Introduction

The following list of publications by AUC faculty is the latest in an annual series inaugurated by former Vice Provost Ali Hadi in 2006. Prior to Dr. Hadi’s efforts, there seems to have been just one other list of AUC publications, compiled by I. Moyer Hunsberger during academic year 1982-83. The current list continues to follow the format established by Dr. Hadi in all essential points. The 2012 list is significantly longer than the one for 2011 due to a combination increased faculty productivity and improved reporting, trends that we hope will continue in the years to come.

This is my third and final time as editor of the Faculty Publications List, a time-consuming but rewarding task. I could not have succeeded without the long-term assistance of Tamer Marzouk and Nancy Wadie, whom I now thank in public for their years of quiet efforts behind the scenes. For this year’s list, the same holds true for Dalia Sawy.

Graham Harman
Distinguished University Professor
formerly Associate Provost for Research Administration (2010-2013)
