab test must be submitted to the electronic address; monada@mphs.moh.gov.cy

4- GREY countries (special permission): The rest of Countries not mentioned in Green, Orange and Red

• **PCR/ QUARANTINE:**

- Passengers coming from Grey countries are required to undergo a molecular test at a certified lab, with the sample taken during the last 72 hours prior to flight departure, and upload a certificate that demonstrates a negative PCR for COVID-19, on the Cyprus Flight Pass Platform.
- In addition, they will remain in a status of obligatory self-isolation / quarantine for fourteen (14) days or a status of obligatory self-isolation / quarantine for ten (10) days, provided they undergo another PCR test for Covid-19 on the 10th day, at their own expense. The result of the lab test must be submitted to the electronic address: monada@mphs.moh.gov.cy.

		<ul style="list-style-type: none"> • <u>Children below the age of 12 are exempted from testing.</u> • Travel from GREY countries, is allowed only for: <ul style="list-style-type: none"> a) Cypriot citizens and their family members (spouses and children) b) Persons legally residing in the Republic of Cyprus c) EU citizens, citizens of European Economic Area (Island, Lichtenstein, Norway) and Switzerland d) Persons allowed to enter the Republic of Cyprus in accordance with the Vienna Convention ((Diplomatic passports)) e) Citizens of third countries, provided they obtain prior special permission from the Republic of Cyprus, (https://cyprusflightpass.gov.cy/en/special.permission). • <u>Note: European Union citizens, citizens of European Economic Area (Island, Lichtenstein, Norway), citizens of Switzerland and citizens of third countries, must undergo a molecular test prior to departure, as stipulated above. The other categories of passengers have the choice of either taking the test prior to their departure or taking it upon entry to the Republic of Cyprus, at their own expense.</u>
8	<u>NETHERLANDS</u>	<ul style="list-style-type: none"> • <u>Effective 08th August 2021</u>, the Dutch government announces that all ‘orange’ colour codes (do not travel unless imperative) will be removed for all countries within the EU, unless a worrisome new variant of the COVID-19 virus is found. <u>Countries within the EU will be issued with a ‘yellow’ or ‘green’ advice instead.</u> <ul style="list-style-type: none"> • <u>For arriving passengers</u>, this results in the following: <ul style="list-style-type: none"> • No more mandatory quarantine within the EU, unless a new worrisome COVID-19 is found. • Proof of negative test result, recovery or vaccination is mandatory for travelling from countries with a ‘yellow’ colour code within the EU. • Proof of negative test result or vaccination is mandatory for travelling from safe areas outside the EU. • Urgent advice to passengers travelling with a negative test result to have themselves tested on day 2 and day 5 after arrival. This is not warranted for vaccinated or recovered passengers. • <u>Time period for validity of negative PCR-test will be 48 hours, time period for rapid-antigen test will be 24 hours, before departure.</u> <p><u>Effective from 23rd December, 00:01 o’ clock local time in the Netherlands;</u></p> <ul style="list-style-type: none"> • All passenger flights departing from South-Africa, all countries within South-America (Argentina, Bolivia, Brazil, Chile, Colombia, Ecuador, French-Guyana, Guyana, Paraguay, Peru, Surinam,

Uruguay and Venezuela), Dominican Republic and Panama with destination Netherlands are prohibited to enter the Netherlands. This flight ban is in effect until April 1 2021, 00:01 hours Dutch local time. Any possible change of this period shall be assessed depending on further developments.

- Notice: as of March 9 2021, 00:01 hours Dutch local time, there is no longer a flight ban in effect for the United Kingdom.
- Effective from 15th May 2021, the Dutch government has issued an update on COVID-19 flight and traveller restrictions. Flight bans for the following countries have been extended until June 1st 2021 0:01 LT (**India** / South-Africa) All countries within South-America (**Argentina** / **Bolivia** / **Brazil** / **Chile** / **Colombia** / **Ecuador** / **French-Guyana** / **Guyana** / **Paraguay** / **Peru** / **Surinam** / **Uruguay** / **Venezuela**).
- Exception: <https://www.government.nl/topics/coronavirus-covid-19/visiting-the-netherlands-from-abroad/dutch-flight-ban-and-docking-ban>
- Safe countries outside the EU/Schengen area (**Australia** / **New Zealand** / **Rwanda** / **Singapore** / **South Korea** / **Thailand** / **China** (mainland China, Hong Kong, Macau). Only if China lifts entry restrictions on European travelers. Travelers from China are not required to present a negative COVID-19 test declaration.
- Israel (as of 15 May 2021).
- **Restrictions for passenger flights will be continued**
- All non-Schengen nationals and non-EU nationals are prohibited to enter the Netherlands by order of the ministry of justice and security.
- **Exempted** from the travel restriction are residents from (Australia, New Zealand, Rwanda, Singapore, South-Korea and Thailand).
- **The following categories of travelers from non-Schengen/non EU/non UK countries not listed above are exempted specific categories of travelers with an essential function or need:**
- healthcare professionals, health researchers, and elderly care Professionals,
- Frontier workers,
- Transport personnel,
- Diplomats, staff of international organizations and people invited by international organizations whose physical presence is required for the well-functioning of these organizations, military personnel and humanitarian aid workers and civil protection personnel in the exercise of their functions,
- Passengers in transit,

	<ul style="list-style-type: none"> • Passengers travelling for imperative family reasons, • seafarers, • Persons in need of international protection or for other humanitarian reasons. • Persons on board of a state flight • Persons in the interest Dutch economy and society , elite athletes and their support staff • Personal in the cultural and creative sectors, journalist and researchers • Partners in a long-distance relationship under certain conditions, for more information HTTPS://WWW.GOVERNMENT.NL/TOPICS/CORONAVIRUS-COVID-19/TACKLING-NEW-CORONAVIRUS-IN-THE-NETHERLANDS/TRAVEL-AND-HOLIDAYS/VISTING-THE-NETHERLANDS-EXMPTIONS-TO-ENTRY-BAN • Urgent advice of <u>10 days self-quarantine applies</u> for passengers from the regions and countries mentioned on HTTPS://WWW.GOVERNMENT.NL/TOPICS/CORONAVIRUS-COVID-19/TACKLING-NEW-CORONAVIRUS-IN-THE-NETHERLANDS/TRAVEL-AND-HOLIDAYS /SELF-QUARNTINE • Be aware current situation health declaration: for all passengers aged 13 years or older travelling to and from the Netherlands a health declaration is mandatory before boarding. • Passenger locator data: the local health authorities may request operators to provide passenger locator data in a very short time (including seat number) for contact tracing. Operators should therefore keep this information for at least 2 weeks after each flight. A passenger locator form drafted in accordance with international standards can be used for this purpose. • Please refer to HTTPS://WWW.GOVERNMENT.NL/TOPICS/AVIATION/DOCUMENTS/PUBLICATIONS/2020/07/07/INFORMATI ON-FOR-PASSENGERS-FLYING-TO-AND-FROM-THE-NETHERLANDS for further instructions. • Netherlands has decided to allow some categories to enter the Netherlands; some of these categories are holding type D visa (long stay visa) and some categories are holding type C visa (short stay visa). Hereunder the list of categories which are allowed to enter the Netherlands for the time being: EU citizens, including UK nationals and members of their families* can travel freely (no specific reasons have to be documented). <u>Non-EU citizens covered by the under mentioned exceptions should travel well documented:</u> <ul style="list-style-type: none"> • Nationals and inhabitants of Norway, Iceland, Switzerland , Monaco, Andorra, San Marino en Vatican city, and their family members if they are traveling or are joining them to Netherland. Check whether they need a visa. • Third-country nationals holding a residence card or a residence permit in accordance with Directive 2003/109/EC (the LTR Directive) and their family if they are traveling or are joining them to
--	---

Netherlands [First check whether they need a visa.](#)

- Third-country nationals who derive their right of residence from other European Directives or from the national law of a Member State and their family members if they are traveling or are joining them to Netherlands. [Check whether they need a visa.](#)
- Holders of a long-stay visa [authorization for temporary stay or 'MVV'](#)
- Holders of a valid residence permit and their family members if they are traveling or are joining them to Netherlands.
- Other third country nationals who have a vital function or need, including:
 - Healthcare personnel; doctors, nurses or researchers;
 - Border workers;
 - Seasonal workers;
 - Persons employed in the transport of goods and other transport personnel, where necessary, including container ships, bulk carriers (e.g. ore or coal), tankers (fuels and chemicals), fisheries, persons employed in the energy sector i.e. oil and gas platforms and wind farms as well as offshore companies providing services to this sector, and flight crew;
 - You are a cross-border commuter.
 - Seafarers in possession of a seaman's book, with the exception of seafarers on commercial and pleasure yachts;
 - Diplomats, or service passport holder in the performance of their duties;
 - Armed forces personnel, in the performance of their duties;
 - Personnel of international and humanitarian organizations;
 - Persons who have imperative reasons to visit their families; these are journeys in exceptional cases.
 - **An exceptional case is visiting a terminally ill family member and attending a funeral. It is intended for first-degree and second-degree family members. Father, mother and children are first-degree and partner, grandchildren, brothers and sisters are second degree.**
 - Visiting a terminally ill family member or attending a funeral. You must be a family member in the first or second degree (as defined in Dutch law).
 - Coming to the Netherlands to be with your legal partner when they give birth. This applies to the father of the child only. If you are not legally married, you must have acknowledged paternity of the unborn child. You must also be able to prove that your

partner is more than 34 weeks pregnant.

