

### List of Grants Received/Served by SRC During 2019-2020

<b>SRC Current Grants</b>						
<b>Project title</b>	<b>Lead Researcher</b>	<b>Granting agency</b>	<b>Amount</b>	<b>Start date</b>	<b>End date</b>	
Managing Small Research Grants for Enhancing Egypt Dual Education System	Sherine Shawky Zeinab Khadr	GIZ	EGP 825,339.00	15-Dec-19	30-Apr-20	The grant is for launching and managing a small research and training program (RTP). It will build capacities of researchers to produce high quality research that address the challenges faced in Egypt Dual System of Education. It will also help produce scientifically sound research to guide decision making; This small program aims to contribute to strengthening the links between research and policy making in Egypt Dual System
Dual System Expansion Strategy Study	Ramadan Hamed	GIZ	EGP 608,890.00	10-Dec-19	30-Apr-20	Implement a study that informs an expansion strategy for the dual system for the upcoming five years (2020-2025) considering the currently available and projected resources of the MoETE and the current and projected capacity of public and private companies. This assignment focuses on three main objectives: (1) Conducting a study on the current growing and potential emerging economic sectors, sub-sectors, and relevant occupations on a macro and governorate level (2) Conducting a study on the potential for converting schools (3) Conducting a study on company disengagement from the Dual System

Education 2.0 Research and Documentation Project (RDP)	Linda Herrera	(FCO)	GBP 1,782,789.00	01-Nov-19	30-Apr-22	engage in research, capacity building, and generating and sharing of relevant analysis, evidence and learning. The RPD would also investigate causes for public resistance to parts of the reforms, particularly digital exams at the secondary level which in May 2019, led to wide scale parental complaints, a social media storm, and student demonstrations and arrests. The RDP constitutes a unique opportunity to learn about how to use research in fragile states to support and document policy change in inclusive ways, taking into consideration local voices and perspectives. The Project will undertake research and document sector transformation, establish a Knowledge Management System (KMS), and work towards developing the capacity of the National Center for Research and Development
Health Inequalities in Jordan and their social Determinants: Evidence & Policy Implications	Hoda Rashad, Zeinab Kkadr, Sherin Shawky	WHO Jordan	\$15,000.00	19-أكتوبر-01	19-ديسمبر-31	SRC will produce a report on social determinants of health and multidimensional inequalities in Jordan through analysing the recent data set for "Jordan Population and Family Health Survey 2017-2018". The analysis will build on previous two studies on DHS 2012 supported by WHO/ Jordan and UNFPA/ASRO.

Can Social Protection Empower Women? The Dynamics of Patriarchy. Economic Agency and Policies of Redistribution in Egypt and the Middle East	Hania Sholkamy	London School of Economics (LSE)	GBP 60,984	19-أغسطس-01	21-ديسمبر-31	The proposed project will revisit the gender theory that undergirds social protection programs in general and cash transfers in particular to interrogate the linkages between theory and practice and to inform future program designs and implementation.
Mental Health Leadership Programme for the Eastern Mediterranean Region	Kate Ellis	SRC	\$24,750.00	19-يونيو-01	19-أغسطس-31	The Department of Social Research Center at the American University in Cairo (AUC) in coordination with the WHO (Country office, Egypt and Regional office for the Eastern Mediterranean Region) will deliver a 10 day residential program to both national and international participants. The work envisaged under this agreement will be based on a curriculum developed by a panel of local and international experts with WHO support.
Developing a learning platform of the Eastern Mediterranean region to achieve the health-related Sustainable Development Goals (SDGs)	Hoda Rashad, Laila El Zeiny, Ramadan Hamed	WHO	\$250,000	19-مايو-20	20-أكتوبر-30	Development of a learning platform to facilitate regional learning, sharing of information and policy practices towards achieving the health related Sustainable Development Goals (SDGs). Such a learning platform is envisioned to bring together government, non-government and research organizations across at least three countries, and draw on a diversity of regional experiences, including intersectoral policies and approaches for health, advancing universal health coverage, strengthening the humanitarian-development nexus, and participatory governance.

EBRD-EIB-WBG Enterprise Survey in Egypt	Hoda Rashad Ramadan Hamed	WB	EUR 44,271.00	19-مارس-25	20-يونيو-30	The EBRD-EIB-WBG Enterprise Survey is a joint initiative of the World Bank Group ("WBG"), the European Bank for Reconstruction and Development ("EBRD") and the European Investment Bank ("EIB"). It is a firm-level survey whose objective is to gain an understanding of firms' experience and perception of the environment in which they operate. The EBRD-EIB-WBG Enterprise Survey will include re-visiting previously interviewed establishments, whenever possible, which will promote the expansion of the panel data set. The panel data set allows researchers to track changes in the business environment, to measure the
EBRD-EIB-WBG Enterprise Survey	Ramadan Hamed	WB	\$135,380	19-فبراير-04	19-ديسمبر-31	The EBRD, EIB and WBG will jointly implement the surveys in Egypt. which will be funded and contracted by the World Bank. These surveys are implemented as part of a broader project that includes other economies and contracts not listed here. A total of 2000 interviews are expected to be carried out by means of face-to-face surveys with managers from the private sector under this contract in Egypt.

2019 Implementation of UNFPA FUNDED Workplans Relating to the 2018-2021 UNFPA Global and Regional Interventions	Hoda Rashad, Sherine Shawky, Zeinab Khadr	UNFPA	\$36,535.47	19-فبراير-01	19-ديسمبر-31	In 2019, UNFPA ASRO in partnership with the Social Research Center at the American University in Cairo plans to build on the in-depth analysis of SRH inequities in five Arab countries conducted in 2018 and dig deeper through further in-depth policy analysis identifying specific policy entry points to address SRH inequities. Additionally, in 2019, expert validation and publishing of scientific and policy advocacy tools is planned to disseminate and maximize the benefit from the developed methodology and methods, in addition to dissemination through other appropriate means including UNFPA regional events of relevance.
EGYPT INFORMALITY AND WOMEN ENTREPRENEURSHIP IMPACT EVALUATION (new Ica)	Ramadan Hamed	WB/Min. of Investment	\$55,413.00	18-مايو-17	19-ديسمبر-31	AUC will be preparing a detailed listing of informal enterprises based on World Bank's agreed screening criteria across different parts of Egypt. AUC also will be conducting a baseline survey of approximately 2500 informal entrepreneurs drawing from the listed entrepreneurs with approximately fifty percent of this sample being women informal entrepreneurs

<p>Gender equity model, Egypt: Promoting gender equity in private firms and fighting gender-based violence</p>	<p>Hoda Rashad, Ramadan Hamed</p>	<p>WB</p>	<p>\$99,760.00</p>	<p>17-سبتمبر-01</p>	<p>19-أغسطس-31</p>	<p>The project aims at promoting womens economic empowerment through enhancing gender equality in access to and retaining employment in the schools extends to mapping out the dangers and threats that girls face on a daily basis on their way to schools and work with the schoolsprivate sector. The proposed research will develop the intervention with a focus on preventing gender-based violence [GBV] domestically and in the work-place. Through monitoring and evaluation, the effectiveness of the intervention will be assessed such that eventual expansion of the gender equity model, Egypt [GEME] will be evidence-based</p>
