Regional Reports

Mainstreaming Ageing in Policy Making in the Kingdom of Saudi Arabia

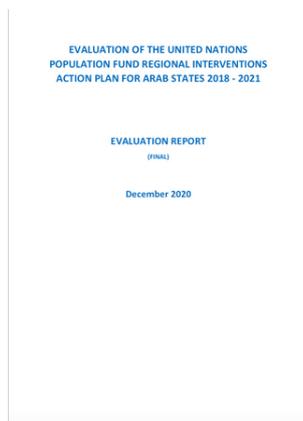

The report focuses on the demographic changes occurring in Saudi Arabia moving towards an ageing population. Consequently, the report makes clear the importance of improving the quality of life of older persons through the relevant services provided to them. It is apparent from the report that it is key to adopt strategies and policies that promote healthy ageing and the inclusion of older persons as seen in the Vision 2030.

تقرير
إدماج قضايا كبار السن في عملية صنع السياسات في المملكة العربية السعودية
ورقة سياسات هرات
11 أيلول/سبتمبر 2021 - 3 أيار/مايو 2021

أولاً - مقدمة

يهدف المجتمع السعودي بحلول عام 2030 إلى تحقيق نمو اقتصادي مستدام، وتحسين نوعية الحياة، وتعزيز التنمية البشرية، وتحقيق أهداف رؤية 2030. ومع ذلك، فإن التحدي يكمن في كيفية دمج قضايا كبار السن في عملية صنع السياسات. هذا التقرير يهدف إلى تقييم مدى إدراج قضايا كبار السن في عملية صنع السياسات في المملكة العربية السعودية، وتحديد المجالات التي تحتاج إلى مزيد من الاهتمام. كما يهدف إلى تقديم توصيات لتحسين الخدمات المقدمة لكبار السن، وتعزيز مشاركتهم في المجتمع، وتحقيق أهداف رؤية 2030.

Evaluation Report

This regional evaluation report reflects on the performance regarding the topic of healthy ageing and other key population related matters. The report provides important lessons learned from different stakeholders on the topic. This information provides future direction on what steps can be taken to ensure healthy ageing using evidence-based knowledge.

COVID-19 and the Rights of Older People in Developing Countries

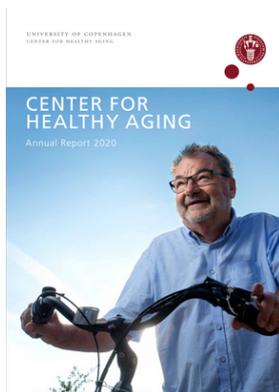

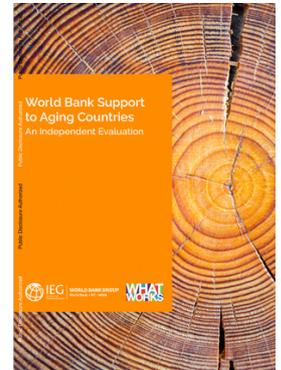

This report sheds light on the impact of COVID-19 on the lives and rights of older persons. It is emphasized in the report that the rights of older persons must be safeguarded during such times to ensure healthy ageing and reduce inequalities in society. The report provides recommendations on the inclusion of the rights of older persons during these times.

International Reports

World Bank Support to Aging Countries

The report discusses the factors that have resulted in population ageing and the needs associated with this ageing. Additionally, the reports reviews how effective the World Bank has been in providing support with regards to this changing demographic. The report also reflects of the importance of incentivizing healthy ageing as a response to the changing demographic.

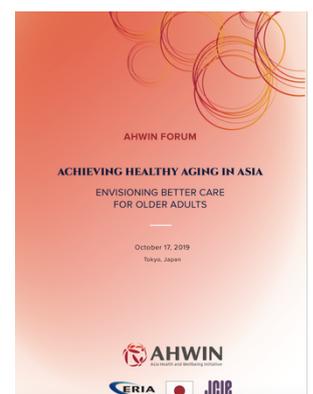

Center For Healthy Aging: Annual Report

The report discusses the impacts of COVID-19 on healthy ageing in Denmark. It becomes clear through the work that social isolation has added an additional strain with regards to healthy ageing, and this strain must be confronted. However, the report provides a reflection on how through working together healthy ageing can be achieved while overcoming the hurdle of COVID-19.

Achieving Healthy Aging in Asia

The report discusses the demographic changes that will occur in Asia by 2050, which will make it home to the majority of the world's population aged 65 or older. Hence, the report looks at encouraging aging-related policies that can prepare the region for this change. These policies and actions should promote healthy ageing and wellbeing amongst older persons.