- Citizens of non-EU+ countries can transfer to a country outside the EU+ via Amsterdam airport, if they remain in the non-Schengen transit area of the airport and if they have a ticket for a confirmed connecting flight -to an airport outside the Schengen area- that departs within 48 hours upon arrival in Amsterdam.
- Persons in need of international protection; the border procedure applies in full;
- Persons admitted for humanitarian reasons;
- Students; provided that you are in possession of a residence notification letter issued by the IND: "Study".
- Highly skilled migrants: provided that you are in possession of a notification letter issued by the IND for residence as: Highly skilled migrant.
- Long distance relationship (type C visa).

For more information :about Family members of a national of a [European Union \(EU\) country](#)

For more information on lawful residence on regular grounds and lawful residence on asylum grounds, see [the IND's website](#).

Please note: even if you are permitted to travel to the Netherlands because you fall into an exemption category, you may also be required to [self-quarantine for 10 days on arrival](#). This depends on the country you are travelling from

- Very high risk areas; (Argentina / Bangladesh / Bolivia / Brazil / Chile / Colombia / Dominican Republic / Ecuador / French Guiana / Guyana /India /Myanmar /Nepal /Pakistan /Panama/Paraguay /Peru / South Africa /Suriname/United Kingdom /Uruguay /Venezuela)

PCR:

Effective from June 1st 2021, the mandatory antigen test is NO longer needed, EXCEPT for passengers arriving from destinations designated as high risk areas or areas with COVID-19 virus variants.

- All travelers on flights to the Netherlands from a high-risk country outside the EU or Schengen area and to which the flight ban does not apply and/or who are exempted from the EU-entry ban, are required to meet the following conditions:
 1. a valid negative NAAT-test (either MPOCT, NAAT, PCR, RT PCR, LAMP or TMA), no older **than 48 hours** before expected arrival in the Netherlands,
 2. A valid negative NAAT-test declaration (only for travelers from outside the EU/Schengen area),
 3. A health declaration for all passengers aged 13 years or older travelling to and from the

Netherlands.

- Before boarding, airlines shall verify if passengers meet these conditions. If passengers fail to meet these conditions, they shall be refused on the flight and boarding the aircraft.
- The following categories of travelers are exempted from being in possession of:
 - 1) A valid negative NAAT-TEST **no older than 48 hours** before expected arrival in the Netherlands,
 - 2) A valid negative NAAT-test declaration (only for travelers from outside the EU/Schengen area),
 - 3) A negative antigen rapid test, no older than 24 hours before boarding the aircraft heading to the Netherlands.

Exceptions:

- Passengers under the age of 13 years,
- Persons who are travelling on behalf of the minister or state secretary of justice and security. this applies in particular to flights where kmar personnel are accompany a person to or from the Netherlands.
- Travelers with a statement from the ministry of health, welfare and sport in the context of urgent medical transport.
- Travelers who have been tested positive for covid-19 previously, who no longer have covid-19-associated symptoms, are no longer contagious, who continue to test positive for a longer period of time and therefore cannot show a negative covid-19 test result. the following applies to these travelers:
 - a. travelers who have been infected with covid-19 and are therefore unable to submit a negative NAAT test result may still travel if they can show the following documents:
 - i. positive NAAT-test result from a minimum of 2 to a maximum of 8 weeks old;
 - ii. positive NAAT-test result of maximum 72 hours old upon arrival in the Netherlands;
 - iii. Negative rapid test result of maximum 24 hours old before boarding.
 - b. in case of a permanently positive rapid test result, travelling to the Netherlands is allowed if they can show the following documents:
 - i. positive NAAT-test result from a minimum of 2 and a maximum of 8 weeks old;
 - ii. positive NAAT-test result test result of **maximum 48** hours old upon arrival in the Netherlands;
 - iii. Signed doctor's statement of a maximum of **48 hours before** boarding that shows that this traveler is no longer covid-19 contagious.

- Cross-border commuters (including students and school children),
- (Incoming) staff of diplomatic and consular representations or international organizations in the Netherlands - including the members of their official household - and as such (to be) registered with the ministry of foreign affairs,
- Holders of non-Dutch diplomatic passports,
- Holders of Dutch diplomatic passports, if they are travelling in the exercise of their work or whose physical presence is required for work,
- heads of state and members of foreign governments,
- passengers on a direct flight from a non-risk country (who have resided there 10 days previous to the trip) to the Netherlands,
- Passengers on flights from a non-risk country (who have resided there 10 days previous to the trip) which do have a Dutch airport as their destination, who are transferring in a high-risk country and who do not leave the airport during transfer are exempted.
- A. passengers who do leave the airport during transfer, are not exempt from both the NAAT-test as well as the rapid antigen test. The rapid antigen test should at least be taken at the point of departure airport.
- passengers on flights which do not have a Dutch airport as their destination, but are diverted to a Dutch airport due to unforeseen circumstances,
- passengers with a NATO travel order or a nato-2 visum,
- aircrew (crew members or personnel operating passenger or cargo flights or travelling as passengers to or from their departure base), who do not leave the aircraft position (except for safety inspections) during turnaround and continue flying (back) immediately afterwards,
- Individuals who work on oil and gas platforms, offshore wind farms and offshore companies that provide services to the energy sector. This only includes passengers who are flying directly to the Netherlands from an (offshore) platform/wind farm.

Proof of vaccination

- Proof of vaccination is accepted only if it:
- has been issued following vaccination with a vaccine that has been approved by the European Medicines Agency (EMA) or is on the Emergency Use Listing of the World Health Organization (WHO);
- has been issued based on full vaccination. That means that:
- the vaccination schedule consists of a single dose and this single dose has been administered

(Janssen); or

- the vaccination schedule consists of two doses and:
- both doses have been administered, or
- one dose has been administered and it has been confirmed that the person vaccinated had previously been infected with the virus SARS-CoV-2
- has been issued in one of the following languages: (Dutch / English / French / German / Italian / Portuguese / Spanish), includes the following:
- Information identifying the person who has been vaccinated.
- Information demonstrating that the person in question has been fully vaccinated against the virus SARS-CoV-2.
- The name of the vaccine and the name of the manufacturer or marketing authorisation holder of each dose of the vaccine administered.
- The date on which each dose of the vaccine was administered.
- The name of the country in which the vaccine was administered.
- The name of the issuer of the proof of vaccination.
- A signature or stamp of authenticity placed by the issuer.
- Approved vaccines: The following vaccines have been approved by the EMA/WHO: (Pfizer/BioNTech / Astra Zeneca EU / Johnson & Johnson / Moderna / Astra Zeneca-SK Bio / Serum Institute of India (Covishield) / Sinopharm / Sinovac).
- Effective 10th July 2021, the Dutch government will implement a two weeks waiting time that passengers need to abide by before they are eligible to travel using the Digital COVID-19 certificate. Vaccination is presumed to protect after a period of two weeks, hence the waiting period.

THE FOLLOWING CATEGORIES OF TRAVELLERS ARE ONLY EXEMPTED FROM BEING IN POSSESSION OF:

- 1) a valid negative NAAT-test (either MPOCT, NAAT, PCR, RT PCR, lamp or TMA), no older than 72 hours before expected arrival in the Netherlands,
 - 2) a valid negative NAAT-test declaration (only for travelers from outside the EU/Schengen area),
- Seafarers (including cruise ship and ferry crew members), that possess a seamen record book if they are travelling in the exercise of their work or whose physical presence is required for work. The exemption does not apply to seafarers on commercial yachts and pleasure craft.
 - Individuals who work in the goods transport sector, and other essential transport personnel, including lorry drivers and crew members on container ships, bulk carriers (e.g. ore and coal), tankers (fuel and

chemicals), fishing vessels and individuals who work in the energy sector if they are travelling in the performance of their duties or if they travel to or from their work.

- For more information, please refer to:
<https://www.government.nl/topics/coronavirus-covid-19/visiting-the-netherlands-from-abroad/negative-test-result-and-declaration>.

Test report should include Date and time of test: must be maximum 72 hours before arrival in the Netherlands

Health declaration

The Health Declaration form also remains mandatory for all passengers arriving, departing and transiting in The Netherlands, in addition to the covid-19 test declaration.

QUARANTINE:

- **Effective 1st June 2021**, passengers will be quarantined for 5 days if they are traveling to the Netherlands after staying in certain countries. This requirement also applies even if you have been vaccinated.
- After 5 days, upon booking a test appointment and if a NAAT-test shows a negative result, the quarantine ends. Passengers can find all relevant information on the mandatory quarantine in both Dutch and English via the following links:
 - [Quarantaineplicht voor reizigers uit gebied met zeer hoog risico \(verplicht thuisblijven\)](#)
 - [Uitzonderingen op de quarantaineplicht](#)
 - [Mandatory quarantine for travellers from very high-risk areas \(requirement to stay at home or in your accommodation\)](#)
 - [Formulier quarantaineverklaring](#)
- Passengers travelling from all very high risk area's to the Netherlands, are subject to a mandatory 10-day self-quarantine. The quarantine period can be ended if a test, taken by local health authorities (GGD), 5 days after arrival in the Netherlands, shows negative. for more information on mandatory quarantine for passengers from a very high risk area to the Netherlands, please refer to: <https://www.government.nl/topics/coronavirus-covid-19/visiting-the-netherlands-from-abroad/self-quarantine/mandatory-quarantine>
- Very urgent advice of 10 days self-quarantine applies for all passengers travelling to the Netherlands from a high-risk area 3 (not to be mistaken with a very high risk area). The quarantine period can be ended if a test, taken by local health authorities (GGD), 5 days after arrival in the Netherlands, shows negative.
- Home quarantine is no longer required for color code 'orange'.
- for information on exemptions regarding the quarantine measure, please refer to: [114](https://www.government.nl/topics/coronavirus-covid-19/visiting-the-netherlands-from-abroad/self-</div><div data-bbox=)

SARS-CoV-2:

- i. humanitarian forces,
- ii. people who come for work purposes,
- iii. an accompanying person during entry for medical reasons,
- iv. persons who enter the country for the purpose of performing a mandatory court or official duty, such as summoning to court hearings,
- v. Strangers, if they have a photo ID according to § 95 of the Aliens Police Act 2005, Federal Law Gazette I No. 100/2005.

If the medical certificate cannot be presented, a ten-day quarantine must be commenced immediately. If a molecular biological test / antigen test carried out during this time for SARS-CoV-2 is negative, the quarantine is deemed to have ended.

- **Entry from other states and areas**

- a. passengers arriving from one of the following countries AND who have only been to these countries or in Austria within the last 10 days are free to enter Austria (no molecular-biological / Antigen-Test of SARS-CoV-2-test, no quarantine): Australia, Finland, Greece, Iceland, Japan, New Zealand, Norway, Republic Korea, Singapore, Vatican
- b. exceptions apply to the following people, who have to enter a 10-day quarantine, which is considered to have ended if a molecular biological test / antigen test for SARS-CoV-2 is carried out at the earliest on the fifth day after entry and the test result is negative:
 - i. Austrian citizens, EU / EEA citizens and people who live with them in the same household,
 - ii. Swiss citizens and citizens of the United Kingdom as well as persons who live with them in the same household,
 - iii. people with residence or habitual abode in EU / EEA countries or Andorra, Monaco, San Marino, the Vatican, Switzerland or the United Kingdom and people who live with them in the same household,
 - iv. entry in connection with other important events that can be planned in the family circle such as weddings, baptisms, birthday parties or the non-regular visit of the partner,
 - v. foreigners, if they have a visa D issued by Austria or a photo ID according to § 95 of the Aliens Police Act 2005, Federal Law Gazette I No. 100/2005, vi. persons who are entitled to stay in Austria on the basis of a residence permit, a residence title or documentation of the right of residence in accordance with the Settlement and Residence Act, Federal Law Gazette I No. 100/2005, or the Asylum Act 2005, Federal Law Gazette I No. 100/2005 are, vii. members of the staff of diplomatic missions or consular posts and persons who live with them

- in the same household,
- viii. employees of international organizations and people who live with them in the same household,
- ix. humanitarian forces,

This information does not replace legal advice and therefore no legal claims can be based on its use. Printed versions are not being revised, the latest valid legal basis can be found at www.ris.bka.gv.at.

- x. persons who are employed by a domestic regional authority or a domestic corporation under public law and whose place of employment is abroad or whose service is performed abroad, insofar as the activity of this corporation abroad is in the interests of the Republic of Austria,
 - xi. people who come for work purposes,
 - xii. an accompanying person during entry for medical reasons,
 - xiii. people who travel to the country to begin or continue studying or doing research,
 - xiv. people who come to attend school, or
 - xv. people who enter the country for the purpose of performing a mandatory judicial or official obligation, such as summoning to court hearings
- c. exceptions apply to the following persons, although they must present a medical certificate¹ that is not older than 72 hours and confirms that a molecular biological test / antigen test is negative for SARS-CoV-2:
- i. humanitarian forces,
 - ii. people who come for work purposes,
 - iii. an accompanying person during entry for medical reasons,
 - iv. persons who enter the country for the purpose of performing a mandatory court or official duty, such as summoning to court hearings,
 - v. strangers, if they have a photo ID according to § 95 of the Aliens Police Act 2005, Federal Law Gazette I No. 100/2005. If the medical certificate cannot be presented, a ten-day quarantine must be commenced immediately. If a molecular biological test / antigen test carried out during this time for SARS-CoV-2 is negative, the quarantine is deemed to have ended

- **Entry for medical reasons**

- a. The entry of:
 - i. Austrian citizens,
 - ii. persons who are subject to compulsory health insurance in Austria, or
 - iii. persons who have been granted a treatment agreement by an Austrian hospital for medical

reasons that are particularly worthy of consideration, is permitted without restriction if it takes place in Austria for the use of absolutely necessary medical services. Upon entry, a confirmation of the absolute necessity of using a medical service³ must be presented.

b. People with their place of residence or habitual abode in Austria are allowed to re-enter the country without restrictions after having used essential medical services. Upon re-entry, a confirmation of the absolute necessity of using a medical service³ must be presented.

- **General exemptions,**

regardless of where these people come from, apply to (persons neither need molecular-biological test / Antigen-Test of SARS-CoV-2 nor have to start a quarantine):

a. to maintain goods and passenger traffic (crews),

b. exclusively for compelling reasons of animal care or for agricultural and forestry measures in individual cases,

c. in the context of the implementation of a professional transfer trip / a professional transfer flight,

d. in the imperative interest of the Republic of Austria,

e. transit passengers or the transit through Austria without a stopover, which is also the case with only essential interruptions,

f. entry or re-entry as part of the regular commuter traffic for professional purposes, unless they are carers,

g. entry or re-entry as part of regular commuter traffic to participate in school and study operations,

h. entry or re-entry as part of regular commuter traffic for family purposes or to visit a partner,

i. the crew of a repatriation trip / a repatriation flight including the accompanying organs of the public security service,

j. for unforeseeable, urgent reasons that are particularly worthy of consideration in the family circle in individual cases (e.g. serious illnesses, deaths, funerals, births and the care of people in need of support in emergencies)

- exemptions do not release passenger/crew from foreign immigration entry regulations (visa, ...)

QUARANTINE/ PCR:

- Negative PCR test certificate is required not more 72h (PCR / LAMP / TMA) or not more than 48h (Antigen test)

- Passengers arriving to Austria must stay for 10-days home or self-paid quarantine that can be ended if a negative SARS-CoV-2 test is carried out at the earliest on the fifth day after entry and the test result is negative, even if they present medical certificate with negative result (which is not

		<p><u>mandatory).</u></p> <ul style="list-style-type: none"> • <u>Children under the age of 6 are exempted from any obligation to take a molecular biological SARS-CoV-2 test.</u> • Medical or official recovery certificates must confirm an infection that has been overcome in the last six months or proof of neutralizing antibodies that must not be older than three months • <u>Vaccination certificates must meet the following requirements:</u> <ol style="list-style-type: none"> 1- from the 22nd day after the first vaccination, whereby this must not be more than 3 months ago, or 2- second vaccination, whereby the first vaccination must not be more than 9 months ago, or 3- from the 22nd day after vaccination in the case of vaccines for which only one vaccination is planned, whereby this must not be more than 9 months ago, or 4- from the vaccination, provided that at least 21 days before the vaccination, a disease of COVID-19 was confirmed by means of a positive PCR-/LAMP-/TMA-test for SARS-CoV-2 or proof of neutralizing antibodies, whereby the vaccination is no longer may be more than 9 months ago. • <u>Following vaccines are recognized:</u> <ol style="list-style-type: none"> 1- Comirnaty from BioNTech and Pfizer (2 vaccinations) 2- Covid-19 Vaccine Moderna (2 vaccinations) 3- Vaxzevria (formerly COVID-19 Vaccine AstraZeneca®) by AstraZeneca (2 vaccinations) 4- COVID-19 Vaccine Janssen® from Johnson & Johnson / Janssen Pharmaceuticals (1 vaccination) 5- Sinopharm vaccine from Beijing Bio-Institute of Biological Products (2 vaccinations) 6- Sinovac-CoronaVac vaccine, SARS-CoV-2 Vaccine (Vero Cell), Inactivated (2 vaccinations) • <u>As from 25.05.2021, UK</u> is listed in the same category like <u>Brazil, India or South Africa:</u> <ol style="list-style-type: none"> 1- passengers allowed to enter Austria must carry a negative PCR-/LAMP-/TMA-test prior arrival. 2- vaccination/recovery alone not sufficient 3- no Antigen-test accepted 4- test after arrival only possible for Austrian citizens, EU-/EEA-citizens or Swiss citizen, or persons having a place of residence or habitual abode in Austria
10	<u>SWITZERLAND</u>	<p><u>1- Only the following categories are allowed to enter Switzerland:</u></p> <ul style="list-style-type: none"> - Passengers arriving from Schengen Member States; - Nationals or residents of Switzerland or Liechtenstein; - Nationals of EEA Member States; - British nationals; - Family members of nationals of EEA Member States. They must present proof of their relationship; - Family members of British nationals. They must present proof of their relationship;

- Residents of Schengen Member States returning directly via Switzerland to their country of residence;
- Passengers with a D visa issued by Switzerland;
- Passengers with a Schengen C visa issued by Switzerland after 16 March 2020.

2- Passengers are not allowed to transit if arriving from a non-Schengen Member State to another Schengen Member State.

- This does not apply to:

- Nationals of EEA Member States and Switzerland;
- British nationals;
- Family members of nationals of EEA Member States and Switzerland;
- Family members of British nationals;
- Residents of EEA Member States and Switzerland;
- Passengers with a D visa issued by Switzerland;
- Passengers with a Schengen C visa issued by Switzerland after 16 March 2020.

All passengers have to be advised to register via (<https://swissplf.admin.ch/formular>) and present QR Code on arrival.

PCR:

- **Effective from 8th February 2021**, All Passengers travelling to Switzerland (either from a country with a high risk of infection or low risk infection) must be able to show a negative PCR test result **that is no more than 72 hours old.**
- **Effective from 22nd February 2021, Rapid antigen tests** are now also permitted and sufficient as proof of negative testing for entry, but it must not be older than 24h from departure.
- Children under the age of 12 are exempted from the PCR test.
- **Contact tracing extended.**
- If you are not arriving to Switzerland from a country with virus variants of significant concern, the following individuals are **exempted** from testing, quarantine rules, and the completion of entry form:
 - 1- Passengers under 16 years of age.
 - 2- Passengers who can provide proof that they are fully vaccinated with in the last 6 months.
 - 3- Passengers who can provide proof that they were infected with Sars-Cov-2 with in the last 6 months and who have recovered.
- **QUARANTINE: Passengers who have been in Overseas French Polynesia, Austria (Land Salzburg and Land Upper Austria), Andorra, Czechia, Luxemburg and Montenegro in the past 14 days are subject to quarantine for 10 days.**
- **Effective 26th June 2021**, No quarantine required for passengers entering Switzerland from **Egypt.**

11

BELGIUM

Effective 01st June2021,

1- (Non) essential travels are allowed to Belgium for the following persons:

- Persons who have the nationality of an EU- or Schengen Member State
- Third country nationals in possession of a valid residence permit issued by a Schengen State or a valid visa type D (with the exception of persons travelling from a high risk zone, i.e. VOC = Variants of Concern)
- Persons who have their main residence in a third country included on the “white list” (Albania, Australia, Hong Kong, Israel, Japan, Lebanon, Macao, New Zealand, Republic of North-Macedonia, Rwanda, Serbia, Singapore, South Korea, Taiwan, Thailand and USA) ,These persons must still fulfill the entry conditions upon arrival in Belgium.

2. Persons who are not vaccinated

- Non-essential travels to Belgium are still prohibited for person who are not vaccinated & have not the nationality of or their main residence in an EU – or Schengen Member State while (Non) essential travels are allowed to Belgium for the following persons:
- Persons who have not the nationality of or their main residence in an EU – or Schengen Member State AND who are in possession of a “Certificate of vaccination” (fully vaccination/+2 weeks) before arrival in Belgium
- Persons who are visa waived, must not be in possession anymore of an “Essential Travel Certificate – issued by the Belgian embassy/consulate”.

3. It is prohibited for persons who have been on the territory of a country that has been identified as a very high risk zone on the website “info-coronavirus.be” at any time in the past 14 days to travel directly or indirectly to the Belgian territory, insofar as they do not have Belgian nationality or do not have their main residence in Belgium, with the exception of the following authorized essential trips:

- Professional travels of transport personnel, freight and cargo personnel and seafarer workers, provided they have a certificate issued by the employer;
- The travel of diplomats, staff of international organizations and people who are invited by international organizations and whose physical presence is required for the well-functioning of these organizations, in the exercise of their function, provided of an essential travel certificate issued by the diplomatic mission or the Belgian consular post.
- The travels of a spouse/partner or child of a person who has the Belgian nationality or has his main residence in Belgium, provided they live under the same roof
 - Spouse/partner or child must be in possession of an “Essential Travel Certificate – issued by

the Belgian embassy/consulate

■ The de facto partner must have provided plausible evidence of a stable and long term relationship

- People who travel through Belgium to the country of the European Union or Schengen zone of which they are a national or where they have their main residence
- People travelling outside the Schengen zone and the European Union (transit via a high-risk country without leaving the international zone of the airport or transit in Belgium from a high risk country without leaving the airport's extra-Schengen zone)
- persons travelling for compelling humanitarian reasons
 - Persons must be in possession of a “Certificate of compelling humanitarian reasons – issued by the Belgian embassy/consulate – approved by the Aliens Office”.
- PLF is mandatory for travel to Belgium residents & all non-residents in Belgium.

4. Departure to Belgium from a red zone within the EU & outside EU :

- “negative PCR-test result based on a test carried out at the earliest 72 hours prior to departure”, OR “certificate of vaccination”, OR “recovery certificate” is mandatory for travel to Belgium
- Persons who are in possession of a “certificate of vaccination” OR a “negative PCR test result based on a test carried out at the earliest 72 hours prior to departure”, OR “recovery certificate” must not go into quarantine + no test

5. Remarque “Color code of a zone):

- The color code of a zone can always change during your travel <https://www.info-coronavirus.be/en/colour-codes-by-country/>
- **Effective 21st December 2020, the passenger is obligated to carry the proof of submission of the completed **Electronic** Passenger Locator Form (E-PLF) during the entire journey to the final destination in Belgium and the 48 hours following arrival into BRU. If it is impossible to obtain this particular proof, the traveler must carry a copy of the completed the Electronic Passenger Locator Form (E-PLF) during the entire journey to the final destination in Belgium and the following 48 hours.**
- **All Passengers are obliged to (complete / Sign) The **Electronic** Passenger Locator form (PLF) before departure via <https://travel.info-coronavirus.be/>, (PAPER VERSION IS NOT ALLOWED)**
- **Passenger will be denied boarding in case of not completing The Public Health Locator form.**
- **The new E-PLF form is applicable. It can be found via <https://smex-ctp.trendmicro.com:443/wis/clicktime/v1/query?url=https%3a%2f%2ftravel.info%2dcoronavirus.be>**

<https://public.health.passengerlocator.form&umid=11de0703-4710-4106-b97e-5a5249c273fb&auth=e0ea8d76fb0a69b0ed7fc71e0a03902ca1384677-fe22359fe05208cdf191e5813e5574f389bbe781>

- Every passenger, regardless of the nationality, who takes an Extra-Schengen flight to Belgium is obliged to complete this form before departure. The passenger must sign and date the “Public Health Passenger Locator Form”.
- If a passenger did not complete the "Public Health Passenger Locator Form" and boarded the plane, the Belgian authorities can **refuse** the access on the Belgian territory.
- **Travelling with a visa type C is allowed**
If a passenger is in possession of a visa type C – issued after 18 March 2020 by the Belgian embassy - the passenger can travel to Belgium. I remind you that a passenger can still be refused to enter the territory, if he/she doesn't fulfill the entry conditions according to Article 3 of the law of 15 December 1980 on access to the territory, the sojourn, the establishment and the removal of foreigners.
- Passengers holding E-Visa will be refused entry, and therefor airline should deny boarding Them
- If a passenger is not in possession of a valid travel document (expired passport, expired identity card, expired visa, expired residence permit ...), **the airline is requested to deny boarding.**
- Passengers will be fined (**up to 250EUR**) if they arrive at Brussels Airport without QR-code (e-PLF) or filled in paper PLF form (back-up). The Local Police Inspectors will perform active checks to ensure that passengers comply with the new regulation.
- It is prohibited for persons who have been on the territory of (Brazil, India or South Africa at any time in the past 14 days to travel directly or indirectly to the Belgian territory, insofar as they do not have Belgian nationality or do not have their main residence in Belgium, with the exception of the following authorized essential trips:
 - o professional travels of transport personnel, freight and cargo personnel and seafarer workers, provided they have a certificate issued by the employer;
 - o the travel of diplomats, staff of international organizations and people who are invited by international organizations and whose physical presence is required for the well-functioning of these organizations, in the exercise of their function, provided of an essential travel certificate issued by the diplomatic mission or the Belgian consular post.
- **PCR:**
- All non-residents in Belgium, from the age of **12 years**, arriving on Belgian territory, coming from a **red zone** must have a negative PCR-test result based on a test carried out at the earliest **72 hours**

prior to departure.

- All persons, coming from **a green or orange zone**, no testing nor quarantine is needed
- (countries color zones can be found via: <https://www.info-coronavirus.be/en/colour-codes-by-country/>)
- The document can be in paper format or in electronic format but must be consultable immediately.
- The document must be in English, German, French or Dutch.
- As passenger passes the Belgian border control, he needs to have a negative PCR test.
- Travelers who only transit by air and who remain exclusively in the transit zone without entering Belgian territory as far as the travelers are not required to have a negative PCR test result to continue their journey.

“Certificate of vaccination”:

- “European certificate of vaccination”: A person who is in possession of a valid digital corona certificate can travel freely within the Member States of the European Union. However, some countries may always impose additional conditions.
- “Certificate of vaccination third country”: a person must be fully vaccinated (+2 weeks) with a vaccine recognized by Europe At this moment, there is no “Certificate of vaccination – issued by a third country – approved by Europe
- A CERTIFICATE OF VACCINATION ISN T VALID
- (RT.LAMP / RAPID ANTIGENIC TESTS / SEROLOGICAL TESTS) ARE **NOT** ACCEPTED
- From/to red zone, the digital EU Covid certificate can be used without further measures as testing or quarantine.
 - on the condition that a corona certificate provides evidence that:
 - 1- One has been vaccinated (‘vaccination certificate’),
 - 2- One has taken a negative PCR test less than 72 hours before departure (‘test certificate’),
 - 3- Or one has antibodies because one has been through the illness (‘recovery certificate’).
- Belgium determines the conditions for those who enter our country, including those who return from a trip.
- Belgium states to have two vaccine shots before entry (foreigners and citizens), and that at least 2 weeks ago.
- If not yet vaccinated, demonstrate a negative PCR test: taken on arrival, the day after arrival or in the country where you will spend your holiday (less than 72 hours before your return journey).
- If not yet received an invitation to a vaccination or are not yet fully vaccinated, two free PCR test will

		<p>be provided. (Children are to be tested as of 12 years).</p> <ul style="list-style-type: none"> • <u>QUARANTINE: 7 days quarantine is obliged in Belgium.</u> • On arrival in Belgium from a <u>red zone</u>, a quarantine and a test on <u>day 1</u> and on <u>day 7</u> of this quarantine are mandatory for residents in Belgium. • Passengers arriving from green and orange zone, no testing nor quarantine is needed • Visitors who are staying in Belgium for less than 48 hours or who have been in a red zone abroad for less than 48 hours will not be asked to have themselves tested or to go into quarantine. • On arrival in Belgium from a red zone, a quarantine and a test on day 7 of this quarantine are mandatory for non-residents in Belgium. Passengers will receive a text message on their arrival, allowing them to get a test at a test center.
12	<u>DENMARK</u>	<ul style="list-style-type: none"> • Danish citizens are always permitted entry into Denmark. • <u>All nationalities include EU nationalities are NOT allowed to enter Denmark except for a worthy purpose as mentioned before or for returning to their country of residence</u> <u>Worthy purposes include, but are not limited to:</u> • Persons residing or working in Denmark, including self-employed entrepreneurs performing work in Denmark. • Persons with a valid work permit, including persons who have not yet utilized their work permit and whose entry is for the purpose of working in Denmark. • Persons commissioned to deliver goods or services to/in Denmark or to transport goods out of Denmark. • Persons who enter for the purpose of exercising visitation rights with minors in Denmark. • Persons who serve as the primary caregiver for minors residing in Denmark (e.g. foster parents). • Visiting seriously ill or dying family members in Denmark. • Participation in an ongoing course of treatment administered by the Danish health authorities. • Attending a funeral in Denmark. • Participation in court proceedings in Denmark. • Students enrolled in a Danish educational institution, to the extent that the educational institution is not closed (and no remote learning options are offered). • Seamen disembarking or embarking in Denmark in connection with a crew change. • Diplomats, offshore workers or other groups of persons mentioned in the Schengen Borders. • Persons wishing to enter Denmark can – according to the specific circumstances – be asked at the Danish border control to present documentation for the worthy purpose.

		<ul style="list-style-type: none"> • Further information is available at www.coronasmitte.dk • Danish Ministry of Transport has lifted the ban on passenger flights from the United Arab Emirates (UAE) to Denmark with effect from 7 February 2021 at 00.00 hs. At the same time the ban on accepting tests taken in the United Arab Emirates (UAE) has been lifted, i.e. tests taken in the UAE can be accepted from 7 February 2021. • PCR: No COVID 19 TEST required any more for all passengers (all nationalities) travelling to Denmaek from all destinantions
13	<u>HUNGARY</u>	<p><u>Effective from 20/01/2021 till 23th August 2021,</u></p> <ul style="list-style-type: none"> • Hungarian citizens are allowed to enter Hungary, <u>however 10 days quarantine is mandatory, which can be released after two negative PCR test 48 hours apart,</u> which needs to be taken within the territory of Hungary. Foreign nationals can only enter for affiliated business purposes, diplomatic or military visits. • Arrival entry at Hungarian airports is allowed only for Hungarian citizens. • Citizens with permanent residence permit in Hungary and their family members. • Citizens with any residence permit issued by the Hungarian immigration authority with a longer validity than 90 days. • Citizens providing satisfactory proof that they have undergone covid-19 infection within six months prior to entry. • COVID-19 infection within six months prior to entry. • Passengers in transit are allowed to enter in case of negative health screening at entry, if they are able to certify the purpose and destination of their travel and their entry into a neighboring country of Hungary on their way to their final destination is ensured. • Passengers arriving for cultural or sport events in Hungary are allowed to enter with a ticket of the event provided that they have one negative sars-cov2 PCR test results within 3 days before entry certified by a document in Hungarian or English. • Citizens of EU, EEA, EU candidate states, Great Britain and Northern Ireland and citizens with residence permit in these countries with longer validity than 90 days are allowed to enter doing business or economic activities in Hungary and this can be proved at entry. • These passengers arriving for business or economic activities are exempted from health screening and quarantine. • Special quarantine measures apply for passengers for cultural or sport events. • Any other individual exemption requires prior permission.

- Everybody entering Hungary may be subject to health screening and quarantined.)

- All persons (including Hong Kong Permanent Resident) who have transited or stayed in South Africa or the United Kingdom (UK) for more than two hours in the past 21 days will NOT be permitted to enter Hong Kong.

- Any Passenger who, on the day on which the passenger boarded a specified aircraft, or during the 21 days before that day, has stayed in a specified place outside China, have to undergo **compulsory quarantine for 21 days in designated quarantine hotels** (no home quarantine allowed even for HK Permanent Residents). Passenger must provide confirmation in English or Chinese of room reservation, at time of check-in, from one of the designated quarantine hotels in Hong Kong for not less than 21 days starting on the day of the arrival in Hong Kong (HKG Designated Hotel list: <https://www.coronavirus.gov.hk/eng/designated-hotel.html>).
- Passengers who are ending their journey in Hong Kong and have visited or transited through (Bangladesh, Belgium, Canada, Ecuador, Ethiopia, France, Germany, India, Indonesia, Kazakhstan, Nepal, Pakistan, the Philippines, Romania, Russia, South Africa, Turkey, the United Kingdom, the United States or Ukraine) in the 21 days prior to arriving will be required to show the following documents:
 - 1- A test report issued by a laboratory or healthcare institution that contains the passenger's name identical to that in his/her valid travel document to show that:
 - they have undertaken a nucleic acid test for COVID-19;
 - the sample for the test was taken within 72 hours of the scheduled time of departure of the flight to Hong Kong
 - *If there is a schedule change or flight cancellation, passengers are responsible for ensuring that their **COVID-19 test meets the 72-hour requirement based on the new flight departure time.**
 - the result of the test for COVID-19 was negative
 - The test report must be written in either English or Chinese and can be presented in paper or electronic format.
 - *The NHS (National Health Service) test report from the United Kingdom does not meet the Hong Kong entry requirements and will not be accepted.
 - If the test report above is not in English or Chinese or does not contain all the above mentioned information, it is acceptable to present a written confirmation, in English or Chinese, issued by the laboratory or healthcare institution that contains the following information:
 - *the name of the passenger (this must be identical to the name in his/her valid travel document);
 - * they underwent a nucleic acid test for COVID-19,
 - * the sample for the test was taken within 72 hours before the scheduled time of departure of

the flight to Hong Kong; and

* the result of the test for COVID-19 was negative.

* This written confirmation must be presented with the test report.

2- Documentary proof (in English or Chinese) to show that the laboratory or healthcare institution is ISO 15189 accredited or is recognised or approved by the relevant authority of the government of the place in which the laboratory or healthcare institution is located.

- This can be in the form of a copy of ‘Certificate of Accreditation’, ‘Certificate of Compliance’, or information printed out from an official government website
- All passengers are required to fill in an Electronic Health & Quarantine Declaration Form online and scan QR code before entering Hong Kong. (The scanned QR code is valid for 48 hours)
- Effective from 0.00am 23rd January 2021, all passengers who have stayed in (**Brazil / Ireland / South Africa / United Kingdom**) for **more than two hours** on the day of boarding or during the 21 days before that day will not be allowed to board for Hong Kong. (If the passenger stayed less than 2 hours he / she must Present a negative result proof of a nucleic acid test for COVID-19 conducted within 72 hours before the scheduled time of departure of the aircraft; and Present confirmation of room reservation for 21 nights in a designated quarantine hotel)

PCR AND IGM Anti-Body Test

- **From the flight operating on 8 Jan 2021 (including the flight for 3U on 8 Jan from CAI to CTU)**, all Chinese and foreign passengers who are traveling **from Egypt to China** will be required to take ‘the Cross Double Test’ (Double negative nucleic acid test and the IgM anti-body tests in TWO medical institutions) in the institutions from below list **within 24 hours**. And then apply for a **green health code with the ‘HS’ mark or a digital certified health declaration form with above negative tests certificates from BOTH TWO medical institutions.**
- The latest list as below:
 - 1- Central Public Health Laboratories (19 El-Shaikh Rihan, Ad Dawawin, Abdeen, Cairo Governorate).

- a person whose application for permanent residence was approved under the Immigration and Refugee Protection Act, and who received written notice of the approval before noon, Eastern Daylight Time on March 18, 2020, but who has not yet become a permanent resident under that Act;
- a worker in the marine transportation sector who is essential for the movement of goods by vessel, as defined in section 2 of the Canada Shipping Act, 2001 and who seeks to enter Canada for the purpose of performing their duties in that sector;
- a person who seeks to enter Canada to take up post as a diplomat, consular officer, representative or official of a country other than Canada, of the United Nations or any of its agencies or of any intergovernmental organization of which Canada is a member, and the immediate family members of that person;
- a person who arrives at a Canadian airport aboard a commercial passenger conveyance and who is transiting to a country other than Canada and remains in a sterile transit area within the meaning of

section 2 of the Immigration and Refugee Protection Regulations;

- a person who seeks to enter Canada on board a vessel, as defined in section 2 of the Canada Shipping Act, 2001, that is engaged in research and that is operated by or under the authority of the Government of Canada or at its request or operated by a provincial government, a local authority or a government, council or other entity authorized to act on behalf of an Indigenous group.
- A person whose application for permanent residence in Canada was approved, but has not yet become a permanent resident;
- Passengers holding a valid IM-1 visa and a confirmation of Permanent Residence (CoPR) is exempt from the travel restrictions to Canada. The criteria that the application must have been approved on or before March 18, 2020 has been removed.
- Final decision of accepting passengers onboard is subjected to the approval of the Canadian Border Service Agency.
- All passengers travelling to Canada are required to download (Arrive CAN) application to provide specific information upon entry into Canada, including providing an appropriate 14 day quarantine plan, contact information, and updates on symptoms through self-assessment.(within 48 hours before arriving in Canada)
- Air operators are to deny boarding to those eligible United States citizens or permanent residents that are coming to Canada for discretionary travel that have not uploaded their proof of vaccination in ArriveCAN, if they do not meet an exemption (e.g., the transition period is over).
- **Traveler responsibilities:**
- www.canada.ca/en/public-health/services/diseases/2019-novel-coronavirus-infection/latest-travel-health-advice/mandatory-hotel-stay-air-travellers/traveller-expectations-hotel-stay.html
- www.canada.ca/fr/sante-publique/services/maladies/2019-nouveau-coronavirus/derniers-conseils-sante-voyageurs/sejour-hotel-obligatoire-voyageurs-avion/attentes-voyageurs-sejour-hotel.html
- Currently, only individuals whose application for permanent residence in Canada was approved, and who have received written notice of that approval **before March 18, 2020**, (but have not yet become a Permanent Resident) are allowed to enter Canada under section 58 of the Quarantine Act.
- If the individual received written notice of approval **after March 18, 2020**, they are not yet permitted to enter Canada under section 58 of the Quarantine Act. Their notice of approval will explicitly state that, due to COVID-19 travel restrictions, they should not travel to Canada at this time to become a Permanent Resident.
- Effective 20th May 2021, international commercial air flights from India and Pakistan are prohibited.

- Passenger has originated in India or Pakistan and (has / hasn't) a negative COVID-19 pre-departure molecular test performed in their country of origin (India or Pakistan) or from a third country are **NOT** allowed to board aircraft.
- Negative PCRs issued in India are not acceptable for travelling to Canada.
- The Government of Canada has exempted the Government of Canada employee who is currently posted or on temporary assignment in India and their spouse/dependents, embarking on a flight to one of the following airports in Canada and allows them to travel with PCR issued in India: (Toronto Pearson International Airport / Montreal-Trudeau International Airport / Calgary International Airport / Vancouver International Airport)
- **QUARANTINE:**
- **None vaccinated** passengers will be required to undergo **14 days home quarantine upon arrival**
- Prior to boarding, the passenger will be required (unless exempt) to provide evidence of a pre-paid accommodation at a government approved hotel for 3 nights, beginning on the day that they enter Canada. In the case that they are not required to have a pre-paid hotel booking, they are to provide their contact information. If the passenger fails to comply with this requirement, they may be liable to a fine.
- At the same time on February 22, 2021, all passengers will be required to submit their travel and contact information, including a suitable quarantine plan, electronically via **ArriveCAN** before boarding a flight.
- **All travelers entering Canada are subject to 14 day quarantine upon arrival. This does not apply to medical or cargo personnel on essential movements.**
- **Effective 05th July 2021 at 11:59 p.m. EDT**, fully vaccinated travellers who are permitted to enter Canada will NOT be subject to the federal requirement to quarantine or take a COVID-19 test on day-8. In addition, fully vaccinated travellers arriving by air will NOT be required to stay at a government-authorized hotel.
- To be considered fully vaccinated, a traveller must have received the full series of a vaccine — or combination of vaccines — accepted by the Government of Canada at least 14 days prior to entering Canada. Currently, those vaccines are manufactured by Pfizer, Moderna, AstraZeneca/COVISHIELD, and Janssen (Johnson & Johnson). Travellers can receive their vaccine in any country, and must provide documentation supporting their vaccination in English, French or with a certified translation.
- Fully vaccinated they still need to be in possession of a valid PCR prior to departure to Canada. Fully vaccinated passengers will be only exempted from the hotel requirements, quarantine

requirements and the 2nd test (8 day test) upon arrival.

- All passengers must provide evidence of their vaccination status and related information, through ArriveCAN, before or when entering Canada, unless exempt. Passengers who are required to provide this information, and fail to comply, may face a fine. Note: passengers are not to be denied boarding if they have not provided their vaccination status; this will be managed upon arrival in Canada.
- For more information please visit: <https://travel.gc.ca/travel-covid/travel-restrictions/covid-vaccinated-travellers-entering-canada#determine-fully>

PCR:

- **Effective from 22nd February 2021**, all passengers (**with some exceptions**), will be required to Take a COVID-19 molecular test when they arrive Canada before exiting the airport (While waiting for their test results, passengers will be required to quarantine, at their own costs in a Government of Canada-approved hotel for up to three nights), and another toward the end of their 14-day quarantine period.
- **Effective January 7, 2021**, at 12:01 a.m. EST, All passengers **five years of age or older** will be required to present evidence of an acceptable negative molecular COVID-19 test result, (which includes a PCR or RT-LAMP test) **within 72 hours prior to the traveler's scheduled departure to Canada** (72 hours from Collection till the Schedule departure of the last direct departing flight to Canada).
- A negative laboratory test result must be presented before boarding (paper or electronic proof of result).
- The test result must indicate; (passenger's name and date of birth / name and address of the lab/facility that administered the test / the date on which the test was conducted / the method of test conducted, and that it is a PCR test /as negative) as The name on the result matches the name on the passenger's identification.
- **Acceptable COVID-19 Molecular tests**

The following test methods are considered acceptable molecular tests: (Polymerase chain reaction (PCR) / Real time PCR (RT-PCR) / Quantitative PCR (Q-PCR) / CT (cycle threshold) / Droplet digital PCR or digital droplet PCR (DD-PCR) / Isothermal amplification / Reverse transcription loop-mediated isothermal amplification (RT-LAMP) / CRISPR / Next generational sequencing (NGS) or whole genome sequencing (WGS) / Sequencing, Sanger Sequencing / RNA (Ribonucleic acid) / Nucleic acid technology or test (NAT) / Nucleic acid amplification / Multiplex / Assignment CID 2 / Gene / Corman assay / N gene / Orf1a/b / S gene / E gene).

- **Exceptions from PCR negative test:**

Minors

- A person who is less than five years of age

Crew Members

- A crew member as defined in subsection 101.01(1) of the Canadian Aviation Regulations or a person who enters Canada only to become such a crew member;

- A person who is re-entering Canada after having left to participate in mandatory training in relation to the operation of a conveyance and who is required by their employer to return to work as a crew member on a conveyance within the 14-day period that begins on the day on which they return to Canada.
- A member of an air crew of a visiting force, as defined in section 2 of the Visiting Forces Act, who enters Canada for the purpose of performing mission essential duties as a member of that force

Emergency Service Providers

- A person who is permitted to work in Canada as a provider of emergency services under paragraph 186(t) of the Immigration and Refugee Protection Regulations and who enters Canada for the purpose of providing those services
- An emergency service provider, including a firefighter, peace officer or paramedic, who returns to Canada after providing emergency services in a foreign country and who is required to provide their services within the 14-day period that begins on the day on which they enter Canada

Government Officials

- An official of the Government of Canada or a foreign government, including a border services officer, immigration enforcement officer, law enforcement officer or correctional officer, who is escorting an individual entering or leaving Canada pursuant to a legal process such as an international transfer of an offender or deportation or extradition of a person
- An official of the Government of Canada, the government of a province or a foreign government, including a border services officer, immigration enforcement officer, law enforcement officer or correctional officer, who enters Canada for the purposes of border, immigration or law enforcement, or national security activities, that support active investigations, ensure the continuity of enforcement operations or activities, or enable the transfer of information or evidence pursuant to or in support of a legal process
- A member of the Canadian Forces, who enters Canada for the purpose of performing their duties as a member of those forces

Essential Service Providers

- A person or any member of a class of persons who, as determined by the Chief Public Health Officer, will provide an essential service, if the person complies with any conditions imposed on them by the Chief Public Health Officer to minimize the risk of introduction or spread of COVID-19
- o An asymptomatic Canadian Citizen, permanent resident, or person with status under the Indian Act accompanying an individual seeking medical care pursuant to Schedule 1, Table 1 if the individual is either:
 - An asymptomatic or symptomatic minor child or dependent child; or
 - An asymptomatic person requiring assistance in accessing the essential medical services or treatments.
- o If the urgency of the medical situation does not permit a COVID-19 molecular test to be administered before boarding the aircraft for the flight to Canada, an asymptomatic person accompanying an individual entering by a medical evacuation flight for medical purposes pursuant to Schedule 1, Table 1 when the individual is either:
 - An asymptomatic or symptomatic minor child or dependent child; or
 - An asymptomatic person requiring assistance in accessing the essential medical services or treatments.

Pre-Adjudicated Cases

- A person or any member of a class of persons whose presence in Canada, as determined by the Minister of Health, is in the national interest, if the person complies with any conditions imposed on them by the Minister to minimize the risk of introduction or spread of COVID-19
- A person who returns to Canada after suffering hardship in a foreign country, as determined by the Minister of Foreign Affairs, if the person complies with any conditions imposed on them by the Minister of Foreign Affairs and developed in consultation with the Minister of Health to minimize the risk of introduction or spread of COVID-19
- A person who will, as determined by the Minister of Transport, respond to, investigate or prevent significant disruptions to the effective continued operation of the national transportation system, transportation undertakings or infrastructure, if the person complies with any conditions imposed on them by the Minister of Transport and developed in consultation with the Minister of Health to minimize the risk of introduction or spread of COVID-19
- A person who, as determined by the Minister of Public Safety and Emergency Preparedness, will respond to, investigate or prevent events related to national security, if the person complies with any conditions imposed on them by the Minister of Public Safety and Emergency Preparedness and developed in consultation with the Minister of Health to minimize the risk of introduction or spread of COVID-19
- A person who enters Canada by aircraft and who is not required under the *Aeronautics Act* to provide the

evidence referred to in subsection 2.2(1)

MedEvac Flight

- Any person who boarded a medical evacuation flight for medical purposes, if the urgency of the medical situation does not permit a COVID-19 molecular test to be administered to the person before boarding the aircraft for the flight to Canada

Claims for Refugee Protection

- A person referred to in subsection 5(1) or (2) of the Minimizing the Risk of Exposure to COVID-19 in Canada Order (Prohibition of Entry into Canada from the United States) who made a claim for refugee protection when entering Canada from the United States

Essential medical services or treatments

- A Canadian citizen, permanent resident, temporary resident, protected person or person registered as an Indian under the Indian Act who resides in Canada and who received essential medical services or treatments in a foreign country, if the person has
 - (a) written evidence from a licensed health care practitioner in Canada who indicated that the medical services or treatments outside Canada are essential, unless the services or treatments are for primary or emergency medical services under an agreement with another jurisdiction; and
 - (b) written evidence from a licensed health care practitioner in the foreign country who indicated that the services or treatments were provided in that country

Denied entry into a foreign country

- A Canadian citizen, permanent resident, temporary resident, protected person or person registered as an Indian under the Indian Act who resides in Canada, who has been denied entry in a foreign country and who must board a flight destined to Canada

In-Transit

- A person who plans to arrive at a Canadian airport aboard an aircraft in order to transit to a country other than Canada and to remain in a sterile transit area, as defined in section 2 of the Immigration and Refugee Protection Regulations, until they leave Canada.

Cross-border worker

- A person who must enter Canada regularly to go to their normal place of employment or to return from their normal place of employment in another country, if they do not directly care for persons 65 years of age or older within the 14-day period that begins on the day on which the person enters Canada.

Effective 9 August 2021:

- Fully vaccinated citizens and permanent residents of the U.S., currently residing in the U.S., will be

permitted to enter Canada for discretionary (non-essential) travel.(all of the required information in ArriveCAN must be done before boarding their flight to Canada)

- Other key new measures:
- Eliminating the 3-night government-authorized hotel stay requirement for all air travelers.
- Implementing a surveillance randomized testing regime for fully vaccinated travelers who qualify for entry to Canada at select airports and land border crossings across Canada.
- Allowing individuals who have recovered from COVID-19, but who continue to test positive, to present a positive COVID-19 molecular test result on a specimen taken 14 to 180 days prior to arrival in Canada as part of the pre-entry test requirements.
- Upon arrival in Canada unvaccinated or partially vaccinated All passengers are required to undergo a molecular COVID-19 test (e.g., a PCR or RT-LAMP test) on day-1 and day-8 following their arrival. For a list of tests that are considered molecular tests, please consult the “Accepted Types of Tests” section that can be found on the following webpage: <https://travel.gc.ca/travel-covid/travel-restrictions/flying/covid-19-testing-travellers-coming-into-canada>. Those who are fully vaccinated will be subject to mandatory random arrival testing, meaning only those passengers who were randomly selected will be subject to an arrival test on day1.
- Once the test has been administered, all passengers are free to leave the airport but unvaccinated or partially vaccinated passengers are required to quarantine for 14 days. Fully vaccinated passengers are not required to quarantine.

Effective Monday 1st February 2021 at 12:00(L),

- All arriving international and transborder passengers terminating in Toronto and those connecting to other locations within the Province of Ontario (e.g. Passengers flying from London Heathrow to Toronto and then onwards to Ottawa) will be required to **test upon arrival** at Toronto Pearson. Passengers connecting on the same day to other Canadian provinces and territories or international destinations are not required to test.
- According to the airport authorities it is highly recommended that passengers pre – register the mandatory PCR tests upon arrival prior arriving to avoid long queuing time at YYZ airport. Passengers can pre- register via (<https://www.torontopearson.com/en/healthy-airport/covid-19-testing-at-toronto-pearson/arriving-into-canada>)
- Passengers will be tested in the already established testing centers located on the arrivals levels of Terminals 1 and 3.
- Those travelling from **India** via a third country will be required to have a valid negative COVID-19 pre-departure molecular test from a third country before continuing their journey to Canada.

		<p>COVID-19 molecular tests from India are not accepted, In other words, negative tests from India are not valid. Prior positive COVID-19 molecular tests from India remain acceptable provided they are performed on a specimen collected between 14 - 90 days before the aircraft's initial scheduled departure time to Canada</p> <ul style="list-style-type: none"> • Deny boarding if a passenger originated in India and is not in possession of a valid negative COVID-19 molecular test from a third country before continuing their journey to Canada. <p><u>More details concerning country entry restrictions can be found via: https://www.canada.ca/en.html</u> <u>Or https://www.canada.ca/en/public-health/services/diseases/2019-novel-coronavirus-infection/latest-travel-health-advice/mandatory-hotel-stay-air-travellers/list-government-authorized-hotels-booking.html</u> Or https://travel.gc.ca/travel-covid</p>
2	<u>USA</u>	<ul style="list-style-type: none"> • US nationals will be allowed to return after ‘appropriate screening’. Those returning from China’s Hubei province are subject to a mandatory 14-day quarantine. • <u>Entry is suspended</u> for (non-US nationals/ and citizens holding US passports / Lawful permanent residents of US holding permanent resident card or letter of Parole) who have been to the following regions in the preceding 14 days: Brazil, Mainland China, Iran, Ireland, the Schengen Area of Europe (Austria, Belgium, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland Italy, Latvia, Liechtenstein, Lithuania, Luxembourg, Malta, the Netherlands, Norway, Poland, Portugal, Slovakia, Slovenia, Spain, Sweden and Switzerland), South Africa, India and the United Kingdom. (<u>Transit passengers are included</u>). <u>The above mentioned instruction doesn't apply to the following:</u> <ol style="list-style-type: none"> 1- Noncitizen who is spouse of a US citizen or lawful permanent residents. 2- Noncitizen who is the parent or legal guardian of a US citizen or lawful permanent residents provided that the US citizen or lawful permanent residents is unmarried and under 21. 3- Noncitizen who is the sibling of a US citizen or lawful permanent residents. 4- Noncitizen who is the child, foster child or ward of a US citizen or lawful permanent residents or who is a prospective adoptee who is seeking to enter USA pursuant to the IR-4 or IH-4 visa classifications. 5- Noncitizen traveling at the invitation of the US Government for a purpose related to containment or mitigation of the virus. • Permanent residents of the US, immediate family members of US citizens and travelers on A-1, A-2, C-2, C-3, E-1, G-1, G-2, G-3, G-4, NATO-1 through NATO-4, and NATO-6 visas are exempt from regional restrictions and will be allowed to return. • All international travelers who are permitted to enter should expect heightened screening measures and will be asked to self-quarantine for 14 days after their return.

- Travel between the US and Canada, as well as between the US and Mexico, will remain closed to non-essential travel. "Essential travel may continue"
 - Passengers holding visa type B1 or B2 or any other type of visa:
The restrictions only pertain to B1 / B2 visa holders that have been present in certain countries in the past 14 days. Those countries include China, Iran, EU/Schengen area, UK, Republic of Ireland, and Brazil. So essentially, if those B1B2 visa holders were NOT present in any of those countries during the 14 days prior to travel to the US, there are no restrictions.
 - Passenger holding EU citizen (Schengen area)
Again, the restrictions are on where the passenger is coming from, rather than their citizenship in this case. If they hold EU citizenship but have not been present in China, Iran, UK, Republic of Ireland, Brazil or the Schengen regions in the 14 days prior to travel, then there are no restrictions.
 - Passengers coming from china or Iran
Unless they fall under one of the exemptions, they will be refused entry under the Presidential Proclamations if they are coming directly from either country. The exemptions should be listed on the following website: <https://www.cdc.gov/coronavirus/2019-ncov/travelers>
 - **Temporary Suspension of Dogs Entering the United States from Egypt** Dogs from Egypt may be imported only with CDC's advance written approval, including dogs imported from a third-party country if they lived in the other country for less than 6 months. For more information: CDCCanimalimports@cdc.gov
 - All airlines are required to confirm a **negative COVID-19 test result** and collect a passenger attestation on behalf of the U.S. Centers for Disease Control and Prevention (CDC) for certain passengers on aircraft **departing from the United Kingdom and arriving in the United States.**
 - Effective 4th May 2021, (12:01 am EDT), Non-US citizens/residents who have been in India in the past 14 days are banned from entering the United States. (the suspension of entry does not apply to non-U.S. citizen spouses or unmarried children under the age of 21)
 - Other exceptions include, but are not limited to: foreign diplomats traveling to the United States on A or G visas, and air and sea crew traveling to the United States on C, D, or C1/D visas.
- QUARANTINE: No quarantine is required.**
- PCR:**
- **Effective 26 January 2021,** All passengers travelling to USA must have a negative COVID-19 test (PCR / LAMP) during the **72 Hours** preceding the flight's departure from a foreign country OR Written or electronic documentation of a positive viral test result that confirms the passenger had a previous COVID-19 infection **and** a letter from a licensed health care provider or public health official stating the passenger is cleared to travel (so-called "Documentation of Recovery")

		<ul style="list-style-type: none"> • Test is a nucleic acid amplification test or a viral antigen test • EgyptAir must confirm that each <u>passenger 2 years or older</u> has documentation of a negative test or a Documentation of Recovery. • <u>U.S. Department of Defense (DOD) personnel, which includes military personnel and civilian employees, dependents, contractors (including whole aircraft charter operators), and other U.S. government employees traveling on DOD aircraft or official DOD travel orders are exempt from the requirements of this Order, provided that such individuals are observing DOD testing requirements and recommendations described in DOD’s Force Protection Guidance Supplement 14 – Department of Defense Guidance for Personnel Traveling During the Coronavirus Disease 2019 Pandemic (December 29, 2020) including its testing guidance.</u> • <u>DOD whole aircraft contract charter operators are also exempt from the requirements of CDC’s order when transporting DOD personnel including military personnel and civilian employees, dependents, other US Government employees, and contractors traveling under competent orders and observing DOD precautions.</u> • <u>CDC expects that DOD will determine what is considered “official travel orders” that would meet the requirements of this exemption. CDC recommends that DOD personnel traveling on non-DOD aircraft carry their official travel orders with them and present to air carrier/operator or public health authorities if needed. DOD personnel, including associated personnel who are traveling on non-DOD aircraft and not on official travel orders, remain subject to CDC’s testing order.</u> • Passengers are required to fill in the form via the following link: https://www.cdc.gov/quarantine/pdf/Fillable-Attestation-English-p.pdf • <u>EgyptAir must retain a copy of each passenger attestation for 2 years.</u> • Passengers must retain a copy of their negative test or Documentation of Recovery and present it for inspection at arrival upon request of USG. • <u>Exception is made for: (Airlines transporting passengers with COVID-19 pursuant to CDC authorization / Federal law enforcement personnel on official duty)</u> • <u>The US recommends but does not mandate that international passengers take a post arrival test 3-5 days after arrival as well a 7-day period of staying at home.</u>
3	<u>Brazil</u>	<ul style="list-style-type: none"> • All international passengers must fill in a Traveler’s Health Declaration via; http://formulario.anvisa.gov.br • <u>PCR:</u> • <u>Effective 30th December 2020,</u> • All passengers travelling to Brazil must have a negative RT-PCR certificate within <u>72 Hours</u> from an authorized lab.(in Portuguese, Spanish or English)

- Children under 12 years old are exempted.
- **Unaccompanied** children above 2 and under 12 years old **must** have a negative RT-PCR certificate within **72 Hours** from an authorized lab.

6- AUSTRALIA & NEW ZEALAND

No.	Country	Instructions & Restrictions
1	<u>AUSTRALIA</u>	<ul style="list-style-type: none"> • All travelers are prohibited to enter the country; exception is made for the following: (Australian citizen / permanent resident of Australia / immediate family member of an Australian citizen or permanent resident / New Zealand citizen). • QUARANTINE: mandatory quarantine for 14 days from arrival (passenger may be tested for COVID-19 in the first 48 hours and then between days 10 to 12 of quarantine). • No quarantine required for travellers from New Zealand • More information can be found via: https://covid19.homeaffairs.gov.au/leaving-australia
